TOWN AND COUNTRY I

The object of this department is to give the local matter of our Town and County, and to employ the columns of this paper for the benefit of those wishing to advertise in *Local*—at ten cents per line.

Announcements!!

Misses Estoras.—Please announce the name of D. W. Harshman, as independent Candidate for County Commissioner, and oblige.

Religious Notice.—Rev. J. D. Lauer, will preach in the Christian Church, in Eaton, on next Sunday morning, at 10 o'clock.

Two Women—colored down.

An independent piece of newspaper accommodation—the Railroad Time Table—will be found in our paper this week, where it will appear regularly hereafter. We hope that a change of time shall make it necessary.

The Fair will undoubtedly be well attended this year by persons anxious to see who of our farmers came out best in the battle with the drought.

We have noticed a bad practice among the boys, as we have frequently passed through Eaton several times previous to making it our home, or the train, and every time the boys of country within our reach are in motion; running after them, and jumping on and off them when going at considerable speed, and we wondered in our own mind what was the average of funerals in a year caused by the boys running up the wheels. This should be stopped.

We have publicly expressed a wish to have all those who had an interest in our paper, and come in possession of items throughout the county, contribute the same to our address, and we will be under obligations to those conferring the favor. The hope of country within our reach may be limited by us, but many good and interesting local can be saved those living at a distance, that we would be none the wiser if our friends did not do this. If you have not the time to write the items in full, send us the outlines and we will attend to the rest and feel thankful.

The Postmaster of Richmond, (Ind.) is charged by the Postoffice of that city as being engaged in the Peanut traffic in connection with his Postoffice.

Due to the accident to our press, some time since we were compelled to stop the publication of our paper, but now that it is again in "apple pie order," we hope to be able to continue regularly hereafter the issue of our paper, and to make its pages doubly interesting to our readers. The two weeks just spoken of will be made good to all subscribers.

Solomon Harris, who resides about a mile and a half from New Madison, Darke county, in this State, has a first that was originally kindled thirty-eight years ago, when he first settled on the place. He has grand-children whose names used to dress them by his warmth, and from the time it was kindled he had never been allowed to burn entirely out. Some one suggested that he take it to the Darke County Fair and exhibit it as a relic of old times.

PLAIN AND FANCY PRINTING.—We are prepared to do as good work—as at present—as any country printing office in the State. Our styles of type are all new and of choice selection; and will print practical printers we can turn out as fair samples of work as one would wish to look at. Give us a call and we will show that we do just as we talk.

Big Work for Little Pay.—The large poster for the Fair was brought to us and a request that we make a "big" poster; we took a good look at the copy, and made an estimate of what we thought was the lowest possible figure, twelve dollars, and the gentleman do parted. Shortly after we heard that another "twip" was had of the copy, and on being told that we had proposed to print them for, made an estimate fifty cents less; and the copy was left to be printed. Later accounts show the big work this job inflicted on said printers, for after having set one sheet of the poster in type at an enormous cost of time, the other form, from which the second sheet was to have been printed, fell out, and a quantity falling in an ink keg—lost. Last heard from the printer was fishing with a stick to recover transient type, galleys, leads, &c., from among a mass of printer's ink. Too much ink on that job, neighbor.

MILL.—On Saturday night last, a "wet-to" "mill," "eye-gauge," or something of a like nature, occurred at a barber shop in this place between a Teutonic gentleman and an employee at the West Foundry. After a little sparring the combatants came to the floor together, when the German, doubtless fired by the news from Prussia, and imagining he had a Frenchman in his grasp, thought to "wipe him out," but only succeeded in afflicting an ugly scratch on the foundryman's "front piece."

The Preble County Jail is now perfectly destitute of criminals.

Lewis D. Campbell Will Address the PEOPLE as Stated Below:

(COPY OF LETTER.)
 Hamilton O., Sept. 12th, 1870.
 Hon. R. C. Schenck.

