

CLOTHES ECONOMY

Look at it this way: A suit purchased here at \$25 will not sag or bag because the sag and bag has been shrunk out of the fabrics, inside and out. It will not lose its style for that has been tailored into it by experts. It will satisfy because of its stability. \$25 is only a few dollars more than cheap clothes cost. \$25 suit will outwear a cheap suit two to one; it will outlast a cheap suit four or five to one. True economy always looks beyond the purchase price.

KUPPENHEIMER CLOTHES

are spoken of as a greater value. Men who buy them and wear them, come back and duplicate their purchase each season in the season's latest styles.

RESOLUTIONS OF RESPECT

The following resolutions were adopted by the Association of the Tenth Kentucky Cavalry and the Sixteenth Kentucky Infantry at their annual meeting at Beechwood Park last week, having been omitted at the time through an oversight by Mrs. G. W. Hook, the secretary-treasurer elect:

Whereas she well and faithfully served our Association for the last two years. Resolved that we extend to her bereaved family, the sympathy and tenderest regards of this Association, and that we tender our heartfelt thanks to her daughter who has so kindly assumed the work of her unfinished term.

RED SOX CLINCH AMERICAN FLAG

Even Break in Double Bill Eliminates Chicago in Pennant Scrap—Big Series in East—Three National League Clubs Still Have Mathematical Chances.

New York, October 1—Boston, winner of the world's championship in 1915, is again the pennant winner in the American League.

Although Chicago's defeat in their first game today brought a decision in the American, the pennant in the National League is not yet clinched, and it will take the concluding games of the season to decide the winner. Brooklyn, in first place, and Philadelphia, in second, appear to have the best mathematical chances of opposing Boston in the inter-league championship series. The latter team can lose all of its remaining games without a chance of Chicago catching up.

Whether Brooklyn, Philadelphia or Boston wins in the National, the classic of baseball will be played in the East, as it was last year, with Boston, as in the preceding two years, having one of the contending teams. Not since 1910, when Chicago won first place in the National League has the West had a contender in the championship series.

Giants Break Records
Adding to the excitement of the close pennant races, the New York National League team during the past week established a major league record of twenty-six successive victories.

Thompson major league record of twenty straight game won, made by Providence 22 years ago, was passed by the New York team on Monday when it took two games from St. Louis. New York defeated St. Louis again on Tuesday and Wednesday and Thursday took two games from Boston. Saturday the new mark was increased to twenty-six by winning one game from Boston, in which Benton allowed only one hit. Boston broke the winning streak by taking the second game of the double header, 8 to 3.

C. M. JONES IS COMING TO LIBERTY

There is an erroneous report being circulated over this section that Mr. C. M. Jones, one of the most popular tobacco men who has ever been on the Maysville Tobacco Market, would not return to Maysville this season. This report is certainly false and Mr. Jones is now making preparations at his home in Kingston, N. C., to leave for Maysville. He will be in Maysville within the next few days to take the active management of the popular Liberty Warehouse. He will be assisted by Mr. R. B. Holton, who held the position of Assistant Manager of the Liberty last year. Mr. George Wood Owens is Secretary-Treasurer of the Liberty and the last two named gentlemen are now on the job boosting things for the Liberty.

THE PRICE OF BREAD

The price of bread will go up in Maysville today to 6 and 10 cents per loaf. Traxel and McNamer the leading bakers have decided to raise the price for good or until the price of flour comes down a great deal. The local agents of the Cincinnati bakeries were notified this morning that they would be compelled to pay five cents per loaf for bread, wholesale, which will necessitate their retailing it at six cents. The ten cent loaf will be pushed a great deal and the local bakers feel that there will a great demand for it.
