

TWO ACCIDENTS NEAR CLOPTON

Negro Trainmen Severely Injured by Falling from Cars.

ALL FREE LIGHTS ORDERED UP

Light Committee Place Four Additional Lights, Making Seventy in All—A Motorman Has Narrow Escape, Chesterfieldian Arrested.

Manchester Bureau, Richmond Times, No. 1102 Hull Street. William Mason and Thad. Powell, two negro men, were quite seriously injured near CLOPTON on the Atlantic Coast line yesterday afternoon late. The first named had his arm broken near the elbow, while the latter's foot was caught beneath several cars and the wheel all-most ground it. Both were immediately brought to the office of Dr. Lawrence Dugan, surgeon for the road, where they were treated. Mason left soon after having his arm treated, but Powell was taken to the Retreat for the Sick in Richmond, where an operation was performed by Dr. Ingram. A part of the foot was taken off, and at a late hour the doctor had made it dangerous to do more. Whether his whole foot will be to be amputated cannot yet be told.

Particulars of the accident are as yet meagre. Both were employed by the road as brakemen. Powell slipped between two cars, and but for his presence of mind would have been killed. The first on the scene had the track as he was to climb about, and as he lost his hold, a round of the little iron ladder, he sprang to one side, throwing his body as he fell. The engine was going west. His right foot was left on the rail and the wheel caught it, crushing the heel, and part of the ankle. Every bone was broken. The engine was stopped on the top of the car and broke his right arm just above the elbow.

ALL LIGHTS UP. With a map before them showing the exact location of the street lights, the Light Committee last night, after finding that there were already in the city sixty-six of the seventy lights given free for five years, ordered that their number be increased to seventy. One lamp will be placed at Maury Cemetery gate, one at Nineteenth and Hull Streets, one at Twenty-second and Barrett Streets, and one at Twenty-third and Eleventh Streets. This will complete the required number the city gets without cost. The light at Nineteenth and Stockton Streets will be removed. Eighteen and Semmes was ordered placed at Fourteenth and Semmes.

JOINT MEETING. There will be a joint meeting of the City Assembly and Board of Aldermen Friday night to elect the Bridge Commissioners, the Fire Commissioners and the members of the Board of Health. With the possibility of the election of bridges across the James, near Mayo's Bridge, much interest is manifested in the selection of the commissioners.

Dr. E. G. Hill will be elected president of the Board of Health. Dr. W. P. Mathews having resigned some months ago, because of change of residence. There will be sixteen Fire Commissioners and sixteen Health Commissioners. The number from four to sixteen, but only fifteen are to be elected, as the charter makes the president of the Assembly ex-officio chairman of the corporation.

BOTH WERE DRUNK. John Waldrop, a Chesterfield farmer, came into Swansboro yesterday afternoon and was taken to the city jail. He had the unpleasant task of carrying him to the Manchester police station. "Squire Clark will have a talk with him this afternoon in his little court room." Officer Jones arrested a white man yesterday afternoon and registered his name as "Lodgey."

The sight of them is enough to make a well person sick. This is not an exaggerated picture. James Atkinson, of Helena, Mont., says: "Two or three years ago I contracted what seemed to be a cold in the head. It soon proved to be a horrible form of catarrh. My head ached, my eyes were inflamed, and all sorts of remedies, and one celebrated specialist treated me over a year without a result. I gave up in despair. The dropping of mucus into my throat and the coughing and hawking in the morning, with awful pain in my ears, grew exceedingly worse and my breath was something awful. I dare say I used 50 catarrh remedies before I tried Gauss' Combined Catarrh Treatment. In a week I could breathe easily and naturally and I felt better than for years. To-day I am entirely cured of the disease which was my life. I have no more to say but to give wonderful relief, especially in those chronic cases where the mucus flows down the throat and lungs, sickening the stomach, and leads to many diseases, including consumption." WILL ESTABLISH SUB-STATIONS

Finance Committee Makes Important Recommendations.