Dear Sir.—Forasmuch as my proposition of the 9th inst., to attend your meetings for the purpose of joint discussions, if it be your pleasure, is unacceptable to you, I have the honor to inform you that I will address the people at the times and places hereinafter named. Should you desire to attend these meetings for the purpose of discussing the political issues of the times I assure you it will give me great satisfaction to accord to you equal privileges with myself.

At New London, Thursday evening, 15th at 7 p. m.
 At Eaton, Preble co., Friday evening, Sept. 16th, at 7 p. m.
 At Winchester, Preble co., Saturday, Sept. 17, at 9 p. m.
 At Fyrmont, Montgomery co., Monday, Sept. 19th, at 9 p. m.
 At Centerville, Montgomery co., Tuesday, Sept. 20th, at 2 p. m.
 At Mason, Warren co., Thursday evening, Sept. 22nd, at 7 p. m.
 At Hamilton, Butler co., Friday evening, Sept. 22nd, at 7 p. m.

Very truly yours,
LEWIS D. CAMPBELL.
 By order Dem. Cent'l Com. of Butler county.

NOTICE TO SUBSCRIBERS.

Those of our subscribers who are in arrears for their paper up to August 25th, 1870, will please call and pay, as a change has been made in the newspaper department which demands this step to be taken.

"Stock" and accoutrements were discussed and appropriated last night. Some one "went for" Levi Gould a harness, while Schenck was talking of "walking ponies" at the Court House.

Since Genl. Schenck arrived in town we have twice been taken for a hostler at his hotel, by people wishing their teams while we were waiting for our meals. We wish Schenck had said any thing about "Eaton Stock"—we'll be taken for a horse thief next.

Wm. Hamblidge has condescended to give a social Dance at Minor's Hall, on the evening of the third day of the Fair, Sept. 23rd, and extends a general invitation to all. The weather is cool now, and a dance can be enjoyed. Tickets \$1.

R. F. Lark, has removed his office, together with the office of the P. and A. Telegraph Company, into Joseph Donohoe's building.

DIED.

In Eaton, on the 12th inst., of Complicated Disease, MELINDA BANTA, wife of Solomon Banta, aged 61 years, 7 months and 2 days.

It is with deep regret we are called upon to make the above announcement, and while we sympathize with Mr. Banta in the loss of his dear companion, we have the cheering assurance in the all-comforting Book, that "what is his loss, is her gain"—"The Lord giveth and the Lord taketh away"—and although his loneliness may be left uncheered by a loving and affectionate companion, we trust he may bear his loss with fortified energy and hope for that promised meeting which is to know no separation in the world to come.

We hope some one of the friends of the deceased will furnish us with the particulars of her history—as the advanced age, and so great a loss to society demands something more than a passing notice.

Gov. Winters and old respected citizen of Eaton, died at his residence yesterday afternoon, at about 4 o'clock.

We do not wish to refrain from saying a few words in favor of the Eaton Band. Their splendid pieces have greeted our ears on more than one occasion, since we have been here, and we do not think we would ever tire of listening to their sweet strains of music, and we wish in our heart we was a hornist every time they play.

Large and Enthusiastic Railroad Meeting

Thirty-six Shares Taken in one Evening!

THE ROAD A SUCCESS!

Last Tuesday evening we had the pleasure of attending one of a series of meetings held in the Court Room in this place. We had been told there was no money in Eaton. That's all both. We know better now. When Railroads are steadily stretching over the land, and are embracing our town on their line, we have the consolation of knowing there is money here now, and the surety is being made doubly sure by opening a way to receive more, in subscribing Stock to a new road. But to the meeting on last Tuesday night.

The meeting was called to order by J. H. Foss, Chairman. J. M. Brown, Secretary.

Mr. Foss led out with a few stirring remarks in favor of the Road, but the audience at first appeared cold and indifferent. As the speaker progressed they gradually became warmed up to the work. He explained to them the successful effort of Piqua in securing \$75,000. That the contract would not be let unless \$275,000 more was raised. Of this, Milton has raised \$42,000. The road is surveyed from Piqua to Huntsville, and if \$40,000 more can be raised along the line in Ohio, the Road is a success. Lewis Broad, the President of the Company, has subscribed \$50,000, and Mr. Howard, \$60,000. The President years ago built a large portion of the Illinois Central Railroad, and understands the business of constructing a railroad.

