## HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

## MRS. MABEN WAS MADE WELL

By Lydia E. Pinkham's Vegetable Compound and Wants Other Suffering Women To Know It.

Murfreesboro, Tenn.—"I have wanted to write to you for a long time to tell you what your wonderful remedies have done for me. I was a sufferer from female weakness and displacement and I would have such tired, worn out feelings, sick headaches and dizzy spells. Doctors did me no good so I tried the Lydia E. Pinkham Remedies—Vegetable Compound and Sanative Wash. I am now well and strong and can do all my own work. I owe it all to Lydia E. Pinkham's Vegetable Compound and want other suffering women to know about it."—Mrs. H. E. MABEN, 211 S. Spring St., Murfreesboro, Tenn.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for nearly forty years proved to be a most valuable tonic and invigorator of the female organism. ### EVERY COUNTY TO HAVE TWO GAME WARDENS.

(Barbour News.) Every county in Kentucky will be controlled by two game wardens, acting directly under instructions from the Game and Fish Commission, from November 8 until January 1, when the game season will close. The season will open November 15.

Executive Agent J. Q. Ward, who has just appointed thirty district wardens, with directions to select a warden in every county where there is one now, will call into cooperation to prevent hunting out of season or without a license and market hunting every available agency. He is sending notices for publication in every county paper advising hunters of the action of the department; he is calling hunters and outfitting clubs to assist, and the warden have directions to call on the County Judges, Sheriffs and County Attorneys to assist them.

These wardens will go horseback or in buggies and their visitations will be without warning. Instructions as to the character of their duties and the way they are to perform them are explicit.

Market hunters and those who hunt out of season or without a license are the particular objects of this surveillance. Sunday violators and trespassers must be handled by the local authorities, and wardens are instructed to inform landowners who ask them to arrest such violators that they should go to their county authorities.

Mr. Ward said the successful work of the department last year in the fight against market hunting, followed by a dry, good breeding season, has made game birds plentiful this fall, and if the hunters cooperate with the department the sport will be unusually good.

### A NEGRO CITY.

Boley, Okla., is the largest negro city in the United States. It is surrounded by some of the richest land in the world and has in its neighborhood most valuable mines of coal and wells of oil.

This negro town is "making good." Today it has an excellent business center, an electric lighting plant, efficient waterworks, two banks, several attractive churches, a High School worth over \$15,000, a Normal and Industrial School supported by the C. M. E. Church, flourishing fraternal orders, a Masonic Temple of the Oklahoma jurisdiction worth \$25,000, a telephone system, several cotton gins, a Chamber of Commerce, a City Hall, a negro Mayor.

### SUCH A FOOLISHNESS.

Colonel W. P. Walton makes a timely protest in the Lexington Herald against the manner in which the introduction of public speakers is overdone. Colonel Walton says he attended a speaking not long ago which was presided over by a Chairman who introduced the introducer "and when they were both through with their eloquent efforts it was almost time to go home."

Beware of Ointments for Catarrh That Contain Mercury. As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them.
