Captain Bob Agnew, well known along the upper Ohio, whose troops with Captain James H. Reese, owner of the Kate Adams, of Memphis, had been published some months back, has just had his master's license suspended for one year by the Federal inspectors at Memphis, as a result of his conduct while in command of the Kate Adams. Captain Agnew commanded the Hudson and Queen City in the Pittsburg trade for several seasons. He alleged manipulations while on the Kate Adams have caused him much trouble, and the Reeses, who are wealthy, are making life as uncomfortable for Captain Agnew as possible. Agnew's first master's license was issued at Gallipolis by Inspectors Dameron and Huntington.

The twenty-first annual convention of the Ohio Valley Improvement Association, of which Col. John L. Vance, Columbus, is president, will be held at the Hotel Gibson, Cincinnati, November 19 and 20.

GERMANY ANNOUNCES

Peace Terms To Allies—Belgium and Poland To Be Freed—Enemies To Pay Indemnity.

Washington, November 4.—When England begins to talk peace the war in Europe will be near a close.

"Germany looks to England to open the discussion and Germany's terms are already formulated."

An official who has faithfully reflected the views of Ambassador Von Bernstorff since peace talk first began, made this declaration today and set forth Germany's peace conditions as follows:

A heavy indemnity from the allies to pay Germany's war debt.

Retention of Poland, which will be made an autonomous State with a customs alliance; retention of a strip of Courland, and the territory now held by Germany in Russia until a war indemnity is paid.

Restoration of at least a part of Germany's colonial possessions and probably the return of all.

Absolute freedom of the seas.

Germany will give up Belgium, which "she does not care to assimilate."

Evacuation of the Balkans by Russia.

Complete Austro-German control there.

The power to modernize Turkey without interference.

Her Only Terms.

These terms, it was set forth, are the only terms on which Germany will consent to make peace.

Easier terms could have been made a year ago, the official declared, but these terms will be supplemented by harsher ones a year from now.

The empire expects the allies to pay her war bill, he said, and will hold territory now occupied in France and Russia until it is paid.

England, this official pointed out, can now make peace, quit the war and still be "even with the game," barring men killed and the debt incurred.

DEMOCRATS

To Rule Next General Assembly By Majority of Ninety-one To Forty-seven.

Louisville, Ky., November 3.—Democracy will rule the next General Assembly in the State of Kentucky by a majority of ninety-one to forty-seven. The next House will be composed of sixty-three Democrats and thirty-seven Republicans. Twenty-eight Democrats and ten Republicans will hold seats in the State Senate.

The Democratic majority is sufficient to swing any question which may come up for decision in the House. The Democrats have twenty-six majority; in the Senate eighteen.

Forty-four Democrats were elected to the Legislature without opposition. Ten Republicans reached the goal by the same route.

Of the fifty-six races run at the polls the Democrats captured twenty-nine, Republicans twenty-seven. In the ten Senatorial races Republicans took six, winning in the Seventh, Eleventh, Thirteenth, Fifteenth, Twentieth and Thirty-fifth Districts.

Democrats were victorious in the Nineteenth, Twenty-fourth, Twenty-fifth and Thirty-seventh.

YOU CAN'T LOSE HIM

Pearce Glascock, Former Ledger Scribe, Now Prosperous Business Man of Augusta, Ga.

The Savannah (Ga.) Morning News says: "Pearce H. Glascock, of Kissimmee, Fla., a newspaper correspondent, was in this city last night on his way to Augusta, Ga., to assume partnership in the Murphy-Glascock Advertising and News Agency, a new company recently started in that city by William P. Murphy, of Charleston, S. C."

Pearce is the only son of Rural Mail Carrier Paul Glascock, and for some time was a valued reporter on The Ledger, and made many friends by his gentlemanly demeanor and his capabilities were manifest by his splendid news-gathering.

His friends in Maysville join The Ledger in extending congratulations and well wishes to Pearce, and hope his business venture will prove a decided success.

PUTTING ON CITY AIRS.

(Ripley Bee.)

There should be two additional voting precincts in Ripley and Union township. With the number of votes cast and the number of different ballots to be voted, makes it difficult for the voters to get their ballots in time. At 9 o'clock the next morning, after the recent election, the clerks and judges were still at work getting the poll books completed.

M'FARLAND-GROSE.

Thursday afternoon County Clerk Owens issued a marriage license to Eliza Gros, aged 22, and Miss Nancy McFarland, aged 21, both of Fleming county. The couple was married in the office of the clerk by Squire Fred W. Bauer.

MARRIED AT WASHINGTON.

Dr. Mahlon Pollock, the popular physician, and Miss Ethel Irvine, of Washington, were quietly married at the M. E. church parsonage by Rev. Ishmael. The Ledger joins with a host of friends in congratulations.

Colonel John T. Macauley, aged 69, veteran theatrical manager, died at Louisville after nine months' illness from a complication of diseases.