Mr. Foss intimated that along the line of road there was at least 240 men who stood willing to go \$100 more each, rather than see the road fail.

Mr. Foss deserves credit for the energy displayed on this occasion; for every word spoken was steadily having its effect upon his hearers, until at last he gave way to

JUDGE GILMORE.

Mr. Gilmore, for a time threw a wet blanket on the arguments of Mr. Foss, by saying he "would not subscribe another dollar, or another cent to the road until some men, who were more able than he to take shares, would come up and subscribe;" that he believed in the importance of the road; that the idea of a Company offering to build a railroad and have the cars running upon it before a dollar of the Stock was to be paid in, was novel and new! He had estimated the average of five dollars to every acre of land along the line, and believed the farmers ought to build the road, as they are the ones to be most benefited by it. Farmers say the towns should build this road. Mr. Gilmore went on to show whereby the farmers have superior advantages in the transportation of grain, the convenience of getting from place to place in person and with product, while on the other hand, the citizens of towns can be supplied with meat and flour from the city at nearly the same price we pay our farmers—a retail price. Mr. Gilmore recommended the holding of Mass Meetings along the line at different points to convince farmers and others the necessity of this road to them, which was moved and seconded by

MR. MCCABE,

who proposed the holding of mass meetings at the Northern and Southern ends of the line; and suggested a mass meeting some evening during the Preble County Fair, to be held in Eaton.

JUDGE HAINES

being present, was asked by Mr. Foss why he did not take a share? The judge leaned forward, laid his case upon the table and began to explain that he had not fully made up his mind

how much he would subscribe, yet, but would wait and see how much Stock would be taken by others, and that would allow him time to decide. Being urged by Mr. Foss the importance of immediate movement in the matter, and the effect his subscribing would have upon others; that it required but a moment's reflection for a man to say whether he would put down a hundred or two, or none; and that he (Mr. Foss) would furnish other men who would follow him on night. The Judge told Mr. Foss to bring his men up in the morning and he would show them, whereupon gentlemen arose from all quarters of the room and bantered the Judge to pitch in, offering to follow him. There was no use to contend, the Judge's mind was made up, and before they left the room they swelled the subscription nearly \$2,000 more—thirty-six shares last Tuesday night—many doubling theirs.

MR. TIZZARD

moved, and was seconded, that the present solicitors be requested to earnestly solicit each man and explain to him the encouraging situation of things, and request them to take shares, which was carried by a unanimous vote. Mr. Tizzard moved a meeting be held at Sugar Valley next Saturday evening, which was carried. The meeting then adjourned until next Tuesday night.

A Wonderful Microscope

Rev. Daniel Wise, D. D., editor of the New York Sunday School Advocate, thus speaks of the celebrated Craig Microscope:

"Its simplicity, cheapness and great magnifying power struck me with surprise. Then I was examining a fly's eye by its aid, and was struck with wonder at the skill and power of the Operator which is displayed in its structure. When I saw a statement in an advertisement that the Craig Microscope magnified one hundred diameters, and could be bought for \$2.75, I thought it was one of the humbugs of the hour, for I had paid \$20 for a microscope not long before. But now I find it to be a really valuable instrument, which I should like to see introduced into the families of our readers in the place of manifold useless toys which please for an hour, and is then destroyed. This microscope would both amuse and instruct them and I advise every boy and girl who wishes to know the wonders which lie in little things to save his money until he has \$2.75, which will pay for the microscope and the postage when sent by mail."

As a holiday gift this microscope is unsurpassed, being ornamental, instructive, amusing and cheap, and never loses its interest. Agents and Dealers supplied on liberal terms. A sample will be mailed, post paid, at an address for \$2.75, by E. H. Rosa, 313 Locust st., St. Louis, Mo.—Read the advertisement in this paper. June 9.3m
