### **TOBACCO GROWERS**

Given Advice on How to Do Away With the Wire Worm,

Washington.-The extensive damage lone by the so-called wire worm in 3 for \$1, going at 25c a pair. many tobacco states is best prevented Black, Blue, Grey, Tan, White by erop rotations, and by doing away with the weeds which are food for the worm. Clean cultivation should be practiced the summer before tobacco is planted, thus making conditions unfavorable for the egg which hatches the worm, This is the advice of the United States Department of Agriculture's avestigators who estimate that the lamage done by the worm amounts to \$500,000 arounlly in Virginia alone, and is also great in other Eastern States raising tobacco. The department has ust issued a bulletin, No. 78, on the subject, entitled "The So-Called Tobacco Wire Worm in Virginia."

Washington, May 18-General Huerta did not allow a hit. has authorized the Mexican meditation delegates to submit his resignation in case such a course is found necessary to a settlement in the peace negotiations, This was stated positively in dispatches today from a thoroughly competent diplomatic source in Mexico City, to one of the foreign representatives here and confirms intimations given by friends of the delegates here yesterday.

According to this information from Mexico City, Gen. Huerta at first auauthorized the delegates to discuss only the question of the Tampico conflict leading to the American occupation of Vera Cruz,

Later the Mexican dictator, it is explained, came to recognize the necessity of a broader settlement and then conveyed to the delegates assurance Curtis Did a Little Juggling Act With that he was prepared to step down should this course be found necessary

The problem causing chief concern to diplomats in Mexico City now is that fore a constitutionally elected Preside could assume office.

Shipe pitched the cral more of the Senators making hits, last two innings for the Senators and which were good for a total of three runs and made the game interesting. and exciting.

> Pitcher McIlvain, known as the only player in the Ohio State who never talks, except on his fingers, is ill at Chillicothe, He could not accompany the Babes on their trip to Charleston, but is expected to be able to return to the game before long.

> With the score standing 1 to 0 in favor of Charleston for five innings it looked as if the Cubs were going to have a hard time scoring, but you can put it down in your little book that it takes more than one run to beat Maysville, unless the pitcher is a young Christy Matthewson or Walter Johnson. At the rate the Cubs are now bat ting it looks as if some of these clubs around the top had better "look a leedle oudt."

Jimmy Carmony, formerly a member of the local team, but now with Charles, ton, is not putting up the class of ball Charleston Gazette has the following oncerning him: Carmony is said to have threatened to quit the team for having been recently given the appropriate soubriquet "Alibi." It is not believed by the fans that he will COUGHLIN & CO jump the game after Quran's ankle gets right again. And if he did-well, there are two sides to the question.