Mrs. Mary Patterson and Miss Elizabeth Owens, of Germantown, were among Maysville shoppers Thursday.

RIVER NEWS

There were seventeen steamships and four showboats in sight at one time in the mouth of the Great Kanawha river Sunday afternoon.

United States Steamboat Inspectors Peyton and Dameron, of the Cincinnati district, will go to Augusta, Ky., tomorrow to inspect the ferry steamer Whispier.

There is a fleet of Pittsburg Combine barges at the Point Pleasant dry dock that will be repaired by Smith and will then, it is said, be taken up the Kanawha and loaded with coal.

The new Greene Line steamer Chris Greene is 125 feet long and twenty-six beam. It is equipped with compound McConnell machinery and her new boilers are allowed 220 pounds of steam.

Pittsburg towboat pilots and masters with few exceptions are out of jobs and as it now looks there will be little doing in the way of coal shipments from that port for some time to come. Only very small shipments have been made during the last year.

In the Maysville district the Ohio river will not change much Friday. The gauge at Maysville registered 5.6 and falling. The stages at other points are:

Franklin 0.7, fell 0.1; Greensboro 7.0, stationary; Pittsburg 6.1, rose 0.1; Dam No. 9 6.9, rose 2.8; Wheeling 6.8, fell 1.1; Parkersburg 4.6, fell 2.7; Radford 0.3; Hinton 2.1, fell 0.3; Kanawha Falls 1.0, fell 0.1; Charleston 7.3, rose 0.2; Point Pleasant 6.3, fell 0.2; Huntington 4.4, fell 0.1; Catlettsburg 5.0, rose 0.7; Portsmouth 5.8, fell 0.1.

The combine's towing steamer Transit, which met with a serious accident at Cincinnati several weeks ago, when she ran through herself and made repairs necessary that have cost the Monongahela Coal Company considerable, will soon be back in the trade after having a new engine installed. The boat was on her way to Cincinnati with a tow of empty barges and was compelled to return to Louisville light after the accident. It is considered quite remarkable that no person was injured at the time of the break.

The American Association of Masters, Mates and Pilots is conducting a referendum among its members on the question of urging Congress at the next session to modify the existing laws fixing thirteen hours as the legal maximum in which pilots may work during a period of twenty-four hours, so that it shall be reduced to a period of eight hours a day or fifty-six hours a week, including seven days. In shipping circles it is believed that the members will vote in favor of the proposition and that the next session of Congress will be the scene of a most vigorous fight.

RECEPTION DAY WITH THE NOMADS.

Through the courtesy of the Order of Elks the Nomad Club held an open meeting in their hall on Thursday afternoon from 2 to 4.

The feature of the occasion was a lecture by the Rev. R. L. Benn on "Pippa Passes," which was the concluding program in the club's study of Browning.

Such a masterpiece of English composition and scholarly ability was the lecture with which they were favored that those in attendance realized that all the art in literary achievement is not to be found upon Chautauqua platforms, but that we may have cultivated genius right here in our midst. A synopsis of the lecture would convey little idea of the philosophical heights to which it attained or the beauty of expression and the pathos and humor with which it was delivered.

The refreshments, as artistically catered and gracefully served by Misses Rita Ross, Eleanor Wood, Dorothy Metz, Mary Page and Ann Malty made a happy conclusion to an enjoyable and profitable afternoon.

WILD GEESE TAKE CITY BY STORM.

Thursday night about 11 o'clock the residents of this city were awakened by the cries and quacking of a flock of wild geese which had become lost and being attracted by the lights of this city had alighted in our midst. The square about the courthouse seemed to be the center of attraction and was filled with the wild fowls, several of which were caught by people residing in that neighborhood. After awaking all the geese evidently found their bearings, as they rose and flew away in a northern direction almost as suddenly as they came.

IN SERIOUS CONDITION.

(Augusta Chronicle.)

Another one of Augusta's good citizens, H. C. Yates, is in a very serious condition at his home in this city, suffering from a complication of ailments. It will be remembered that Mr. Yates had one of his legs amputated near the ankle three or four years ago, and he has had trouble with that member ever since. He was a gallant Union soldier during the Civil War and has many friends throughout the county who will regret to learn of the serious condition that he is in.

MAYBE HE VOTED FOR JOHN FRANKLIN.

John Franklin, colored, 544 Laurel street, Cincinnati, who was an independent candidate for Council in the Pittsburg Ward, received one vote in the ward; Ward, according to a canvass made by the Republican executives of the Ward.

