ENOCH B. POWELL

Former Maysville Citizen and Business Man Passed Away At Ft. Thomas—Burial Here Saturday.

Mr. Enoch B. Powell, aged 93 years, died at the home of his son, Mr. E. A. Powell, at Ft. Thomas, Thursday night at 10:30 o'clock. Mr. Powell had just recovered from an attack of pneumonia, when he had a sudden relapse which resulted in his death.

For many years the name of Mr. Powell was connected with the business interests of Maysville as a successful grain dealer and tobacco handler. He was born in Bath county on January 7, 1822. When but a boy he came to this city and engaged in business. For a number of years he and Mr. Newton Cooper were engaged in the grain business on Front street. He was always a man of integrity and his sterling qualities endeared him to countless friends. About a year ago he went to Ft. Thomas and had been making his home with his son there since that time.

He is survived by a wife and two sons, Mr. E. A. Powell of Ft. Thomas, and Mr. Newton C. Powell of near Cincinnati. Miss Marion C. Powell of this city is a niece, she being raised by Mr. and Mrs. Powell, who were as a father and mother to her.

The remains will arrive here on C. & O. train No. 2 Saturday afternoon and will be taken direct to the Maysville cemetery where a short service will be held by Dr. John Harbour of the First Presbyterian church.

DOPE.

Frankfort fans are happy over the fact that Pitcher Kuykendall and Catcher Mueller will again be with the Old Taylors again this season, the former having already reported.

The Milwaukee American Association team again defeated Billy Doyle's school team at Portsmouth Wednesday by the score of 10 to 1.

Among the notes of the opening game at Cincinnati Wednesday were the following:

"President Tom Russell of the Maysville club, who has not missed an opening game for many years, got up at 4:30 to catch a train for Cincinnati. Even the real defense could not make him regret the trip and he is planning to go up to Chicago next week with the big bunch of Red rovers who are going to help our boys open the new Cub park in the Windy City. President Russell had a chat with Garry Herrmann last night. He said that everybody in the Ohio State League was praying for young Farmer to make good with the Reds."

FARM WORK BACKWARD.

The farmers in this section of the state are considerably behind in their farm work owing to the crankiness of the weather this spring. A few days of warm weather will see a great deal of land plowed and ready for various crops. Notwithstanding the fact that a number of farmers said they would not plant tobacco this year, it is thought that the usual acreage will be set out this year. Wheat is reported as looking fine, in fact, much better than it did the same time last year. The fruit crop was not injured by the last cool spell and the trees are budding out. Young nursery stock set out this spring is starting off nicely and unless there is some severely cold weather the chances are that there will be plenty of fruit.

WORK OF LAYING GAS MAINS IS STARTED.

The Maysville Public Service Company began the work of laying the new gas main through the East End on Second street Friday morning, beginning at Walnut street.

Carranza Demands Withdrawal of United States Troops Now in Mexico.

Washington, April 14.—General Carranza, in a note which arrived at his embassy here early yesterday for presentation to Secretary Lansing, asks for the withdrawal of American troops from Mexico.

The note raises a new issue in a situation already much complicated. In official quarters it was stated that the American troops will not be withdrawn, at this time at least, and that while the question is being discussed with General Carranza the pursuit of the Villa bandits will be rushed with renewed vigor.

Secretary Baker of the War Department, said he was unable to comment upon General Carranza's note, because it raised questions of administration policy entirely within the jurisdiction of the President and the State Department.

Although General Carranza raised side issues, administration officials at their first view of the communication regarded the principal contention as being that the object of the punitive expedition has been accomplished, so far as it can be, and that the Villa bands have been dispersed.

War Department officials take the view that they have no evidence that the Villa bands have been dispersed, because they never have had definite information of their number, and that the very nature of the situation gives no evidence that the raiders have been exterminated.

Some State Department officials confessed that General Carranza's note was not a surprise.

NO!

Learn to say No! It's the biggest little word in the English language. Every day—each hour of the day—there is the temptation to spend money. Yield to it—and you will be poor all your life. Learn to say NO—put every dollar and every penny you can possibly scrape together in your Bank Account here and you will become both rich and successful. If you say NO today to the little things you will be able to say YES in the future to the big things.

"A time comes to the most easy when he must answer 'No' or go open-eyed to ruin. Then he finds that, from long disuse, the word will not shape itself."—Stanley J. Weyman.
