GERMAN REPLY SUBMITTED TO EMPEROR

Impression Prevails That Improper Use of Flag and Alleged Armament of Lusitania Will Be Only Incidentally Referred To.

Berlin, June 22.—The Foreign Office experts have commenced the consideration of the German answer to the American government's note concerning Germany's submarine warfare, and the first draft of the document presumably will be finished at the end of this week. As the reply this time will be submitted to Emperor William, at headquarters after it is thrashed out between the departments concerned, it will probably not be ready for transmission before the middle or the end of next week.

There is no clear indication of the probable nature of the note yet obtainable. From the emphasis which the naval writers continue to lay upon the alleged British practice of flying neutral flags and encouraging merchantmen to attack submarines and the impossibility of submarines to observe the regulations concerning visitation and search under those conditions, it might be anticipated that this argument would be the kernel of the reply. But at the Foreign Office there seems to be an impression that this point will appear only as a subordinate part of the reply, if at all, and that an attempt will be made to give a definite answer to President Wilson's requests, one way or another.

The alleged armament of the Lusitania probably will not figure prominently in the next note. Considerable testimony has been assembled regarding the presence of guns aboard the Lusitania, but it all refers to voyages prior to the one on which the Lusitania was sunk, although some of it touches on trips made since the war began.

German Sailor's Testimony.
A German sailor named Emil Grabe, for instance, deposes in an affidavit published here, that he sailed for four years on British ships, including the Lusitania and the Mauretania. He avers that he made three trips on the Lusitania, and that she, like the Mauretania, carried five or six twelve-centimeter guns—two on her after deck, two amidships and one or two forward. Grabe testifies that he personally watched naval reservists in the crew of the Lusitania exercising with these guns. Higher business influences continue to be exerted in favor of a peaceful settlement with the United States. A number of industrial and commercial leaders in Germany have appeared in Berlin during the last few days to use their influence personally to this end.

No further details regarding the manner of the destruction of Captain Otto Weidinger's submarine, the U-29, are obtainable here. The admiralty says that all the information in its possession was contained in its announcement of last Friday, that the underwater boat had been rammed and sunk by a tank steamer after the tanker had been ordered to stop.

KENTUCKY COURTS RULING MAKES CHANGE IN FILING OF NOMINATION PAPERS.

Frankfort, Ky.—Cecil Vansant, Assistant Secretary of State, has addressed a letter to candidates in districts comprising one county, notifying them that they must file their nominating papers with the clerk of their county.

The Court of Appeals decided that where the district comprised a county that the candidates in that district must file with the County Clerk. This opinion was given in the case of Ray against Kirby, of Jefferson county.

Vansant says: "Under this opinion I shall not certify the name of any candidate who, under this rule, should have filed with the County Clerk." In order to prevent confusion he suggests that the candidates living in districts of one county should request a return of their papers.

MISUSE OF FLAG

United States Will Again Make Representations To England.

Washington, June 22.—Further representations are to be made to Great Britain by the United States government on misuse of the American flag by British merchant ships. That these representations would be included in the new note to Great Britain now being prepared, relating to interruptions to neutral commerce was indicated by State Department officials.

The London foreign office, it was officially declared, had been advised from time to time of several complaints that British steamers had displayed the American flag, but the subject now will be dealt with generally in the note that is expected to go forward in the near future. Just when the communication will be sent has not been determined and is dependent somewhat upon progress of negotiations with Germany relating to submarine warfare.

THOUGHT SHE COULD NOT LIVE

Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Unionville, Mo.—"I suffered from a female trouble and I got so weak that I could hardly walk across the floor without holding on to something. I had nervous spells and my fingers would cramp and my face would draw, and I could not speak, nor sleep to do any good, had no appetite, and everyone thought I would not live. Some one advised me to take Lydia E. Pinkham's Vegetable Compound. I had taken so much medicine and my doctor said he could do me no good so I told my husband he might get me a bottle and I would try it. By the time I had taken it I felt better. I continued its use, and now I am well and strong."

"I have always recommended your medicine ever since I was so wonderfully benefited by it and I hope this letter will be the means of saving some other poor woman from suffering."
Mrs. MARTHA SEAVEY, Box 1144, Unionville, Missouri.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

BIG SALE OF CATTLE AT MT. STERLING.

Mt. Sterling, Ky.—Three thousand head of cattle were sold on the market here this week at high prices. The quality was fair. For the first time in forty years heifers were sold over the scales at 7 cents and yearling steers at 8 cents the pound. This was the first court day since the city went dry and there were no drunks seen and business was reported good by merchants.

SURGICAL CURE FOR EPILEPSY.

San Francisco, June 21.—The accepted theory of the medical profession that epilepsy is a brain disease and incurable was contested at the Pan-American convention here by Dr. Charles A. L. Reed, of Cincinnati, president of the Congress, who said he had discovered a surgical cure. Dr. Reed declared he had cured epilepsy by an operation on the intestines. "The success of this new operation," he said, "revolutionizes the accepted theory that the disease has its seat in the brain and that it is incurable. Epilepsy is primarily not a disease of the brain, but is caused by poisons absorbed into the system from displacement or disordered intestines. The operation which I have successfully used, corrects the condition of the stomach and intestines, after which the epilepsy gradually disappears."