Done—Will Commence on Apportionment Sheet Monday.

TAXATION PLAN CHANGED

Insurance Agents Will Be Taxed According to Volume of Business.

The Finance Committee last night recommended to the Council that four sub-station stations for the payment of gas and electric bills be established at convenient, in accordance with an ordinance which was introduced some two or three months ago by Councilman Crenshaw. The only difference between the recommendation of the Finance Committee and the original ordinance of Mr. Crenshaw is that the latter provided for the establishment of seven instead of four sub-stations.

It is the desire of the committee that one station be established in Fulton, one in the neighborhood of Twenty-first and Broad, one in the West End, to the north of Broad Street, and another in the same section to the south of Broad Street. By these it is hoped to relieve the great pressure which occurs monthly at the office of City Treasurer Phillips, and there is little doubt but that the Council will pass the recommendations of the Finance Committee along this line.

The ordinance provides that the stations shall be open for the payment of bills only during certain portions of the month, and that the rate of interest on the bills is to be at the rate of the City Hall. They will be established in the stores of certain merchants, who will receive no compensation for their labor, their increase in patronage being their reward.

INSURANCE LICENSE. The committee also recommended that the present modus operandi for taxing insurance agents be changed, the tax being levied on the volume of business done. It is thought that better results will be derived and probably an increase in the revenue of the city may result, and it is furthermore thought that such a change will assist with the approval of the agents. They are now taxed according to a classification based upon the number of companies they represent.

It was the sense of the committee that another meeting should be held Monday night, at which time the laborious work of making the apportionment sheet for the year will be undertaken. It is hoped that the wants of the Street Committee, the Board of Buildings Committee and the School Board may be settled at the meeting, after which the other departments will be considered.

RESUME INQUIRY IN CAMPBELL CASE

Committee Will Take Up Tomorrow Where it Left Off.

FIFTEEN NEW WITNESSES

This Number Summoned for Petitioners, But Their Names Are Not Known Here as Yet—Interest Whetted by the Delay.

With the reassembling of the legislative committee to-morrow morning in the case of Judge Clarence T. Campbell, of Amherst, the curtain will be lifted upon the second act of what was thought by some members of the Legislature several months ago to be an opera bouffe, but which is now being played out in the drama of the problem kind. If the evidence adduced by the fifteen witnesses, who will be summoned by the prosecution, has the same shades and lights as that which has already been offered, the play will reach the climax of melodramatic force.

While the rulings of the committee should be expected to be a fixed period of Judge Campbell's incumbency of the bench, an examination of the evidence that was offered at the trial will show that there were sufficiently deep probabilities of the official and personal acts of the Amherst county judge to possibly develop the presence of germs that the new fifteen witnesses may be able to throw into cultivation. As the committee has kept the investigation down to certain specifications, no evidence beyond them can be introduced by these witnesses, but they are expected to not only strengthen what has already been shown in regard to the alleged irregularity of the Campbell trial, but also to bring to light facts that will suggest to the public the possibility of a Judge Campbell using his official position in divers ways to further his personal interests by his newspaper, and particularly in the case of the appointment of road commissioners, and particularly in the case of the appointment of road commissioners, and particularly in the case of the appointment of road commissioners.

KEEN INTEREST. In view of what the prosecution claim to have proven along this line, there are all sorts of possibilities in the evidence that will be eagerly devoured by those who will attend the trial, and the entire State that is watching the proceedings with the keenest interest. It is among the friends of Judge Campbell that the evidence is being offered, and it is among the friends of Judge Campbell that the evidence is being offered, and it is among the friends of Judge Campbell that the evidence is being offered.

