Mrs. Laura L. Barnes, Washington, D. C., Ladies Auxiliary to Burnside Post, No. 4, G. A. R., recommends Lydia E. Pinkham's Vegetable Compound.

"In diseases that come to women only, as a rule, the doctor is called in, sometimes several doctors, but still matters go from bad to worse, but I have never known of a case of female weakness which was not helped when Lydia E. Pinkham's Vegetable Compound was used faithfully. For young women who are subject to headaches, backache, irregular or painful periods, and dizziness, it is due to the severe strain on the system by some organic trouble, and for women of advanced years in the most trying time of life it serves to correct every trouble and restore a healthy action of all organs of the body.

"Lydia E. Pinkham's Vegetable Compound is a household remedy in my home, and I would not be without it. I tell my friends what this medicine has done for me. I have found it a blessing to suffering women, and always recommend it."—Mrs. Laura L. Barnes, 607 Second St., N. E., Washington, D. C.—[From records of original of these and other grateful testimonials received.]

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women.

MAY SUE POLICE FOR FALSE IMPRISONMENT

Thomas A. Gramley, of Richmond, Charged With Stealing Guns from a Theatre.

(Special Dispatch to The Times.)

NEWPORT NEWS, VA., Nov. 18.—The case of William Mosse, the boy said to be suffering from chloroform poisoning, has been settled, and the hospital authorities have given the boy over to the police for false imprisonment.

The United States bark Petrolina, which left Rio De Janeiro a month and for Philadelphia, heavily laden, was speedily from the Capes to Old Point Comfort, where she put badly disabled, having been in collision with an unknown vessel during a sense of coming on the night of the 13th inst. She is awaiting a tug from Philadelphia.

John C. Fulton, claiming Topeka, Kansas, as his home, is under arrest at the Soldiers' Home. The old man claimed to be a Mason and was admitted to the meeting of the Hampton and Phoebus lodges. Some prominent Masons here, believing the man to be an impostor, wrote to Topeka for information, and were informed that John C. Fulton is a prominent business man of that city in high standing in the order. It is therefore believed that this is a case of impersonating. It is also charged that the man is wanted in another State for robbery, and that the government may prefer the charges of obtaining a pension by fraudulent representation.

Thomas A. Gramley, of Richmond, was arrested and lodged in jail here to-day charged with the larceny of two shotguns, which were among the property left at Leath's Theatre here. Gramley is a stage hand and came here from Richmond at the opening of this season.

The two negroes who bought the guns from Gramley have identified him as the man who sold them although he gave receipts in the name of Cassidy. These receipts are in the handwriting of a note sent last night by Gramley. He has a mother and two sisters living in Richmond.

NEGRO CHILDREN; NOT PARTRIDGES

Secretary Moody's Unique Experience Down South.

HE FIRED INTO THE HEDGE

Birds Were Not There, But Several Pickaninnies Were Eating Their Midday Meal—Bought a Real Wild Turkey.

(Special Dispatch to The Times.)

WASHINGTON, Nov. 18.—Secretary Moody has just returned from South Carolina, where he had a hunting experience which nearly resulted in the extermination of a numerous progeny of colored children and their parents on James Island, near Charleston, S. C., which is plentifully stocked with partridges and wild turkeys.

There are no bears on James Island, but there are some in the Santee Swamps, where the Secretary, however, did not have time to go with the rapid fire guns of the Dolphin.

Mr. Moody and a party of officers of the Dolphin went ashore last week and found some birds near a bridge. One of the party, Secretary Moody says it was and the other ranged away and destroyed a part of the hedge, uncovering by the shot a large cover of black children who scattered in all directions as was their midday meal, corn pone and fried fish.

The Secretary was astonished by the almost simultaneous protrusion over the fence of the head of the father of the family who asked the pointed question "——— are you shooting at?" It was explained that there was no intention of firing in that direction and amends were made.

A real wild turkey was subsequently secured on board the Dolphin, and several officers claimed it as a result that the Secretary brought it from the old man for it.

The papers were never so filled with advertisements of remedies that will positively cure diseases as they are to-day. Side by side are invariably accompanied by letters from people testifying in the strongest terms to the virtue and merit of the particular preparation advertised. But promises so much is claimed for medicine it has come to the point where most readers regard such testimonials as mere "stalks" and made up out of whole cloth.

We are glad, however, to vouch for the reliability of the following from Mr. William Lichtenwalter, proprietor of the largest printing house in Canton, Ohio, regarding the Pyramid Pile Cure, for which nothing is claimed except that it will cure any and every form of Piles.

"For several months past I have received so many inquiries from sufferers asking if my testimonial is authentic that I am inclined to send in a bill to you for postage and stationery.

"It is now two years since I was last troubled, and my rectum is as clear and clean as any man who never had piles, although I suffered with protruding, bleeding and internal piles for twenty-seven years. I will not attempt a detail the agony I suffered, being too happy to say I believe I am cured, after two years of evidence.

"What will cure one man will sometimes not cure another; whether it was the Pyramid Pile Cure that cured me, I cannot say, but I have been free from piles for two years after using your treatment. I leave sufferers to draw their own conclusions.

