KNOWLEDGE OF BIBLE ESSENTIAL THIS YEAR

Superintendent Educational Department of the Kentucky Sunday-School Association to Speak at Convention.

Leading educators now admit that a knowledge of the Bible is necessary for the truest type of education. The Sunday-school is fast becoming a real educational institution, and the same test of efficiency should be given to the work done there that is given to the work done in the day school, and the teachers in the Sunday-schools should be given as careful training,

Dr. W. J. McGlothlin, Educational Superintendent, Kentucky Sunday-School Association.

and there should be opportunities offered both teachers and pupils for securing this Bible knowledge. Dr. W. J. McGlothlin, of the Southern Baptist Theological Seminary, Louisville, is the superintendent of this department of the State Association, and has been working out some splendid advance plans. He will come directly from an important meeting in Washington to Somerset and be one of the speakers at the convention.

GENERAL STRIKE CALLED TO BEGIN NEXT WEDNESDAY

New York, September 22—Organized workers in virtually every industry in Greater New York were formally called upon late today to cease work at 8 o'clock next Wednesday morning in sympathy with striking traction employees. Labor leaders asserted approximately 600,000 men and women are involved.

The call was embodied in resolutions adopted at a conference of labor leaders, representing the federated bodies in all the boroughs of the city as well as many national and international unions. Of the eighty unions in the city represented, it was said some already had voted in favor of a strike. The call, it was said, would be issued not only to organized workers in New York, but also to those in Westchester County, in which the cities of Yonkers, New Rochelle and Mount Vernon are situated, and would extend throughout a wide range of industries.
