GETTING READY

For the Opening of the Tobacco Season in This City Are the Central and Independent Warehouses.

Never before in the history of the loose leaf tobacco industry in Maysville has there been such hustling on the part of the managers of the various warehouses in this city for business as there has been this season, and none have been busier than W. F. Steele and L. C. Parker of the Independent-Central Warehouse Company.

With both of these well-known houses in better shape this year to handle, if possible, a larger business than heretofore, these two gentlemen, thorough tobacco men in every respect, have about covered every mile of territory and looked over every crop of tobacco within a radius of fifty miles of this city, and if courteous treatment, fair dealing, a knowledge of the tobacco business, splendid warehouses, good light, good sorters, handlers and auctioneers and free stables go toward making business and friends, it is certain that these two houses will have to go some to take care of this season's business that is bound to come to them.

These houses will be in first-class shape at the opening, and as their past reputation is a guarantee for the future, they are looking forward to the largest volume of sales ever had since the loose leaf market began here.

SOME CHANGE

Along about 9 o'clock yesterday morning Boreas blew his icy breath on Mason county and vicinity causing the summer clad persons to dig after their overcoats and heavier garments. A killing frost was scheduled for last night but it failed to appear although it was very cold. Winter is with us once again.

These gentlemen are well known in this county, having been for the past several years buying tobacco throughout this section. Their large and accommodating warehouse at Maysville will be ready to receive tobacco the minute the market opens and every convenience that can be had will be shown by the managers of this warehouse.

SHOOTS BROTHER

Four-Year-Old Boy Killed by His Brother With a Shotgun About Noon.

The community of Minerva was greatly shocked Thursday afternoon to hear of the killing of the four-year-old son of Mr. and Mrs. John Marshall of that place by the boy's seven-year-old brother.

Mrs. Marshall had gone to the home of a neighbor to get some milk for dinner and had been gone some little time. As she returned home she heard the sound of a shotgun in her home and rushing in found that her youngest son had been killed by his brother. The boys had gotten their father's shotgun down to investigate it and it had accidentally been discharged. The younger boy's head had almost been shot off.

After Mrs. Marshall had seen the dead boy lying on the floor she ran screaming from the house and called some neighbors. The older boy did not seem to realize the fact that he had killed his brother and he said that the gun had gone off accidentally.

Coroner Slack was not notified of the shooting at the time and did not learn of it until yesterday afternoon. In the excitement caused by the shooting this was neglected. Investigation will be made by Sunday.

Mr. Earl D. Campbell and Miss Agnes Stiles Newman both of Sardis were married in the parsonage of the Third Street M. E. Church yesterday by Rev. S. K. Hunt. Mr. Campbell is a very prominent young man of that section of the county and his bride is a very accomplished young lady.

HAVE NOT FIXED SPOUTS

SHERIFF CLARKE TAKEN HOME

Sheriff John H. Clarke was removed to his home in Maysville yesterday. He is improving rapidly and will soon be able to be out again.

CAN DELIVER NEWSPAPERS

Frankfort, Ky., October 20—It is not a violation of the child labor law for a boy under 14 years of age to deliver newspapers or magazines to a regular list of subscribers. Attorney General M. M. Logan advised Commissioner of Agriculture Matt S. Cohen today. It is against the law for a boy under 14 to engage in street occupations but General Logan interpreted this to mean that boys cannot go upon the streets and engage in or solicit business. Mere delivery of papers to regular subscribers, he said, does not subject a youth to physical and moral dangers condemned in street occupations.

WILL HAVE LIBRARY

At a meeting of the Parent-Teacher Association of the Forest Avenue School yesterday afternoon it was decided to purchase a library for that school. The books purchased will be reference works and will not be permitted to leave the building. This is an excellent move on the part of the association as that school has long needed something of this sort. Miss Elizabeth Williams, the music teacher of the schools, sang two very beautiful solos before the organization and also read a very able paper on "School Music." One new member was added to the roll book of the Association.

They are, because they are simple and refined. Nothing extreme or bizarre, just dignified, womanly, wearable clothes. Longer skirts, neither too wide nor too narrow, and simple in design. Coats dependant for style upon "line" and upon clever belt and collar arrangement. Serge, gaberdine, broadcloth and whipcord. All from \$15 to \$50.

All our Suits are made in New York City, so you are sure of buying what New York women wear today.

Blankets

Of many styles and sizes, white, gray, red, plaid and fancy blankets. Single bed, double bed, crib size and extra large blankets. Everyone perfect and fresh from the best known mills of America.
