REPUBLICANS AT RALLY IN THE FIRST WARD

(Continued from page 1)

down here at the copper works, at the cable works, at the Parker steel works, the terra cotta factories, docks, railroads and building trades, mechanics of all trades were being continually called off. About the only job they could find was shoveling snow for the city. The only consolation we had was that the cost of living would drop. We knew that because the Democrats, especially Mr. Scully, were so. Of course you know the result. Everything went up, and has been going up ever since.

"In this city we want things to run differently. It is just as important to have a Republican mayor as it is to have a Republican council. If you don't send John Ten Broeck, don't send me either. John is the right man for the job."

Then Ten Broeck speaks. John F. Ten Broeck, candidate for mayor, made a short speech in favor of the other candidates on the ticket. In speaking for William A. Spencer, candidate for burgess, he said that the present surrogate, Daniel Clayton, the Democratic candidate for re-election, claimed to have all efficiency centered in himself, that no other man was capable of filling the job. Ten Broeck said that he disagreed with him, and that Spencer, for one, was every bit as well fitted for the job. He said that he believed in improvements, keeping within the finances of the city. He promised that he would endeavor to make as good a mayor as Ford Garretson, and would work along the same lines that he has done, continuing his work.

Charles Beck, a first ward man, threw some light on the Wilson Workman's Club which has been organized in this city. He claimed to be in a position to know what was going on throughout the country as affects workingmen's conditions. He said that the Wilson Club on State street was led by a man who is supposed to be labor's best friend, Arthur A. Quinn. The idea of the club, he said, had already taken hold of a good many people. "The truth of the matter is," he claimed, "that it is nothing but an organization to get your vote and pass it along to the machine." He said that some time ago Quinn had been deprived of holding office by the said machine. He says to Scully and Gannon, "I have the goods, so come across."

Good Word For Kelly.

Leo Kelly spoke a good word for James A. Kelly, candidate for alderman in the fifth ward, and said that if he was elected he would not try to hold two political jobs at once by being an inspector on the Convey place bridge, as the present fifth ward alderman has done. Alderman H. William Hiker was not able to be present. Others present spoke. John Pfeiffer, the county chairman brought meeting to a close with a broad and inclusive discussion of every aspect of the campaign from national down to local. In speaking of local matters, he especially urged the necessity and importance of re-electing Hiker as alderman in the fifth ward. He said the light plant, while it had already proved a success and a saving to the city, was still in an experimental stage, and that it was necessary to have its sponsor in power to tide it over any snags it might encounter.

Cigars, sandwiches and refreshments were served at the beginning and close of the meeting.

Tonight, there will be a meeting of the Polish Republican Club in Pulaski hall, 752 State street. Arthur Wagner, a well known Polish speaker, will present the main address.

OBITUARY RECORD

Funeral for Miss Carrie Dressler.
Funeral services for Miss Carrie Dressler, daughter of Mr. and Mrs. Adolph Dressler, of 455 Elm street, held from her late residence yesterday afternoon at 2 o'clock were largely attended by friends and relatives of the family. Rev. Wilbur Westcott, pastor of Simpson Methodist church, officiated at the service. There were many floral tributes received. Interment was in Alpine cemetery. The bearers were the cousins of the deceased as follows: Frederick Schumann, Oscar Schumann, Carl Dressler, Otto Dressler, Leo Dressler and John Seal.

APPLY 1ST DAY AT BRANCH LIBRARY

Books in Circulation in Hall Ave. Strike Popular Chord for Many.

The first Perth Amboy branch public library opened yesterday afternoon, 111 applications for cards being received and between forty-five and fifty books placed in circulation. Many children took books out yesterday on cards they received from the main library, they expressing their appreciation to the librarian over the new library, as it saves them the long walk down town.

The branch library is situated in the drug store of Arthur D. Garben, at 195 Hall avenue, one-half of the store and a large window having been secured for the purpose. About 350 books have been taken from the collection of the main library to this branch, 100 of these being books for children and the other 250 adult books. A reading table will soon be placed in the room for those who wish to read papers, magazines or books. This branch library will be open on three afternoons during the week and on one night, members of the library staff being in charge of the branch library work. Instead of having one of the staff in charge continuously, all will take turns at having charge. The librarian, Miss Anna O. Shivers, and Miss Carol A. Bowne, assistant librarian, were in charge yesterday.

Speaks to Children.
On Monday afternoon Miss Shivers spoke to the children in No. 5 school, telling them of the new branch library and distributing application blanks to those who wished them. Yesterday afternoon sixty-one of these children signed their cards to the library. Between forty and fifty others took out applications at the branch. The children will be given their cards tomorrow, when Miss Anna Parsons and Miss Hattie Hartman will be in charge of the branch.

