Official messages from Carothers describing his meeting with General Villa reached the President early in the day. In these messages it was specifically stated that Villa would not join with Huerta and the intimation was conveyed that General Carranza by his strong protest against the capture of Vera Cruz was in reality to prevent a disintegration of his forces.

The President made it clear today that he had no intention as yet of calling for volunteers.

## ELECTRIC SIGNS!

The distinguishing air of quality which a first-class Electric Sign gives to a store is the element which gives a sign its greatest value as an advertising medium and investment. The impression it makes is good. It blazes forth to the public that there is business enterprise, merchandise and methods up-to-date. It affects the entire atmosphere of the business district. The stranger says, "It is a live town," and publishes it abroad.

It is the Sign of the Times.
