**KNOCKED SILLY**  
 Supreme Court Declares Ken-  
 tucky Law N. G. and Worst  
 Brand of Class Leg-  
 islation

Washington, June 9.—Missouri's anti-  
 trust laws, attacked as unconstitutional  
 because they exempt labor combinations  
 were upheld yesterday by the Supreme  
 Court. At the same time the Ken-  
 tucky anti-trust statutes were annulled  
 because of the endeavor of the Com-  
 monwealth to exempt tobacco pools  
 from their operation.

As a result of the decisions the judg-  
 ment of the Missouri Supreme Court  
 ousting from the State and fining the  
 International Harvester Company of  
 America \$25,000 for being a member  
 of a "trust" was affirmed, while the  
 action of the Kentucky Court of Ap-  
 peals in affirming judgment in favor  
 of various Kentucky counties for penalties  
 against the same company for being a  
 member of a "trust" was reversed.

The decisions do not affect the ac-  
 tions of the Federal Government against  
 the International Harvester Company  
 under the Sherman anti-trust law. The  
 language of Justice McKenna in deliv-  
 ering the Missouri opinion in regard to  
 trusts with "good intentions" was re-  
 garded in some quarters as a warning  
 to organizations self-styled "good  
 trusts," but, on the other hand, lawyers  
 representing corporate interests wel-  
 comed the Kentucky opinion by Judge  
 Holmes as showing the law had no  
 favorites.

Justice McKenna said that it was  
 too late to assert that a State could  
 not prohibit combinations induced by  
 good intentions and which had some  
 good effect. This was his answer to  
 the argument by the Harvester Com-  
 pany that had reduced the prices of  
 machinery to farmers.

The Court condemned the Kentucky  
 statutes because those laws made it  
 unlawful to balance or depress prices  
 of commodities above or below the  
 real market value. The Court held  
 that it was beyond human ingenuity  
 to determine what the real market  
 value of a commodity was and hence  
 the law was beyond the power of a  
 State to enact. Pointing out that in  
 1890 Kentucky passed an anti-trust act  
 against combinations in restraint of  
 trade, Justice Holmes said: "But Ken-  
 tucky grows tobacco and the farmers  
 were dissatisfied with the prices that  
 they were able to get for their tobacco,  
 as they alleged, because of a combi-  
 nation of buyers."

So, he added, in 1906 the State passed  
 a law legalizing the pooling of crops  
 for higher prices. The seeming con-  
 flict between the pooling law and the  
 general law was avoided by the Court  
 of Appeals, he explained, by holding  
 that the law was to be taken to mean  
 that any combination for the purpose  
 of controlling prices was lawful unless  
 for the purpose or with the effect of  
 making prices that were greater or less  
 than the real value of the article.  
 "The result seems to be," said Jus-  
 tice Holmes, "that combinations of to-  
 bacco growers are held to do no more  
 than restore an equilibrium that has  
 been disturbed by a combination of  
 buyers, where if prices are raised after  
 a combination of manufacturers it very  
 nearly is presumed that the advance is  
 above the real value and that there is  
 a crime committed."

**ONLY TWO HITS**  
 Secured Off Sanford's Delivery and  
 Maysville Defeats Chillicothe By  
 the Score of 3 to 1.

With Ed Szafor in the box those  
 lowly Cubs defeated the champion  
 Babes by the score of 3 to 1. Szafor  
 had everything and only two hits were  
 made off his delivery, and one of those  
 being a scratch.

Goshorn for the Babes was touched  
 up for thirteen safeties which were  
 good for three runs and the game.

Chillicothe made their only run in  
 the third when Newnam walked, was  
 sacrificed to second and scored when  
 Dieterich let Corbin's grounder go  
 through him.

Maysville opened up the fireworks  
 in the fourth. Donovan singled down  
 the third base line. Dieterich beat out  
 a bunt. Ellis fanned. Goth singled  
 to left, Donovan and Dieterich scoring  
 when Hontz made a bad throw home.  
 Szafor fanned. Badel bounded to  
 Shinavia and was out at first.

The Cubs made another tally in the  
 sixth. Donovan doubled to center. Die-  
 terich sent him to third on his out at  
 first. Donovan sprained his ankle going  
 into the base and Goth was sent to  
 run for him. Ellis sacrificed and Goth  
 scored. Goth bounded to Parmelee and  
 was out at first.

**RIGHT OFF THE BAT.**

Linnie, ex-Maysville player, has joined  
 the Chillicothe club for a try-out.  
 Maysville plays at Newport today and  
 tomorrow, returning home Friday and  
 Saturday for two games with Newport.  
 Goth is a good hitter and a good re-  
 ceiver, but he shows a weakness in go-  
 ing after foul balls. However, with the  
 right kind of training he should be de-  
 veloped into a good man.

The team left this morning for New-  
 port badly crippled by the absence of  
 Mace and Donovan. Mace will be back  
 in the game soon but Donovan will be  
 kept out for several weeks.

Donovan regained his batting eye yester-  
 day and secured two singles and two  
 doubles in four trips to the plate. His  
 last hit, a two bagger would have been  
 good for three bases had he not been  
 lame.  
 The Directors of the Newport club  
 met Monday and appointed a committee  
 to meet Garry Herrmann yesterday  
 morning and try to close a deal for  
 Redland, Field, Cincinnati. If the  
 grounds cannot be secured Newport  
 will be transferred to Pratsford, Pa.

 club, attended the session. The Newport

**Deafness Cannot be Cured**  
 by Local Applications, as they cannot reach the dis-  
 eased portion of the ear. There is only one way to  
 cure deafness and that is by constitutional reme-  
 dies. Deafness is caused by an inflamed condi-  
 tion of the mucous lining of the Eustachian tube.  
 When this tube is inflamed you have a rumbling  
 sound in your ears, and when it is entirely  
 closed, deafness is the result, and unless the in-  
 flammation can be taken out and this tube re-  
 stored to its normal condition, hearing will be  
 destroyed forever; and cases of deafness cured  
 by Catarrh, which is nothing but an inflamed  
 condition of the mucous surfaces.