WEEK LONGER. Chairman Southall, of the Legislative Committee, to-day announced that the committee would probably be in session a week longer in hearing the new witnesses for the prosecution, and additional witnesses for Judge Campbell. It is thought that the committee could not state what the expense to the State would be for conducting the trial and of course he could express no opinion as to the weight of the testimony or the evidence through their fifteen witnesses. The burden not being upon Judge Campbell to acquit himself, it is thought that he will rely upon the skill of his attorney, Mr. Conrad, to subject the witnesses for the prosecution to such a raking cross-examination as to weaken the import of their evidence. The committee will adjourn at 10:30 o'clock in the hall of the House of Delegates, and seats will undoubtedly be at a premium.

BEAUTIFUL FUNERAL SERVICE. Remains of Robert Porter at Rest in Maury Cemetery.

Many sorrowing friends gathered at 4 o'clock yesterday afternoon at the residence of Mr. and Mrs. W. L. Porter, No. 120 Cowardin Avenue, Manchester, to pay the last tribute of affection to their youngest son, Robert B., whose sad death occurred last Saturday near Water on the Richmond, Fredericksburg and Potomac Railroad. The service, conducted by Rev. Messrs. Moore, of Cowardin Avenue Christian Church, and Benjamin Dennis, of the Methodist Episcopal Church, was beautiful and appropriate.

A Well-Known Gentleman Makes a Remarkable Statement

He Assures Rheumatic Sufferers That One Bottle of Paine's Celery Compound Banned His Pains and Agonies

The startling and happy cures wrought by Paine's Celery Compound for rheumatic sufferers have deeply impressed medical men everywhere, and to-day the best practitioners are recognizing the great value of the Compound, and prescribe it with confidence.

Paine's Celery Compound stands unequalled as a cure for all the varied forms of rheumatism. At this season its good work is apparent in thousands of American homes. Men and women, lame and crippled, and utterly helpless from the terrible disease are being restored to activity, health and strength. Paine's Celery Compound is the only medicine that restores and cures the despairing victim who is told that he or she is incurable. Mr. L. A. Freshman, Gap Mills, West Va., writes about his happy experience with Paine's Celery Compound. He says: "I had rheumatism in my left arm and shoulder, could not sleep, and had no appetite. I visited Fairmont where I lived in Frankford, and she told me that she had been afflicted just as I was and Paine's Celery Compound had done more for her than anything she had tried, and she advised me to use it. I got one bottle and used it, and the next morning the pain of rheumatism left me and I have not felt them since; in fact, it has cured me and I am like a new man."

SIX MONTHS AND PAY A BIG FINE. This is the Verdict as to one Man Responsible for Roosevelt's Injury.

(By Associated Press.) PITTSFIELD, MASS., January 20.—Euclid Madden and James T. Kelly, indicted for murder in the case of the death of William Craig, President Roosevelt's bodyguard, was killed to-day retraced a previous plea of not guilty and pleaded guilty. Madden was sentenced to serve six months in the House of Correction and to pay a fine of \$500. Kelly's case was placed on file.

WAR MAY BE SOON ENDED. German Chancellor Hopes for Good Results from Washington.

(By Associated Press.) BERLIN, January 20.—Chancellor Von Bethov, in answer to the Venetian situation in the Reichstag to-day, said: "President Castro has recognized in principle the justice of Germany's, Great Britain's and Italy's demands and has agreed to the preliminary conditions for transferring the case to the Hague arbitration court. Diplomatic conferences are about to begin at Washington. The American Government has kindly undertaken to conduct the negotiations, and it is to be expected that the blockade will be raised as soon as the negotiations at Washington have reached a satisfactory conclusion."

REPELLING VAW. A statement that Emperor William was following anti-Socialist tendencies, the Chancellor said: "On the contrary, the country does not exist where so much is accomplished for the welfare of the working people as in Germany. It is due to the monarch's initiative. The Emperor is convinced that the century's task is to expand social reform legislation, and that the monarchy is strong enough to tolerate the expansion of labor laws. The charges of Caesarism and Bonapartism are empty talk."
