Frankfort, Ky., August 10.—Official district returns from an even 100 of the 120 counties in Kentucky give Beckham a plurality of 1,596 over Stanley in the State primary for the Democratic nomination for United States Senator and give Wilson 2,636 plurality over Ernst, Camden, Democrat, for the short term, and Ballitt, Republican won by immense majorities.

The majority of 685 he received in Jefferson county over Jolly probably will nominate Burton Vance as Progressive candidate over George W. Jolly, giving him a majority in the 100 counties of 945 out of a total vote of only 2,357. Considerably more than half the total vote of the Progressives was polled in Louisville.

Five counties in the Eleventh district give Herd 56 and Creech 34 for the Republican nomination for Congress. Glenn Ireland defeated George Osborne for the Republican nomination for Congress by over 1,000 in the Ninth

RALLY FOR GOOD ROADS

Judge Rice Issues Call to Boost Road Proposition in Mason County.

There will be a "Good Roads" mass meeting at the courthouse Saturday morning at 10 a. m. Let all interested citizens be present.
JUDGE W. H. RICE, Chairman.
The good roads movement is sweeping over the nation. Mason county, with her fine farms should not be one of the backward counties. In fact, she should be the leader in this movement. Sixteen years ago when the county took over the turnpikes, the same number of men were employed as today, yet everything has advanced in cost of living and the county is still trying to run the roads for the same money. Our system needs revising and shaping up. Let this meeting be a hummer. Don't come with your hammer but come a booster.

RESERVE BOARD

QUAINT CHURCH UNDERGOING REPAIRS.

The King's Daughters of the Church of the Nativity, by their industrious efforts and good management, have secured sufficient money to make needed repairs and improvements to the interior of this beautiful little edifice.

THE SADDEST JOURNEY FOR PRESIDENT WILSON.

Washington, August 10.—Woodrow Wilson, President of the United States, was making the saddest journey of his life tonight. In a special train bearing the body of Mrs. Wilson to his final resting place beside the graves of her father and mother, he was on the way to Rome, Ga., surrounded by his daughters and a few members of his own and his wife's families.
Among the flowers at the White House were many elaborate designs. Washington florists were called upon as never before. Orders came by cable and telegraph from every part of the world. Scarcely a capital of the world or a city of the United States was unrepresented.

Church Bells Tolloed.

Manassas, Va., August 10.—Virginia towns tolled their church bells and silent, sympathetic crowds gathered at many of the railroad stations tonight as the special train bearing President Wilson and his dead wife passed southward. The President was sitting beside the casket as the train left Washington and he stayed there until late in the evening.

ANOTHER FINE RAIN LAST NIGHT

This section was again blessed by a copious rain last night and this morning and the dust and dryness has given way to moisture which is a Godsend to the farmers and crops and stock.
A prominent Maysville tobacco man informed The Ledger that Mason county will produce an average tobacco crop this year despite the drought.

Mrs. George S. Bruce and two sons, George S. Jr., and Sam M., who have been enjoying life at Sweet Chalybeate Springs, W. Va., for the summer are here for a visit with her parents, Rev. and Mrs. J. M. Evans, of Limestone street, before returning to their home at Houston, Texas.

MAYBE it is an old fashioned idea this notion of putting all the value possible into the car itself—and as little as possible into overhead expense—

But it has given the Paige a positively dominant position among cars of medium price—

Ample capital for operating purposes—no bonded indebtedness—no excessive capitalization—no heavy overhead of any kind to be paid for.

Just a full dollar of car value for every dollar of the selling price.

Is it any wonder that the Paige is going to be oversold again this year in spite of increased production?
