OHIO STATE LEAGUE

WILL CONTINUE WITH FOUR CLUBS—SECOND SEASON TO START NEXT THURSDAY.

Phil Jacks of Huntington Bars Lexington Team—Huntington Team To Go To Chillicothe, While Charleston and Frankfort Drop.

Portsmouth, Ohio, July 7—Three cities of the Ohio State League, Lexington and Frankfort, Ky., and Charleston, W. Va., were dropped from the circuit at the League's reorganization here today.

Chillicothe was given a franchise and with Portsmouth, Huntington and Maysville, will comprise a four-club league, that will battle during a seven week season, closing on Labor Day.

Poor business was given as the cause of the desire of Lexington, Charleston and Frankfort to quit. The league took over these teams, and at once sold the Lexington club intact to J. W. Foose and Phil C. Jacks, prominent business men of Huntington, who will transfer it to that city. The Portsmouth team will remain the same, while the pick of the old Huntington team and of the three retiring clubs will be awarded to Chillicothe and Maysville. The league players will be idle until next Thursday, July 13, when President Joe Carr expects to have the new schedule ready.

By the blow up of the three teams Maysville secured several new players which will greatly strengthen the team. Ollum, second base, and DeLotell, pitcher, both of Huntington will come here and Kelley, first base, and McKittrick, short stop of Frankfort will be seen in Maysville uniform. With the addition of the new players the Hurley Cubs will be strong contestants for the pennant for the second half and as they have been going well for the past eight games they should receive excellent support.

The season will start on next Thursday. President Carr is now busy preparing a schedule for the remainder of the season which will be ready about Tuesday.

The Portsmouth team will arrive today to play a three game series with the Cubs. The games are the result of a bet between President Russell of the Maysville team and President Gableman of the Portsmouth team. The bet was that Maysville could trim Portsmouth two out of three. Although it was not in the bet we will say that Hubert Test will furnish one of the defeats. A large crowd should come out to see these games as some classy ball will be pulled off.

WHITT WAS A DESERTER

The following item is from yesterday's Huntington Herald-Dispatch:
Private Whitt, member of Company I, Ohio National Guards, of Ironton, O., deserted yesterday and stealing the horse and buggy owned by S. J. Baugh made his escape to Pritchard, W. Va., where Wayne county officers save chase. He forded the Big Sandy river, driving into the Kentucky hills, according to word received here late last night from Wayne, W. Va.

Whitt is also said to have deserted the regular army at Fort Thomas, Ky., and federal stealth is on his trail.

Whitt is the fellow who was arrested near the coal docks several days ago by Officer Dudley Fizer and was held on suspicion of being a deserter from the U. S. army. He was later released.

MAY EXTEND LINE

There is great deal of talk in and around West Union these days about the contemplated extension of the C. G. & P. interurban line to that town. When the West Union business men were informed of the proposition they stated that if they could be assured that the Chicago parties making inquiry could furnish the necessary capital that they represented interests capable of carrying the undertaking to completion they would again take up the work and push it as they have done on innumerable occasions before. As it is now West Union is the only county seat in Ohio that is connected with some other city by a railroad or interurban line. This line would mean a great deal to this town and it should be extended if possible.

GRAND REOPENING

Of the Washington Opera House Held Last Evening—Large Crowds Present.

The grand reopening of the Washington Opera House was held last evening after having been closed during Chautauqua. During the intermission the house has been decorated and several new features added.

The picture for the evening "The Moment Before," starring Pauline Frederick failed to come on account of being lost in a wreck between Knoxville, Tenn., and Cincinnati. Manager Russell upon hearing of the loss of picture immediately got in communication with the film company at Cincinnati and finally persuaded them to send the latest picture of Pauline Frederick, "The World's Snare." This picture was only released July Fourth and arriving here three days later establishes quite a record for this city. The picture was one of the best ever shown in this city and was witnessed by two of the largest crowds ever in this popular theater.

The picture shown was the latest release of Pauline Frederick and has only shown in New York City and Cincinnati. The booking agents were forced to give a great deal to the Strand Theater in Cincinnati for the picture for the one night as the picture has been quite popular in Cincinnati drawing great crowds nightly.

This goes to show that the Opera House managers are working at all times to please their patrons and to secure the highest class of pictures shown.

STEALS BOAT

The local police were informed yesterday morning that a valuable skiff belonging to Captain C. S. Stevenson of Manchester had been stolen and advised the authorities to be on the lookout for the boat. About eight o'clock yesterday morning the skiff was discovered at the local wharf. The police were notified but before they could get to the wharf the man had left down the river. The officers set out in a gasoline boat down the river after him and he was caught near Charleston Bottoms. The man gave his name as John Smith and was taken to Manchester where a charge of boat stealing was placed against him.

President Herrman made the statement after a story to the effect that Herzog had been traded to the Cubs emanated from Chicago.