Miss Shivers said this morning that she was well pleased with the first day of the branch library and felt that it would greatly increase the circulation of books in this city. Yesterday's circulation being one-eighth of that of the main library. 355 books were circulated by the main library yesterday. Every child or woman or children may secure cards from the branch library. Cards issued at the main library may be used to secure books from the branch library also.

DAMAGE ACTION IN DISTRICT COURT

The \$500 suit of Mrs. Sarah Abramson, of East avenue, against Samuel Mandel, of New Brunswick avenue, for an alleged assault on May 23, 1916, is being heard before Judge C. C. Hommann and the jury in the District Court today. The suit is to recover damages for her injuries and loss of business at the time at which the assault is said to have occurred.

Medical evidence was offered this morning by Dr. J. L. Lund and continued this afternoon by Drs. Lund, I. Siegel and M. S. Meiner.

Mrs. Abramson alleges that on May 23 she returned to her home from a grocery store and found Mandel in her apartment, of which he was the owner, with some of the plumbing which he had ripped out in her absence. Mrs. Abramson was in a delicate condition at the time. She remonstrated with Mandel, she says, and words led to blows, when he struck her with a wrench and caused severe contusions and other injuries.

Mrs. Abramson who is mother of seven children, spoke through an interpreter, and took up a large part of the morning session with her testimony.

The jury which is hearing the case is composed of: Emil Bohnsack, William De Haven, J. Walter Dorsey, David Bash, William Hallahan, Philip Dorak, William J. Leavy, John Connolly, Harold H. Bader, George Scully and Lawrence Dolan.

DAY NURSERY CAMPAIGN CAPTAINS REPORT PROGRESS

A meeting of the captains working for the Day Nursery campaign for funds for a new home, was held Tuesday afternoon at the home of William H. Bawden. Detailed work was outlined at that time. Work is now progressing on the lists of prospective donors. Many men and women are being shown by the foreigners interested in this charity. Three of the ten captains have their teams complete and the others are fast filling them.

Headquarters will be established at the local high school during the campaign for funds which will start on Monday, November 20. Another meeting will be called by the president shortly.

ASSAULT STIVERS LAW.

Seabury Pledges Its Repeal if He Is Elected.

New York, Nov. 2.—The Stivers "conscription" law was assailed by ex-Judge Seabury at each of seven meetings in the Bronx. The greatest demonstration at each meeting came when the Democratic candidate promised, if elected governor, to use every effort to have it repealed.

A parade of more than 100 automobiles accompanied the candidate to the first meetings, and he was everywhere greeted by overflow audiences. After his main attack on Governor Whitman's "conscription" legislation, Mr. Seabury laid most stress on his charge that the governor had favored the abolition of the department of foods and markets, which, he said, had been provided to organize cheaper methods of distribution and lower the cost of living.

U. S. AIRMEN DIE IN FRANCE.

Two Killed When Machine Capsizes Near Nancy.

Paris, Nov. 2.—Two American aviators have been killed near Nancy, according to a dispatch received here from that city.

The Martin says the aeroplane containing the two Americans capsized while flying over Boudonville plateau, near Nancy. The observer fell out, and the pilot, who came down with the machine, was crushed to death under the engine.

SUFFRAGISTS LAUD SCULLY'S FAIR PLAY

State Association Passes Resolution Honoring Him and Assemblyman Dolan.

At a meeting of the New Jersey Woman Suffrage Association, held recently, at which the counties of Atlantic, Camden, Cape May, Burlington, Cumberland, Essex, Gloucester, Hudson, Mercer, Middlesex, Monmouth, Ocean, Passaic, Salem and Union were represented, the following resolutions were unanimously adopted:

Whereas, the Honorable Thomas J. Scully, candidate for congress from the Third Congressional District, introduced a woman suffrage resolution at the meeting of the resolutions committee of the Democratic state convention, and insisted that our legislative committee be given the hearing previously promised it by the committee, in the face of the opposition of the chairman, James F. Nugent, and

Whereas, Mr. Scully has always consistently and loyally kept his promises to the suffragists of New Jersey, whether it was to his own interest politically to do so or not, and

Whereas, the Honorable Frank Dolan, candidate for the assembly from Hudson county, introduced a woman suffrage resolution at the meeting of the thirteen Democratic legislative candidates from Hudson county, at which these men rejected the woman suffrage resolution at the Democratic state convention, and wrote for themselves a platform in accordance with the National Democratic platform, including a woman suffrage plank, now, therefore, be it

Resolved, that this meeting representing the suffragists of New Jersey, its sincere gratitude for their leadership of fair play to the suffragists of their state, in spite of the opposition of the bosses of the Democratic party, and directs that a copy of this resolution be sent to each local suffrage organization in the counties of Hudson, Middlesex, Monmouth and Ocean.

DENY APPLICATION FOR INJUNCTION

Brewing Company Action Fails to Restrain Madison Township Inn Keeper.