"I will answer any communication that a sufferer may ask, and will refer to any business house, bank or manufacturer of Canton, Ohio, concerning my identity, among whom I have lived for forty-eight years."

Pyramid Pile Cure is sold by druggists for fifty cents a package, or will be mailed to any address by Pyramid Drug Co., Marshall, Mich., upon receipt of price.

Drop this firm a card asking for their little book describing the cause and cure of piles.

Then we will write them a full and confidential letter, telling them exactly what we think their trouble is and how we would treat them if they were under our personal care. NEGRO REPLIES IN BOSTON TO DR. PITT

(Continued from First Page.)

habit, but none the less his race. A terrible task, to be sure, as all who have any opportunity for estimating it must agree. But none the less he ought to give himself with whole-hearted devotion to the great work in whose faithful discharge he will best develop all that is worthy in his own character. In this work he ought to have the cordial and constant sympathy of his white brethren. And this, we may be sure, he will receive.

"This proposition is not wholly impracticable and visionary. Indeed, the educated negro is already at work among his own people. In the city where the writer lives there are negro physicians, filling their patents among their own people; negro lawyers, who have their own race as clients; negro teachers, who have for pupils the children of their own people; and negro ministers, who preach to great negro congregations.

"Of course, in the development of the two races side by side there will be inevitable misunderstanding and friction. The only hope of a successful solution of the problems that will thus arise is to be found in the sober sense of the people of both races, and in the gospel of Jesus Christ, the triumph of whose principles will soften superities, create and foster mutual good-will and forbearance, and effectually dispose of difficulties which seem now most formidable, if not insuperable."

THE COMMISSION IS AN IMPORTANT BODY

Very Fine Men Chosen—The Governor Was Praised and Messrs. Crump, Fairfax and Stuart Were Congratulated.

The appointment of Judge Beverley T. Crump, [illegible] Hon. Henry Fairfax, of Loudoun, and Hon. Henry C. Stuart, of Russell, as members of the new Corporation Commission is giving the utmost satisfaction here, and almost every public man is loud in his praise both of the Governor and his distinguished appointees. Judges Crump and Mr. Stuart are in the city now. Mr. Fairfax is not. Judge Crump gets the short term of seven months, though in the end his term may be the longest, as governor Montague will have the appointment of his successor and will most certainly reappoint him.

The body is the most important branch of the new government and will have to do with a most intricate branch of the public service. The commission will begin work on March 1st, 1903. The members will hardly organize for sometime yet. It is likely that Judge Crump will be made president. A warm contest is on for clerk. Messrs. C. Lee Moore, present clerk, in the Auditor's office, and Mr. [illegible] N. Brenaman, of Shenandoah, are among the candidates. The name of Mr. E. S. Goodman, of this city, is mentioned, but it is not known that he will apply. He was a strong candidate for a place on the commission. The Legislature will in joint session confirm the appointment to-day and all the members of both branches will vote [illegible] with a vim.

Exactly what the specific duties of the commission will be will depend largely upon legislative action on the subject, though in a general way the Constitution places all railway and other corporate matters, including the granting charters, in their hands. The Legislatures will also have to provide quarters for the commission, and it is likely that the body will be quartered in the State Library building. The places pay $4,000 each, and in point of majority and importance rank well up with the Supreme Court of Appeals. The Governor has evidently made wise and popular selections if the praise that is heard is any indication.

DESERTERS AT FIRST STATION

Two Soldiers Captured in North Carolina Pass Through Richmond.

Clad in the regular army blue, the right arm of one fastened to the left arm of the other by a pair of iron bracelets, two husky United States soldiers marched, army fashion, up the steps of the Old Market last night and appeared at the desk of Police Sergeant Slater, of the First District. A few feet behind them was Deputy Sheriff J. E. Bussey, of Buckstie county, N. C., the owner of the soldiers. The two were en route to Old Point, from which place it is alleged the two men deserted during the latter part of October.

As is the custom in the United States army immediately after the two men—Kelly Yates and Burns Chapman, by name—disappeared from the garrison at the well known Virginia resort, descriptions of them were sent broadcast over the entire country. As a result the two men were arrested last Sunday by the North Carolina deputy sheriff.

The deputy reached Richmond late last night with his two prisoners, and, desiring to take a look at the city he left them in charge of the Fifth Police Station, where he will resume his journey to Old Point this morning and upon the arrival of the two men will receive fifty dollars for his services, in addition to his expense money.

NO MOTION MADE

Absence of Judge Waddill Delays Proceeding in U. S. Court.

The absence of Judge Waddill from the city has necessarily postponed the proposed motion which was to have been made in the United States District Court yesterday by Judge Stephen Green, as a representative of the State, asking that the recent order of the court regarding the appearance of the State Board of Canvassers before that tribunal on to-morrow be so enlarged as to allow the Commonwealth time in which to prepare its answer to the petition.

This will be the first step taken by the state to meet the attack Colonel John S. Wise is preparing to make on the new Constitution. Judge Waddill will probably [illegible] the city to-day, he having gone to Washington from Norfolk on yesterday.

The Board of Canvassers are summoned to show just cause why they should not be prohibited from certifying the election of the recently elected congressmen. Judge Green is here awaiting Judge Waddill's return.
