GOOD ROADS

Mason County to Have the Best That Money Will Build

The Fiscal Court Yesterday Heartily Endorsed Judge Rice's Plan for a \$200,000 Bond Issue

The good roads movement in this State yesterday received the most substantial boost that has been given it by any county within its borders. For years County Judge Rice has been figuring on two propositions—how to keep the four main turnpikes of Mason county in good condition and at the same time not increase the burden of taxes upon the people.

This county now has 345 miles of turnpikes that need constant attention, and on these 345 miles is spent annually \$30,000 to keep them in repair and passable condition. While the pikes are in fairly good condition, as good as the money allowed would make them, the four main pikes, the Mason and Lewis, the Maysville and Mt. Sterling, the Maysville and Lexington and the Mason and Bracken, have become in such a condition that the heavy increase of travel now over them will not allow the authorities to keep them up.

The money due from the State—about \$16,000 per year will be available next year and with \$216,000 to start on this will enable the county to rebuild the four main lines. As to the State law: Mason county will pay into State treasury \$7,200 each year as its share on the 5 per cent. St. Levy for road purpose, and on the other hand will receive \$16,000, or will receive over \$2 for every \$1 paid to the State, and in twenty-five or thirty years will have received about \$200,000 in all.

Chicago, Aug. 31.—The impression that the European war is to be prolonged and one was again reflected in the wheat market at the opening today. Gen. Paul Pau Has Dealt Smashing Blow to the Invaders.

London, Aug. 31.—The French army and our English troops are now holding good positions in a much stronger and closed line and stemming the tide of the German hordes rolling up to Paris," says the Chronicle's Amiens correspondent.

"General Paul Pau, the hero of this war, after his swift return from the eastern front where he repaired the deadly check at Muehlenhausen, has dealt a smashing blow at the German army corps which was striking the heart of France.

"Paris is still safe for the time being with the great army of the allied forces drawn across the country as a barrier which surely will not be broken by the enemy.

"I have been all through this war zone during the past fortnight and nothing I have seen or heard from either the British or the French leads me to believe that our army has been smashed or that the allies are demoralized.

ALL OUT OF SORTS

Because He Was Not Paid for the Work He Was Compelled to Do.

Yesterday Hamilton Best was fined \$1 and costs by Squire Bauer for a plain drunk. Best told the Squire to call up Holman Crawford at Murphysville and he could go on his bond, and while waiting for an answer to the phone call Best was taken over to jail.

In a short time he was brought back and put to work cutting the grass in front of the Clerk's offices.

Crawford phoned in to let Best go, as he would stand for the fine, and before Best left he wanted to know the best way to get his pay for cutting the grass, as it was a private job, and didn't belong to those supposed to work out a fine, and also why he was compelled to go on a job to work out a fine that was already paid. The poet laureate then got busy and this poem was found on the handle of the lawn mower:

The grass isn't cut, And I don't care a damn; There is no one to cut it, For I have lost Old Ham. It is now thought Jailer Eitel will take an appeal.
