

SENDS OUT WARNING

National Housewives' League Would Protect Consumers From War Prices.

New York.—The National Housewives' League sent this notice to members throughout the United States: "Call a meeting to consider the prices of foodstuffs in your city. Investigate from every angle. Honest merchants will not take advantage of the present war crisis to advance prices, but we must have the subject well in hand to protect the consumer from any unwarranted rise. Watch prices and report any advance to the National Executive Committee."

MAN WHO SHOT ROOSEVELT CONTINUES TO DECLINE

John Shrank, who attempted to assassinate Colonel Roosevelt in Milwaukee in October, 1912, probably never will be tried on the charge of assault with intent to kill. Judge Backus, of the municipal court, has received word from physicians in the criminally insane department of the state prison at Waupun that Shrank is daily growing worse from a mental standpoint. The assault charge still stands against the prisoner and he cannot be tried until he has been pronounced sane.

When a man prefers the simple life that is an indication that he never has lived it.

THIS WOMAN'S SICKNESS

Quickly Yielded To Lydia E. Pinkham's Vegetable Compound.

Baltimore, Md.—"I am more than glad to tell what Lydia E. Pinkham's Vegetable Compound did for me. I suffered dreadful pains and was very irregular. I became alarmed and sent for Lydia E. Pinkham's Vegetable Compound. I took it regularly until I was without a cramp or pain and felt like another person, and it has now been six months since I took any medicine at all. I hope my little note will assist you in helping other women. I now feel perfectly well and in the best of health."—Mrs. AUGUST W. KONNER, 1612 Hollis Street, Baltimore, Md.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact. For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, enlargement, tumors, irregularities, etc. If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Paris Green

Now is the time to buy the best. We carry the best grade that can be made. Our prices are low. Our Green is good.

THE HORRORS OF STAGE FRIGHT MEATS IN UNITED STATES.

In the July Woman's Home Companion appears a story entitled "The Diary of a Beauty," in the course of which an actress describes, as follows, an experience she had with stage fright: "All at once, everything changed: the stage became something like the platform of a gallows, all those myriad eyes fixed upon me were mocking and jeering at me and ready to break into roars of laughter at my failure, the people on the stage were impeding me and preventing me from acting. I could have shrieked aloud with agony I began to forget my lines, and the prompter had to repeat them. At last I felt my will-power slipping away from me and I tried to reach a chair on the stage but before I was near enough I sank to the floor. The curtain was immediately sent down. The people crowded around me and carried me into my dressing-room. As I was being taken off the stage, I heard the stage manager in front of the curtain apologizing to the audience and saying that I had fainted. I was very glad that they thought it was purely physical, but as a matter of fact it was purely mental. I soon felt perfectly able to stand up and walk about if I wished, but the desire to move was lacking. Mr. Hart came in and patted my hand and said a few encouraging words. He thought, as did everyone else, that I was ill when I collapsed."

THE PRACTICAL PHILOSOPHER

(American Machinist.) The mechanical efficiency of a machine is a measure of its serviceable life for accurate work. In sand blasting the sand in general use is a coarse beach sand with grains from 1-16 to 1-32 in diameter. A shop system applied long and rigidly enough will always tend to fill the shop with such men as that system fits. The tradition with regard to the unhealthiness of grinding still holds, and it is difficult to get men prepared to train themselves in this art. The planer is one of the few machine tools in which the contact point between the cutting tool and the work is entirely circled by a fairly rigid frame. A salesman handling machine tools is handicapped from the start in a deal unless he is a practical man; he is meeting with practical men and must be able to discuss details technically with precision. An etching fluid for marking tools can be made as follows: Mix one part of muriatic acid, one of nitric and four parts of water. The tool is coated with wax and the design is then scratched in.

Our Colored Citizens.

(Aberdeen Gretna Green.) D. McFarland will attend the Grand Lodge meeting U. B. F. at Madisonville, Ky., August 10. The Thornton family held a reunion at Lewis Shroves, 7 miles North of Ripley, August 5. Rev. D. MacFarland was an invited guest, as they were his Sunday school scholars 25 years ago. Rev. D. McFarland preached for Rev. W. C. Stateman at Washington, Ky., one night last week, and visited an aged woman, Martha Lawson, who is 90 years old, and knew the reverend gentleman when in his infancy. Pretty lace Budoir Caps, 25c, 50c, 75c. Lace Corset Covers \$1, with net sleeve cap \$1.25. Hunt's.

MORGAN'S MEN

Plan Reunion at Olympia—Three Days Meetings To Begin on September This First.

Morgan's Men will hold their annual reunion this year at Olympian Springs, September 1 to 3, which will be attended by every follower of Gen. John Hunt Morgan, the gallant Confederate leader, who is able to go there. The reunion last year was held at Olympian Springs and was one of the best ever enjoyed by the "old boys." H. M. Taylor, of Carlisle, who is secretary of the Morgan's Men Association has sent out notice to all Morgan men to assemble at the Bath County resort in September for the three days of the reunion. Camp fires will be lighted and the days of the early sixties will be the chief theme of conversation and addresses. It is expected that General Basil W. Duke, of Louisville, who succeeded General Morgan as leader of his gallant brigade, will attend the reunion this year and make a speech to his former followers. Reduced rates will be offered on all Kentucky railroads to Olympia, and the hotel management there will give the former Confederates the benefit of cheap rates.

