

Lay-to for a spell and swing on this:

You'll start an old-pal-party via a pipe or a makin's cigarette quick as a flash, as soon as you realize it's a live bet to let your good money rub up against some Prince Albert tobacco. Why, it's like beating back to the bushes for old-home week, P. A.'s so friendly, so chummy-like.

You see, Prince Albert lets you hear the song of the joy'us jimmy pipe and the makin's cigarette all the day long! The patented process takes care of that—and cuts out the bite and parch!

PRINCE ALBERT

the national joy smoke

just hands you home-made questions like these:

Were you ever pipe-happy? Did you ever hit a brand that just pushed pleasure against your palate? The kind that sort of teased your smokeappetite for some more fire-up, then another—and so on, right to the pillow-period!

Well, that's P. A., no matter how you hook it up—pipe or cigarette. It just jams-joy into your system! You nail that fact hot off the bat, because it's case-cards information! And handed out to you for personal and immediate attention as being about as real and true as you've heard since Hector was a pup!

P. A. is sold in the tippy red bag for the price of a jitney ride, 5c; tidy red tin, 10c; pound and half-pound tin humidors—and—the classy pound crystal-glass humidior with the sponge-moistener top that's not only a joy'us thing to have at home and at the office, but it keeps P. A. in the highest state of perfection.

Here in Casimiro Irado, 104 years old, who lives in Watsonville, Cal. He has a remarkable memory and clearly recalls the war in Spain in 1872, when he was a lad of 12 summers. Irado has been a smoker all his life, and today he seeks no other, no truer friend than his old jimmy pipe. Irado has just been elected a member of the Prince Albert 'old-time jimmy-pipers club.'

OF LOCAL INTEREST

Some People We Know, and We Will Profit By Hearing About Them.

This is a purely local event. It took place in Maysville. Not in some faraway place.

You are asked to investigate it. Asked to believe a citizen's word; To confirm a citizen's statement. Any article that is endorsed at home is more worthy of confidence. Than one you know nothing about. Endorsed by unknown people.

Mrs. Dora Mefford, Maysville, says: "I had been feeling poorly for some time before I knew that my kidneys were at fault. I was nervous and dizzy and my back and head ached. I rested poorly and mornings I was all tired out. I read in a local paper how a neighbor had been cured of kidney trouble by Doan's Kidney Pills. I used them and before long I felt stronger and better and I slept good at night."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Mefford had. Foster-Milburn Co., Props., Buffalo, N. Y.

"NOVO GEORGIEVSK"

Washington, D. C.—"Novo Georgievsk, which the German armies are approaching from the northwest and the west, is one of the strongest of the fortresses upon the first line of Russian defense in the west, and forms with Warsaw, Ivangorod, and Brest Litovsk, the famous Polish Quadrilateral, of which all four fortresses are still intact and still awaiting the first Teutonic assaults," says a study in war geography, issued by the National Geographic Society. The study deals with the northern-most link in the interior chain of Russian Poland's defense, which is just coming into prominence with the recent advances of the Germans.

"Novo Georgievsk guards the western and northern approaches to the capital, Warsaw, just as Ivangorod guards the southern and eastern approaches. Defensive works of lesser importance lie to the north and to the west of Novo Georgievsk, nearer to the German border, most of which have already fallen before the advancing invaders. The northern angle of the Quadrilateral is a fortress of the first class, with a strong plan of outworks and minor defenses, situated upon the confluence of the Bug and the Vistula Rivers. It lies 25 miles to the north and west of Warsaw.

A new circle of eight powerful forts has been thrown around the old works of Novo Georgievsk by the Russians. These forts form the main strength of the post. The forts are built to the rivers at a radial distance of ten miles from the encircle. Novo Georgievsk commands the lower Vistula and the railway between Ostrog and Warsaw. It was first fortified by Charles XII of Sweden, and later considerably strengthened by Napoleon. In 1813 and 1830-31, it was several times under siege."

MORE PROGRESSIVE MERCHANTS

Several of the Second street merchants have signified their intentions of closing at six o'clock in the afternoon during the summer months, to let their clerks get a breath of fresh air. This brings the number up until it includes nearly every merchant whose business will permit closing at that hour. In a few days all the leading merchants it is hoped will be on the side of the early closers.

KENTUCKY PRACTICALLY FREED FROM QUARANTINE

Washington, D. C.—The only part of Kentucky now quarantined for foot-and-mouth disease is the area covered by the Bourbon Stock Yards in Louis-

ville. These yards are limited to handling animals for slaughter. The order effective July 26, which makes this change in Kentucky and frees Jefferson county, also removes the last quarantines in the States of Connecticut, Kansas and West Vir-

ginia, releases four counties in Pennsylvania, five in New York, and one in Illinois, and confines the quarantines in Maryland and Virginia to the same restrictions on the yards at Baltimore and Richmond which have been imposed upon those at Louisville.
