WALKING HOME

From Chicago—Miss Jennie M. Zwegart Taking Long Hike For Her Health.

Walking from Chicago to Maysville is some walk, and especially so when the walkist is a young girl. This is what Miss Jennie M. Zwegart, a Maysville girl and a recent graduate of our high school, is now attempting.

Miss Jennie is an accomplished and pretty girl and her twentieth century ideas mark her as a "girl progressive" of the front rank. She recently gained much notoriety in Chicago by actually fasting for twenty-five days, and to add to her laurels she is walking all the way home from Chicago.

She is evidently getting here, as the following postcard, dated at Lebanon, Ind., April 8. The card is addressed to one of her married lady friends of Market street, this city, and reads: Lebanon, Ind., April 8, 1915.

Ms. I am walking to Kentucky and making good time. This is a lovely church (Pietist on reverse side of postal.) JENNIE.

The young lady will be given a cordial reception when, tired and weary, she reaches her old home town.

ANOTHER FINE SERMON

Delivered By Dr. Aultman Last Night—Spoke On "The Word of Eternal Life."

Last night at the Third Street M. E. church Dr. Aultman took as his theme, "The Word of Eternal Life," and his text was found in a part of John 6:68, "Lord, to whom shall we go, Thou hast the words of eternal life."

His message was clear and to the point and several were under conviction of their sins although they did not respond to the invitation to come to the altar.

Dr. Aultman's solo, "My Mother's Hands," was very sweetly sung, and was almost a sermon in itself.

This afternoon at 3 o'clock a special service will be held for the children. Every one is invited to attend this meeting.

Tonight's service begins at 7:30 o'clock. The song and prayer service lasts for about half an hour.

Come out to any or all of these services. They will do you good.

FIRST VICTORY.

M. H. S. T. Jersey Ridge 6. This was the final outcome of a rather slow game of baseball yesterday afternoon at the East End ball park. Burrows and Marsh starred for the high school, while H. Dice featured for the Ridge Boys. Batteries—M. H. S., Hunt and Shea; Jersey Ridge, H. Dice and W. Dice.

This was Maysville's first victory, and from all appearances the High School will have a good team this year.

MAYSVILLE ASSEMBLY DANCE.

Last evening the Maysville Assembly Dancing Club gave one of their dances at Neptune Hall. About twenty-five couples were in attendance and enjoyed themselves to the utmost. The music was furnished by the Maysville Saxophone Trio.

GREAT SUCCESS

"Three Blind Mice" Admirably Presented By Class of 1915.

Last evening the M. H. S. auditorium was crowded to capacity by an audience appreciative of every effort of each individual performer in the Senior Class Play, "The Three Blind Mice," which was given without a hitch; each performer being trained perfectly to his or her part, under the efficient supervision of M. H. S. Dramatic Director, Mr. William Dera.

The playing of Miss Ruth Thomas, who, as Marjorie Lovel, kept the house in a ripple of laughter, was easily the feature of the evening, while Mr. George Hunt, as Rawson Guest, whose emphatic answers took the audience by storm, Miss Elizabeth Peed, whose rendering of the difficult role of Lady Clarisford was equal to a professional.

The cast of characters was as follows: Julian Shuckburgh—Hermann Calvert Rawson Guest—George Hunt Andrew Lavender—Gordon Marsh Peter Ricketts—John Matthews Footman—Joe Edwin Matthews Jim Sport, Ostler at the Red Lion—Francis Hopper Lady Clarisford—Elizabeth Peed Lady Richard Marra—

RUMOR OF SUICIDE.

The friends and family of Mr. Frank Holland, aged 45, married, with five children, are alarmed over his disappearance. He left home last night and declared his intentions of committing suicide by drowning himself in the reservoir. When last seen he was climbing the hill upon which the reservoir is situated, but whether he carried out his intentions is not known.

Later, a note saying he had ended all was found on the reservoir bank. The reservoir will probably be drained today to learn whether the rumor is true or not.

Concerning Soil Tillage

After the ground is plowed, it should be disced and harrowed until all lumps are finely pulverized. This is because the delicate plant roots cannot penetrate hard lumps and are, therefore, deprived of much plant food. Tillage increases the availability of plant food elements by changing the arrangements of soil particles and bringing together those that have not before been in contact. It also changes the relation of the soil with air, water, salts and acids in the soil, making available plant food that would otherwise remain dormant.