PERSONALS FROM THE ABERDEEN GRETTA GREEN.

Mrs. Lynne Herndon and daughter, Lynne arrived last week on a visit to her parents, P. N. and Mrs. Bradford. Frank Mock and son Harold, of Chicago, last Sunday, joined his wife & daughter, who are visiting relatives here. John Jacobs and wife and Cecil Jacobs, left Sunday for their Dayton, Ohio, home after a pleasant visit with relatives here. Woodruff and Hugh Clark, of Bellevue, Ky., who have been visiting their grand-parents, W. H. and Mrs. Clark the past two months returned to their home last Monday. Jesse Boswell and wife, of Huntington, W. Va., and Foster Boswell, wife and child of Columbus, Ohio, returned to their homes Sunday after a pleasant visit to their parents here, A. T. and Mrs. Boswell.

WAR ABROAD BRINGS CHEAPER

Live hogs have declined from 40 to 60 cents per 100 pounds within the past three days, and dealers say that a further break seems inevitable. With the live-stock market on the down grade, Maysville consumers of meat will soon derive some benefit from the war in Europe, as shipments to foreign countries are almost impossible, and what is raised in the United States will be used for domestic consumption. Unsettled conditions abroad have stopped exports of lard, ribs and provisions of all kinds, and some sensational declines in prices for such products have developed within the past few days. The break in live stock prices as yet has had no influence on the retail markets, but from present indications fresh meats will soon be lower.

PENALTY FOR 'BOOTLEGGING' IS MADE MUCH HEAVIER.

Frankfort.—The most drastic penal law enacted by the General Assembly in 1914 apparently has escaped the observation of local officers as well as violators. In amending the prohibition law the General Assembly changed the word "or" to "and" in the penalty for "bootlegging," depriving courts of the discretion of fining or imprisoning those found guilty of this offense and making the penalty a fine and imprisonment. This little change was lost sight of in the more extensive amendments to the law. The old penalty was a fine of \$60 to \$100 or ten to forty days in jail or both. The amendment law fixes the penalty at \$60 to \$100 fine and twenty to forty days in jail.

LACKED JUST ONE OF WINNING AUTO.

(Mt. Olivet Tribune.) Will J. Curtis of Piqua came within a "Georgetown grazer" of winning the automobile at Heehinger's. He held ticket No. 88,686 while the lucky ticket was 88,687. Mr. Curtis was in Maysville sometime ago and was in Heehinger's store talking to Will Trouts when a traveling man dropped in, made a dollar purchase and handed the ticket to Mr. Curtis, who marked on the back of it "Given me by a stranger." Two tickets, numbered 88,686 and 88,687, were held by the Tribune Democrat force. But an old adage says: "A miss is as good or bad as a mile."

A LOVELY CREATION

(Boston Record.) He sported tan shoes, pink stockings, a lavender suit, pink shirt, a necktie more glaring than a stage sunburst, and one of those straw hats of the bedraggled brim, vari-hued brands variety such as some college men and many girls are affecting. Yet men are prone to ridicule the dresses worn by women this summer! He was a lovely creation. Solonism in all his glory could not have held a candle to him. By the way, he wore a wrist watch and had his handkerchief tucked up his sleeve. No, he did not have any bracelet. He was found at Cambridge.

TIME TO QUIET

(Danville Advocate.) Democrats in Danville are still arguing over the senatorial race as though the election had not been held. This should be cut out.

THE FARM BOYS OF KENTUCKY

Distinction and a Delight to Represent County at State Fair

FUTURE "BONE AND SINew"

Of a Great State Counting the Days Between Now and the Encampment To Be Held on Fair Grounds—Competitive Examinations.

The future "bone and sinew" of the state, the farm boys of Kentucky, are already counting the days between now and the encampment to be held at the Kentucky State Fair, September 14-19. This annual encampment vies in the estimation of the youngsters with even the redletter epochs, Christmas and the Fourth of July, and all over the state there are myriads of farm boys with hearts filled with eager hope that the competitive examinations by which they are selected will win for them the honor of being chosen as delegate to represent their particular county.

Application blanks for this competition are mailed out by and are to be returned to State Fair Secretary J. L. Dent by or before August 1. The only stipulations made in this contest are that the boy be engaged in active farm work, between the ages of 15 and 18 years, and of good moral character. Any boy who has been enrolled in a college of agriculture is, of course, barred. The successful applicants will be selected by an examining committee two from the State Board of Agricultural and of the faculty of the agricultural college.

