Ladies' Maid TO Clean and Polish Your Shoes FREE. Always Ready.

Heinrich's ECONOMY STORE, 311 Broad Street.

As to Wet Feet. PROBABLY there is no caution given by a doctor to his patients which is so important or so constantly repeated as the command to a girl not to get her feet wet.

A long train of ills follows upon wet feet, and the health of many a woman has been undermined by neglect of this. With women wet feet are not the result of storms—for then rubbers are worn.

Waterproof Shoes—light as a feather, water-tight as shoes can be made, with an absolutely damp-proof sole. They are a sure safeguard against danger of wet pavements.

See these shoes for yourself, and you will certainly buy a pair. Ladies' Black Cloth Overgaiters, all sizes, Monday, only 10c.

PIG SKIN GRAFTED ON CHILD'S BACK

Crowd Witnesses the Unusual Operation in the Hospital Amphitheatre.

The experimental operation of grafting the skin of a pig on the back of a negro child was performed yesterday afternoon by Dr. Stuart McGuire before his class of students at the University College of Medicine in the amphitheatre of the Virginia Hospital.

The skin from the abdomen of the pig is now closely bound to the raw back of the child, and the surgeons are awaiting the unusual surgical operation would be performed at that time.

The pig, which was a healthy "shoat," weighing about thirty pounds, was first put under the influence of chloroform, but this not causing death promptly, ether was administered and he soon passed away. He was placed on a long white table near the operating table on which the colored child was resting face downward, with the pig's raw wound on her back exposed.

When the wound had been thoroughly cleaned the operation began. The superficial skin from the pig's abdomen, one inch square, and laid overlapping each other, covering the entire wound. When the raw area had been thus covered with the skin, small strips of rubber were laid across the wound, and upon these was placed the gauze, which was closely bandaged to the back.

So the wound will be allowed to remain three or four days, at the expiration of which time the dressing will be removed and the success or failure of the operation will be known. The condition of the surface or wound upon which the pig skin has been grafted, in the opinion of the surgeons, will have much to do with the result if the operation should fail. In this case the surface was not good, as it had been raw for several months, the greater part of which time it was supposed to have become exhausted and lay down and went to sleep.

CLOTHING BURNING ON THE COUNTER

Officer's Good Eye Prevents a Disastrous Down-Town Fire.

A disastrous fire in the business section of the city was narrowly averted last night when the department arrived on the scene in time to throw from the store building No. 110 East Main Street, occupied by M. Levy & Co., a pile of burning rugs and clothing, which had caused a fire from some cause or other where they lay on a counter on the second floor.

The damage was light, the value of the goods destroyed and damaged not exceeding \$5, and the counter on which they were stored, a cheap affair, being only slightly burned. At the time the fire occurred, shortly before 12 o'clock, neither proprietor nor clerk connected with the establishment could be found; Mr. Levy having left for his home in Petersburg on the 11:20 train. The firm of Levy & Co., handling furniture and clothing, has only occupied the building for three months, having moved here from Petersburg. The alarm was turned in from box 31 by Officer Folkes, who noticed the fire from the street, and in an inconspicuously short time engine companies Nos. 2, 3, 4 and 7 and trucks Nos. 1 and 2 were on the scene.

REMAINS OF A WHITE MAN FOUND AT CROSSING IN RICHMOND

Remains of a White Man Found at a Crossing in Richmond. (Special Dispatch to The Times.) GOLDSBORO, N. C., Nov. 8.—The mangled remains of a white man were found at Rose's Crossing yesterday by the crew of the Southern train which left Petersburg for Raleigh and Greensboro. It cannot be learned which train killed him. It might have been the passenger train, which arrives here at 6 o'clock P. M., or it might have been the local freight, which left here at 7 P. M. For some time no one knew who he was but later the man's identity was recognized him (by his clothes only) to be Calve Talton of this city. He boarded the train at Greensboro, and was turning over a bicycle and a banjo to a young man on the train to bring to his home here.

FROM ROCKY MOUNT.

Was Killed by a Fall from a Shifting Engine. (Special Dispatch to The Times.) ROCKY MOUNT, N. C., Nov. 8.—Mr. Jesse Fly, of this place, was killed on the Atlantic Coast Line yesterday morning. In trying to mount the shifting engine his foot slipped and threw him across the track. The engine passed over his body twice before the crew knew he had fallen. His arms were severed from the body, his legs broken and the body horribly mangled. He had been a switchman on the yards about six weeks. He was a worthy young man, of good family, and highly respected.

BARNUM AND BAILEY'S BIG ELEPHANT IS STRANGLED

(By Associated Press.) NEW YORK, Nov. 8.—Mandarin, an elephant of the Barnum & Bailey circus, was executed by strangulation to-night in his cage on the main deck of the steamship Minneapolis, of the Atlantic Transport Line. A two-inch hawser was fastened to the drum of a "wrench" engine. The engines were started at the same time and ran slowly at first until the hawser was about the animal's neck, when the speed was increased and the hawser quickly tightened. In a minute and a half the elephant was dead. The body was hoisted and the elephant was unconscious. Just eight minutes after the engines had started Mandarin was pronounced dead.

West End Team Defeated. The West-End foot-ball team was defeated yesterday by the Petersburg team with a score of 10 to 8. The game was played in Petersburg.

TRIBUTE TO M. YARBROUGH

College Topics Tell How His Deeds Had Moved the Students. College Topics, published at the University of Virginia, prints the following on the recent death of young Rufus Norman Yarbrough of this city.

No death within the memory of the oldest student has so moved college as did that of Rufus Norman Yarbrough, died Friday night. The news spread over the University almost immediately, and every one who heard it felt as though he had lost a friend and general comrade, whose place could not be filled.
