BALL PLAYERS ARRIVE.

Pitchers Joseph Surrency of Bowling Green, Fla., and A. M. Skinner of Clay City, Ky., who were received in trade from Toledo Wednesday for Pitcher McCraynor, arrived Friday night for a tryout with the local club.

Manager Jones and the rest of the crew will arrive early in the week and work will begin. The Finance Committee will be around next week to solicit the balance of the money to back the team.

WE WISH WE COULD INVEST OUR MONEY THIS WAY.

About a year ago the Chenoweth Drug Company bought several pounds of acetphenitidin at \$2 a pound. Dr. William Hockaday this week sold a single pound of it for \$20 wholesale to a big drug company, the retail price being \$32. "Doc." still has a half pound of it which he keeps under lock and key every night.

Mr. Fithian Fearles of Paris, spent the day here Friday with friends.

BIG DIVIDEND

Declared By Growers Warehouse Company—Stockholders Get 40 Per Cent On Their Investment.

At a meeting of the directors of the Growers Warehouse Company held several days ago a 40 per cent dividend was declared and checks for same are now being distributed to stockholders.

In addition to the above dividend the company installed an elevator, a carload of baskets and built a collar under the warehouse at a cost of \$1,015.25, which would have been equal to an additional dividend of 10 per cent.

Notwithstanding the amount of tobacco handled by the Maysville houses was short in pounds about one-third, this house is proud of their showing of an increase of about 35 per cent, also their average showing 28 cents per hundred pounds above the market average.

The first season this company declared a dividend of 30 per cent, the second 20 per cent, the third 15 per cent and this year 40 per cent, which shows that it is one of the most substantial warehouses in Maysville, although not the largest.

The officers of the concern are L. T. Gaebke president, W. W. McIlvain vice president, and J. C. Hains secretary and treasurer.

BOY BADLY BURNED.

Sudduth, young son of Mr. and Mrs. George Royle of Walnut street, was badly burned Friday afternoon when he attempted to set fire to some powder from an old shotgun shell.

He had poured the powder into a hole in the concrete header in front of his home and threw a match into it, which caused it to explode in his face, burning his face, hair, eyebrows and eyes. A physician was called and dressed the wounds and although he was rather severely burned it was not thought that any of them would be serious.

GRAND JURY HUNTING FOR BOOT-LEGGERS.

The Mason county grand jury had before them Friday the representatives of the Adams Express Company, railroads and wharves, each with the books of his company, to find out how much liquor is being received by different ones with the view of ascertaining whether or not some are receiving more than necessary for personal use and have been bootlegging.

Messrs. J. Albert and Howard L. Hill have just returned from Sardis where they installed an electric plant storage battery and motion picture machine for the Wheatley opera house. The electric plant is a large one and it is thought that the town of Sardis will be furnished power from the plant some time in the near future.

FRANKFORT WANTS KELLY.

(Frankfort State Journal.) A prospective deal for "Goat" Kelly of Maysville, in exchange for Mueller and Kimble is in the air and if Manager "Jimmie" Jones and "Ducky" Holmes can get together, the Maysville infielder will be seen in a Frankfort uniform.

Power, John P. McCartney, J. Q. Grannis, C. E. Rhodes, Oger Collins, C. E. Cooper and John W. Heftin. The election of the officers was postponed.

ANOTHER EXPERT ACCOUNTANT WANTS TO AUDIT CITY BOOKS.

Mr. R. E. Morrison, manager of the American Auditing Company of Cincinnati, was here Friday conferring with the city officials in regard to auditing the city books. He stated that the cost would be \$15 per day for the supervisor and \$10 a day for each of two assistants. This company is now engaged in auditing the city books of Covington and are specialists in municipal auditing, having audited the books in Fayette, Franklin, Logan, Kenton and Campbell counties and the cities therein. Mr. Morrison said that in each instance the back taxes collected as a result of the auditing had more than paid for the cost of the work, besides other little discrepancies being found.

KEMPER SHELTON

Purchased From Columbus and Will Manage Huntington Team This Season.

Columbus, O., April 15.—Manager John De Armond of the Huntington baseball team of the Ohio State League, purchased the release of Kemper Shelton, former player on the Columbus American Association team. Shelton will play the outfield for the Huntington team and will act as field manager. The terms of the contract signed by Shelton were not made public.

Shelton and De Armond have been in the city for several days and during that time conferences with Manager Bobby Quinn of the Columbus team, have been held.

It is known that Quinn insisted on retaining strings on Shelton, but the player himself would not agree to the deal. It was then that he and De Armond came here to see the owners of the Columbus team.

TO REMAIN IN MAYSVILLE.

Since the selling out of the Electric Shop several days ago a number of people thought that Mr. J. Albert Hill would also quit the electrical business. Mr. Hill tells us that this is not the case and that he and his son, Mr. Howard L. Hill, who has been the machine operator at the Gem Theater for some time, will continue in the business, their place being at their home on Forest avenue. Messrs. Hill are expert electricians and the people of Maysville are glad they are going to remain with us.

Mr. Clifford Wicks of Market street, leaves today for a visit to his brother in Indiana.

TAKES LIFE

Aged Manchester Man Drowns Himself In The Ohio River Rather Than Face Grand Jury.

For several days past two inspectors from the State Liquor Licensing Bureau of Ohio have been in Manchester getting evidence to convict people on bootlegging charges and on Thursday morning they turned over to Mayor Holderness fifty affidavits.

Joseph Thompson, one of the aged and highly respected residents of that city, fearing that he would be caught in the net for having given a drink of whisky to a friend, is thought to have drowned himself in the Ohio river.

An investigation disclosed the fact that Mr. Thompson had occupied his bed the night prior to his disappearance, but before leaving the house had taken everything from his pockets and laid the articles upon a stand. On Wednesday he consulted attorneys in West Union, O., and, although several of them told him that it was probable that he would not be indicted, he was not much comforted.

A search is being made for his body but it has not yet been found.

Drs. Reed and Ranshoff of Cincinnati, were here Friday to testify in the case of Barnett's administrators vs. Brand, now being tried in the Mason Circuit Court.

Mr. E. T. Kirk leaves today for several days' business trip to Kansas City, Mo.

Your Speed the Sharples Speed

Every member of the family turns the separator crank at a different rate. Your present separator loses a lot of cream when the speed drops below normal. This loss amounts to more than you realize.

No matter who turns the crank, fast or slow,

THE NEW SHARPLES SUCTION-FEED

Separator gets all the cream all the time. The bowl draws in just enough milk to insure clean skimming. More cream means more money—a new profit without added expense.

The Suction-feed has many other important advantages. The cream is always of the exact thickness desired. The capacity increases with the speed. The large supply can be but knee-high—easy to fill.

The bowl has only three parts and no disks. There's nothing that's heavy, clumsy or fussy to wash.

We want you to see this superb new machine. Come in and let us show you what it will do.