The boys, during their encampment at the Fair, are regarded as guests and wards of the management and every thing possible is done to make their trip a memorable one, as well as of inestimable benefit to them from an educational viewpoint. They are taken on tours through the Fair, where they enjoy lectures by authorities on various subjects of agricultural and mechanical science, are taken on excursions through the industries and show places of the city, and are furnished with every comfort and amusement possible.

It will be optional with the farm boys of this year's camp as to which class they will enter in the judging contests, and two handsome gold watches have been donated by W. A. Burnett, of the Bourbon Stock Yards, as prizes for the winners in both the dairy cattle and beef judging contests.

RAIN OR SHINE HE BEATS THE BIRDS

Lincoln Beachey Files Up-side-down, Loops-the-Loop, Makes 2,000 Feet Spirals and Races Auto Just Ten Feet Above Earth.

Rain or shine, wind or calm, Lincoln Beachey, the up-side-down birdman or loop-the-loop wonder, who has been engaged for one day only, Saturday, September 19, to give two exhibitions at 3 and 4:30 at the Saturday annual Kentucky State Fair, will go through the entire performance which has made him an absolutely unique figure in the world of aviation.

Beachey seems to be able to successfully defy the elements and where other aviators decline to even take a chance, this intrepid aerial wonder apparently seems to revel. In fact, he claims that a calm day takes from him all joy in a flight and where his compatriots loop the loop at a distance requiring field glasses, Beachey makes his blood-curdling whirrs so close to earth that his face may be plainly seen. He flies as easily up-side-down as he does right side up and declares that he is taking more chances in his dare-devil race with a speeding automobile than he does high above the earth, for in this race he flies so low that an upraised hand may almost reach him, and if anything went wrong with his machinery it would mean a disastrous smash, whereas if at a sufficient height he hurled defiance at fate and expresses himself as well able to take care of himself.

Beachey started his flying career as a pupil of Glenn Curtis and astonished this celebrated birdman by "taking it on himself" to fly under the suspension bridge, spanning the most dangerous rapids of Niagara Falls while under Curtis' tutelage. A few weeks later Beachey entered the great Chicago meet and won international fame by breaking the world's altitude record during a wind which frightened other competitors from the field.

Beachey will give State Fair visitors the full benefit of his repertoire during his special one-day engagement scheduled as climax to the greatest celebration in State Fair history.

RAILROAD RATES TO STATE FAIR.

Rate of one fare plus 25 cents for round trip from all points in Kentucky has been secured by the Transportation Committee of the State Fair. It is estimated that a quarter of a million people will take advantage of this rate.

COL. CHAMBERS SOME TRADER.

(Mt. Olivet Tribune.) R. O. Chambers of Sardis, who bought of Mordecai Wiggins his farm on the Sardis & Blue Lick pike, for \$13,500 has sold 50 acres of the tract to John Marshall and resold the remaining 28 acres, with all the improvements, back to Mr. Wiggins, Mr. Chambers making a nice profit in the deal.

The 1215 convention of the Knights of Columbus will be held in Seattle.

BAN ON PAPER PULP

St. Lawrence River East of Montreal To Be Mined, Is Announcement.

Ogdensburg, N. Y.—Paper manufacturers in the United States importing pulp wood from Lower Canada by shiploads, have been notified that unless special permission is granted the service will be suspended until after the war, as it is said to be the purpose of the Dominion government to stop all vessel traffic in the St. Lawrence river east of Montreal and plant mines in the river.

WAR HITS PARIS FASHIONS.

New York.—One of the plagues of the European war that especially affects the women of America is the fact that with France in the military field her modistes and gownmakers have no time to design new fashions. Acting on this, it is estimated that over 1,000 dress-makers in the United States, who have made annual trips to Paris to see the latest in clothes, etc., have been forced to abandon the journey. This means that American dressmakers must design their own wares this year.

WET AND DRY ELECTION IN BOURBON.

Paris, Ky., August 6.—In the Bourbon county court Judge C. A. McMillan called a prohibition election in the county for September 28, at the request of the "drys" who two weeks ago filed a petition signed by 1,734 voters.

The flags on all the United States Government Buildings throughout the world will be at half mast the day of Mrs. Woodrow Wilson's funeral.

Large assortment of voile, seers, marquisette and other silk-mixed fabrics 25c yard, reduced from 50c. Hunt's.

NEAR DEATH BY SMOOTHERING

But Husband, With Aid of Cardui, Effects Her Deliverance.

Draper, N. C.—Mrs. Helen Dalton, of this place, says: "I suffered for years with pains in my left side, and would often almost smother to death. Medicines patched me up for awhile but then I would get worse again. Finally, my husband decided he wanted me to try Cardui, the woman's tonic, so he bought me a bottle and I began using it. It did me more good than all the medicines I had taken. I have induced many of my friends to try Cardui, and they all say they have been benefited by its use. There never has been, and never will be, a medicine to compare with Cardui. I believe it is a good medicine for all womanly troubles."

For over 50 years, Cardui has been relieving woman's sufferings and building weak women up to health and strength. If you are a woman, give it a fair trial. It should surely help you, as it has a million others.

Get a bottle of Cardui to-day.