Special to the EVENING NEWS.

Trenton, Nov. 2.—Vice Chancellor Foster in an opinion today denied the application of the Brewster Brewing Company for a temporary injunction to restrain Samuel Tomaine, of Madison township, Middlesex county, from selling any but the company's beer during the proceedings incidental to the application for a permanent injunction.

When in 1911, Tomaine purchased his tavern business, he borrowed \$3,500 from the brewing company on a mortgage. The company also had a chattel mortgage of \$400 on the saloon. The defendant purchased the business for \$6,500. When he obtained the mortgage, Tomaine signed an agreement with the brewery to sell its product exclusively for a period of ten years and not to sell the business to a third party unless the latter would agree to offer the same brew. Tomaine now claims that the Brewd company failed to supply him with wholesale beer. In April last he began buying from the Rubsam and Hermann Brewing Company.

The vice chancellor's opinion raised the question whether the ten year restriction would be binding upon all successors of Tomaine in the event of his selling out. This and other questions he regarded as too important to decide until the final hearing on the permanent injunction question and so dismissed the temporary application.

BIG ATTRACTIONS AT THE MAJESTIC THIS WEEK

The Majestic theatre is offering six big acts during the rest of the week, together with the act given the other part of the week, entitled "Vaudeville in Jungle Land." This latter addition to the program is being put on by a new ring around pictures will be shown that will include the Tottenville ferryboat going a mile-a-minute, pictures of all of the children of School No. 7, pictures of all of the children of St. Mary's school and city hall officials. The management of the theatre has arranged for a special matinee Saturday afternoon when all school children having a ring around will each receive \$1.

Howard and Hoyt in a sketch on "At the Beach," comes here for the first time of the week while the "Veterans" with a sketch true to life, will be bound to please all theatre goers. Mazur and Clark two clever comedians, are on the bill, with Willis and Anita, jugglers to the King and Alexander and Fields, two of the best comedians seen here this season. "The Yellow Menace," with Edwin Stevens, the popular moving picture star, will be shown tonight. Bazaar night will be held tomorrow night. A ladies' diamond ring will be given away at this time. A "live baby" will also be given as soon as it gets "old enough."

For Those Fond of Onions.

Roads of New Jersey Are Now in Dangerous Condition

Road Building appears to have been done without plan or system.

Do You Want This Condition To Continue?

Millions of dollars have been spent and yet no one road for a greater distance than twenty-five miles is in really good repair.

How To Correct This Condition.

Vote for the So-called Egan Good Roads Bill on November 7th

The Bill does not place one dollar of burden on the taxpayers of the State. By adopting this law the main stem highways will be taken from the control of the Counties and the State will be compelled to put them in proper repair. In this way the Counties will have more money to spend on feeder or strictly county roads, and the moneys received in Motor Vehicle fees will be used each year to defray the initial expenses of the establishment of a State system of public roads.

The question for the voter to answer is whether it is cheaper to build a few miles of road a year out of the current receipts of the State than it is to put the whole main highway system in proper repair once and for all, and pay the bill out of the receipts of the Motor Vehicle Department derived from license fees and fines.

As long as automobiles are operated the State Department will receive money from license fees. This amount increases at the rate of 25% a year. This year it will amount to over \$1,450,000. By issuing \$7,000,000 worth of bonds and retiring them in series each year, the normal increase of the Motor Vehicle Department, by the time any of these bonds fall due, will be great enough to take care of the retirement of the bonds and need not in anywise reduce the amount of automobile funds that are now used for repair purposes. In other words, by the time the first of these serial bonds fall due, the receipts of the Motor Vehicle Department will have so greatly increased that there will be the same amount of money for road repair purposes from this fund that there is at the present time, while the repair bill will be considerably lessened on account of the taking of the main highways out of the control of the counties and putting them once and for all in good repair. These roads, built of standard pavements, should not need repair or attention until at least six or seven years after they have been constructed, and they can be repaired as provided for in the Act of 1912.

PUT NEW JERSEY BACK IN THE GOOD ROADS COLUMN

Roads are necessary not alone for pleasure vehicles but for business vehicles, and much of the short-haul freight of the country is now drawn over our roads. If we are to encourage manufacturers in New Jersey we must first have good roads.

HOW TO VOTE FOR THE EGAN BILL:

If you are in favor of GOOD ROADS in New Jersey, make an X mark in the square opposite the word "Yes" as indicated below, at the General Election, Tuesday, November 7th, 1916.

X	YES
	NO

Shall the act entitled "An act creating a highway commission and to provide for the construction, reconstruction and improvement of certain State Highways, providing for the payment of the cost thereof, from the proceeds of the sale of bonds, to be issued by the State to an amount of seven million dollars, and providing for the payment and interest of said bonds for the motor vehicle license fees, registration fees, fines and penalties, to be adopted?"
