**PAYING THE PENALTY FOR GRAND-MA'S 18-INCH WAIST.**

In the January Woman's Home Companion appears a page of interesting letters from readers on which a Minnesota woman makes the following comment on the present fashions for women.

"There is so much talk nowadays about 'strocious fashions,' when in reality woman's clothing was never more hygienic and comfortable. The low-heeled shoe, the corsetless figure, the one-piece dress, which requires only a union suit and princess slip beneath it—if we persist in these fashions our grandchildren will reap the benefit. We, who are paying the penalty for grandmother's eighteen-inch waist ought to rejoice in our freedom and resolve to keep free."

**GIRLS MAY WRESTLE**  
Michigan College Forbids New Dances, But Approves Half Nelsons, Etc., for the Co-eds.

Lansing, Mich.—Co-eds of Olivet college who have been denied the privilege of dancing the tango are learning to wrestle in the solitude of the girls' gymnasium. Miss Keese, director of women's athletics, says that wrestling provides excellent exercise for women and should be taught in all girls' classes.

Hammerlocks, half-nelsons, full-nelsons, scissors, and toe holds are terms with which the girls are becoming familiar.

**A GOOD FIELD FOR ORGAN AGENTS.**  
(Vaneburg Sun.)  
Down at Muses' Chapel on the historic Quick's Run in this county, they have been experiencing extraordinary hard times in keeping an organist in that congregation. The trouble is that the marriageable young men are lovers of ground out music from an organ, and a new organist, as soon as she shows any ability, immediately receives and accepts a matrimonial proposal. Inside of the last three years the organ has been deserted for a man seven times, and now all the old maids in the community are studying and are having sharp competition for the position of church tone feeder for the choir.

**BILL TO CHANGE LAW AS TO TEXT BOOKS.**  
Frankfort.—Text book bills have ever been the signal for a scrap in the Kentucky General Assembly, and the one which will be introduced at this year's session probably will be no exception. Since 1900 the State adoption has been in vogue, the county boards voting and the action of a majority of them settling the question of text books in all the rural schools of the State. The law has been amended, providing for county adoption, but it has never been put in practice, as the last State contract does not expire until this year. A bill will be introduced to change back to the old State adoption system with some modifications, and school men as well as book concerns are showing active interest in the situation.

**BAD BILLS CIRCULATED**  
Counterfeit \$10 and \$20 Notes Are Warned Against.

Two well-executed counterfeit gold certificates are now making the rounds somewhere in the Southern States. The two notes, one for \$10 and the other for \$20, have been made by the photo-mechanical process on two thin sheets of paper joined with silken threads between them to give an appearance of genuineness.

**SWINDLERS GET \$129,000,000**  
In Mails—Enormous Amount of Money Filched From Unsuspecting Public.

Washington.—The loss of \$129,000,000 in two years by the unsuspecting public through swindling operations carried on by the use of the United States mails have stirred the postal authorities to a drastic campaign against fraudulent schemers. Wholesale use of the government's right to deny the mailing privileges to persons or firms whose operations may be tainted with "get-rich-quick" and other false promises, is the weapon to be employed. An effort to stop this swindling by reliance upon the criminal courts has proved ineffective according to W. H. Lamar, Assistant Attorney General for the Postoffice Department, whose international report was made public.

Mr. Lamar points out that a fraud order immediately cuts off the source of supply of funds upon which the scheme largely depends for its continuance and puts many prospective victims on their guard by reason of the return to them of their letters to such concerns plainly marked "fraudulent" on the envelope.

Postmasters throughout the country the reports says, daily ask for rulings on various letter schemes which cause the Department no end of worry. Numerous concerns located abroad continue to mail their advertisements of foreign lotteries into the United States. Fraud orders were issued against 74 such firms during the year.

Highly beneficial results have been accomplished, Mr. Lamar says, by the vigorous enforcement of the law against the transmission in the mails of publications and other matter containing obscene and indecent matter. The quantity of such objectionable matter during the past year has been materially reduced.

**STOMACH TROUBLES**  
Mr. Ragland Writes Interesting Letter on This Subject.

Madison Heights, Va.—Mr. Chas. A. Ragland, of this place, writes: "I have been taking Theodor's Black-Draught for indigestion, and other stomach troubles, also colds, and find it to be the very best medicine I have ever used. After taking Black-Draught for a few days, I always feel like a new man." Nervousness, nausea, heartburn, pain in pit of stomach, and a feeling of fullness after eating, are sure symptoms of stomach trouble, and should be given the proper treatment, as your strength and health depend very largely upon your food and its digestion. To get quick and permanent relief from these ailments, you should take a medicine of known curative merit. Its 75 years of splendid success, in the treatment of just such troubles, proves the real merit of Theodor's Black-Draught. Safe, pleasant, gentle in action, and without bad after-effects, it is sure to benefit both young and old everywhere. Price 25c.
