How the men in the moon, the Martians, built their canals is told by an astronomer who thinks he knows. Instead of excavating, as did poor deluded Goethals, they leveled everything in sight and erected walls on the sides of the canal. Wish a Martian would drop down this evening on the Washington folks and tell how the moon men disposed of the toll question.—Power.

**HOPELESS COMPETITION!**

The United States, Germany and Great Britain will have to retire from their cherished positions as leading producers of iron and steel. A usually careful and well informed contemporary tells us that, "The total deliveries of all kinds of steel and iron of the Russian Prodamet for 1913 amounted to 2,120,222,896 net tons, as compared with 2,034,194,287 in 1914." Competition with a production of more than two billion tons is hopeless.—The Engineering and Mining Journal.

**IS THIS A FREE COUNTRY?**

The greatest disgrace has fallen upon the people of Colorado. After a shameful record of bloody labor troubles, ineffectively handled, beginning with Leadville, going on with Cripple Creek, then Leadville again and Telluride, the State's sovereignty broke down in the coal war and the Federal government had to be called in to restore and maintain order. That was quickly done when the troops arrived, showing that even labor agitators bow under a strong and impartial hand.

It is clear enough that the only real point in the labor trouble is the recognition of the union. Thus it is much the same as at Calumet. The companies in Colorado have not been minded to discriminate against the union, but neither would they discriminate against the nonunion men. In other words, they have stood for the principle of the open shop and the right of every man to work without a permit from anybody. That is a principle worth standing for and will be so long as this is a free country.

The agitators don't like it. They want dues for their treasuries and the right to make trouble. When they get around among such a collection of different nationalities as there is in the coal fields of Colorado it is easy enough to make trouble when they preach that the mines belong rightfully to the men who work in them and that they should get guns and take them, etc.—The Engineering and Mining Journal.

In a two weeks' meeting held by Billy Sunday at Huntington, W. Va., there were 2,000 conversions.

A new saloon census is to be taken by the Ohio State Liquor License Board. At the present time there are 5,525 saloons in Ohio. In the last eight years the number has decreased from 13,009.

**THE "WIRELESS" MINE.**

The Fife Coal Co. has introduced "wireless" telephony into its Lindsay colliery, at Kely, in the county of Fife, Scotland. The current is carried through the rails in the gangways. Only four receivers have been installed, one in the hoist room, another at the foot of the shaft, a third at 2850 and a fourth 4950 ft., respectively, from that point. The receivers weigh 50 lbs. Each instrument has a battery of four cells, any of which will produce a current at 15 volts pressure.—Coal Age.

**EAT BEFORE YOU WORK.**

The Lancet, the most famous medical periodical in the world, has announced that French scientists have proved that the proper time for dinner is at half-past seven in the morning. At the same time, experiments seem to point to the hours between noon and one o'clock and between seven and eight in the evening as the least suitable for eating. In addition to the heavy meal early in the morning, these scientists recommend two very light repasts, one at half-past four and the other at half-past eight of 9 p. m.

**FOOLISH PHILOSOPHY.**

It doesn't take spring weather to produce blushing idiots.

The fellow who blows his own horn doesn't generally feel blue about it.

Perhaps the reason some men are so small is because they shrink from their duty.

In drinking the only way you can get some fellows to say no is to ask them to treat.

Many a fellow wouldn't realize what a good time he had last night if it wasn't for his headache this morning.

There is one comfort for mere man in the present styles for women. The dresses do not button in the back.

THE NIGHT WATCH.

Mrs. Blinkenstein—For heaven's sake, Isaac, what have you been doing?

Mr. Blinkenstein—Oh, just having a little game of poker with Mose Rothbaum and Abe Winkler.

Mrs. Blinkenstein—But look at your vest; it is covered with tobacco juice. While playing poker can't you turn your head when you spit?

Mr. Blinkenstein—Not with them fellows.

**JAPANESE PIN CUSHION FREE**

Given Away With 10 Cent Purchase of Tuxedo Tobacco.

Every lady in the town ought to be "stuck on" this pin cushion offer by the American Tobacco Company. To start with, the cushions are the neatest novelty seen here in this line. They are shaped to represent cunning little Japanese tea pots, with a handle by which the cushion can be hung up against the wall in a convenient place.

In addition, from the smoker's point of view, when he buys a tin of Tuxedo he is getting the full worth of his dime in the most popular and delightful smoking tobacco on the market. Every smoker knows "Tuxedo Process" Tuxedo is made from the highest grade Kentucky Barley, treated by the original Tuxedo process so that it also luteally cannot bite the tongue. This fragrant tobacco is equally good for pipe or cigarette.

Inasmuch as the dealer's supply of these clever pin cushions is limited, it is advisable for you to make your Tuxedo purchase as soon as you see the sign in the dealer's window. Only one cushion to each purchaser of a ten cent tin of Tuxedo.

Financial affairs of the C. H. & D. railroad are to be probed by the Interstate Commerce Commission.

Senator James will recommend R. H. Mayo, brother of the late John C. C. Mayo, for postmaster of Paintsville.

The whole of the estate of the late Jolza C. C. Mayo, of Paintsville, said to be worth at least \$5,000,000, was left by will to his widow.

The personal property left by the late Baron Strathcona and Mount Royal, former high commissioner for Canada amounted to \$23,257,000.

No vessel in interstate trade will be allowed to draw water from any harbor for drinking purposes, according to a new ruling of the treasury department.

**LONG AUTO TRIP**

Mr. and Mrs. S. B. McMillan Burned Roads and Tires On 1,000 Mile Drive From Florida.

As the Ledger reporter was passing down Sutton street Saturday he saw a Ford automobile bearing license tag "Florida 5620."

The car was owned and driven by Mr. S. B. McMillan of Tallahassee, Fla. Mr. McMillan and wife arrived in Maysville about 9 a. m., Saturday morning. They had traveled over 1,000 miles. Some of the roads were mountainous and rough. They go from here to Newcomerstown in northeastern Ohio.

They were both over 70 years old, but look like youngsters and enjoying their trip.

They expect to return to Florida in September. They started with new tires but bought two new tires, four new inner tubes, and had used about 55 gal. of gasoline up to date and were ten days out.

**STRAIGHTFORWARD TESTIMONY**

Many Maysville Citizens Have Profited By It.

If you have backache, urinary troubles, days of dizziness, headaches or nervousness, strike at the seat of the trouble. These are often the symptoms of weak kidneys and there is grave danger in delay. Doan's Kidney Pills are especially prepared for kidney ailments — are endorsed by over 30,000 people. Your neighbors recommend this remedy—have proved its merit in many tests, Maysville readers should take fresh courage in the straightforward testimony of a Maysville citizen.

Henry Gallenstein, blacksmith, Poplar St., Maysville, Ky., says: "Doan's Kidney Pills are the best of kidney remedies. I have used different kinds and no other has ever equaled this one. When my kidneys were out of order and I had pain in my back, I heard of Doan's Kidney Pills and used them. They stopped the pains and my kidneys became strong. The cure has been permanent."

Mr. Gallenstein is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you—don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Gallenstein had—the remedy backed by home testimony. 50c all stores.