IS EAGER TO BE A NURSE

Miss Helen Namur, a popular leader and one of the prettiest girls in her set, longs for an opportunity to aid the people of King Albert's war-torn country. Since the outbreak of the war she has worked unceasingly in the interests of Belgium, being enrolled in practically all the movements for the aid of the tiny kingdom where back in the fourteenth century her ancestors played a leading part in some of the most important and romantic historical events of the little country. They lived in the vicinity of Namur, where the greatest forts in the world were shattered by the 42-centimeter guns of the German army, and many of their descendants resided there until the outbreak of the war. Miss Namur's parents came to the United States 49 years ago and settled in New York, where she was born. Realizing the great need of workers in the stricken country where many of her relatives are fighting in the trenches, she offers to go as a war nurse or as a relief worker to aid the helpless women and children left at home to fight battles at even greater odds than those encountered by the men who held the Germans back until the French were mobilized.

"PAT-PATTER" SOME KISSER

Nieces Say Other Boys Had No Chance With Anti-Osculator in Former Days.

Huntington, W. Va.—Dr. E. W. Grover, president of the Huntington board of health, has met with an unkind setback in his campaign to do away with kissing and substitute the "pat-pat," in which one gently taps the cheeks of his beloved instead of imprinting the old-fashioned kisses on her lips.

His three nieces, Mrs. Murtle Funk, Mrs. Rome Baker, and Mrs. Mary Grover, who live in Los Angeles, have now written:

"When it comes to osculatory pursuits our uncle was a hum-dinger in bygone days. The other boys didn't have a chance with him. He was some kisser!"

Doctor Grover has received hundreds of letters protesting against his "pat-pat" system. A Cleveland man termed him "a superannuated old stick."

HAS MADE 20,000,000 BUNS

Brother Williamford is Baker for University of Notre Dame for Fifteen Years.

South Bend, Ind.—Brother Williamford, who estimates that he has baked approximately 20,000,000 breakfast buns, has just completed his fifteenth year as the head of the bakery of the University of Notre Dame. He has kept careful count of the various eatables he has prepared since he began. The brother's family is about 1,500 while school is in session.

By Brother Williamford's calculations he has mixed 32,850 barrels of flour and made 64,520 five-pound loaves of bread, 16,425,000 cookies and almost 20,000,000 buns for breakfast. Pies for the school are made by the sisters at St. Mary's college.

CATS FOR FOOD IN HUNGARY

Demand Causes Jump in Price Until Maximum Is Set by Authorities.

Paris.—The Figaro quotes the Budapest correspondent of the Frankfurter Zeitung as follows: "The official organ of the central Hungarian slaughter houses states that in the Biharsenteser district, where all the Italian residents of Hungary are interned, a great number of cats are killed and dressed daily. The demand has been such that the price of cats rose to a prohibitive figure, hence the local authorities stepped in and fixed the maximum price at three crowns the kilo." (About 25 cents a pound.)

SMOKER MEETING

For Chamber of Commerce Tonight—Good Talks To Be Made—Public Invited.

There should be a good attendance at the "smoker" given in the interests of the Chamber of Commerce meeting tonight at City Council Chamber at 7:30 o'clock.

Will Curran will make a short talk on "Co-operation in Community Development," and F. P. Chaffee, of Indianapolis, will explain just how the new Chamber of Commerce is to operate and what it can do for Maysville.

"Smokes," good fellowship and instruction. The aims and objects of the proposed Chamber of Commerce for Maysville explained. No subscriptions asked or received at this meeting.

You are invited—come. Be there if you have the interests of your town at heart. Bring a friend.

AN APPEAL FROM THE CITY SIOX.

To the Mothers of Maysville:

Won't you help us? You, who are well to do, whose children are well fed and warmly clothed. What do you do with their worn out clothing and outgrown shoes? Have you thought that many a little shoe that is scuffed at the toe or worn in the sole, could, with a little repairing, do good service for some less fortunate child?

Now that the cold, bleak, winter months are with us, you can hardly realize how often the appeal comes to us from the little lads from the age of 6 to 14 and the little sisters between the ages of 6 to 16 for shoes and clothing.

The shoe problem is one of the hardest to solve. To meet these appeals with new shoes means going deep into our resources, taking money that would pay a week's rent or keep a family in food for several days.

Will you help us? Won't you send us your shoes and clothing your little ones have cast aside? And we will gladly accept all other clothing that is of no further use to you. We can use it all.

Our office is open daily from 8 from 4 p. m. to 6 p. m. to distribute and from 8 a. m. to 10 a. m., and from 6 p. m. to 8 p. m. to distribute articles.

If you will help us in this way, we in turn will help the community, for with the money we save on shoes we can do that much more effective work in real constructive social service work and so decrease the deepest poverty and misery of the city.

Our aim is to give relief as a help to self support and self respect rather than a hindrance; "a ladder to climb upon rather than a crutch to lean upon."

CORA E. PEDDICORD.

Mrs. Alonzo Kidder left yesterday for a visit to her daughter, Mrs. Kessler, of Newport, Ky., and Mrs. Lamb, of Dayton, Ky.

Mr. J. W. Hanna, of Nepton, was in this city Thursday on business.

Mr. R. M. Caldwell, of Carlisle, was in Maysville Thursday.
