SANITARY SURVEY

Of City of Maysville Will Be Made by Dr. D. P. Curry, State Sanitary Engineer, and Dr. P. E. Blackerby, of the State Board of Health.

Dr. D. P. Curry and Dr. P. E. Blackerby of Bowling Green, members of the State Board of Health, will today begin a sanitary survey of the City of Maysville. Dr. Curry is the State Sanitary Engineer and has made such surveys in various parts of the State previously. Several weeks ago he was present in the city to make the survey but was unable to do so being called away.

These gentlemen will make a visit to all of the streets and alleys of the city and make a detailed report of the sewerage, etc. The survey will be a great help to the Board of Health in their campaign to clean up the city as there are doubtless many unsanitary places that have not come under the notice of the board.

These gentlemen were invited to come to Maysville and make the survey by the Board of Health. They are working under the State Board of Health in making the survey, as this body is anxious to have a record of each city in the commonwealth. In addition to finding the unsanitary places in the city they will offer suggestions as to the best remedy for many of the same.

SLIGHTLY INJURED

Mr. B. K. Muse, the popular mail carrier on Route No. 3, yesterday suffered a slight accident while going over his route. Mr. Muse had gotten out of his wagon, when his horse attempted to start. In endeavoring to climb back into the wagon, Mr. Muse slipped and was dragged for some little distance. His side was slightly injured but not enough to be serious. He will not be compelled to lay off on account of the accident.

Mrs. Ida B. Duley and Miss Mollie Edmonds are moving to the property recently vacated by Mr. and Mrs. Homer D. Ellis.

CONCRETING RAPIDLY

The contractors in the Sixth Ward have reached a point just east of Broadway street in their concreting and will now concrete the entire width of the street at the street car switch. After this work is done they will return to Union street and begin concreting on the north side of the car track. They are making excellent time now and seem to be entirely satisfied with the results of their work. The contracts on the Second Street Extension have about finished the concreting and will begin bricking soon.

RODNEY

Gives a Little Political History—Tells How "Court House Crowd" Turned Down McDermott 18 Months Ago When He Wanted Nomination For Governor.

Forty years ago I cast my first vote for Samuel J. Tilden for President—since that time I have followed Cleveland, Hancock, Bryan, Parker and Woodrow Wilson. I have always given freely my time and money for the cause of Democracy. I have never asked a commission of my party or shirked any duty imposed. I notice the Independent and Bulletin are lauding former Lieutenant Governor Ed J. McDermott, who is to close the Democratic campaign here Saturday. This calls to my mind some political happenings in Mason county within the past eighteen months. Mr. McDermott was Lieutenant Governor during the late McCreary administration and his records as such were excellent, approved by both Democrats and Republicans. Last year he announced his candidacy for the Democratic nomination for Governor. Every Democrat in Mason county, who is at all acquainted with the records of the contestants, knew he was entitled to that nomination. Yet the organization, which by the way, is the organization today—gave its undivided support to another. So far as any one knows, just one vote of what is known as the Court House Crowd was given to McDermott and he was allowed to run third, and why?

Five years ago this crowd was for McDermott, for Lieutenant Governor, to save Jeems McCreary from certain defeat, forcing Hon. Ben Johnson out of the Governor race. This year with an ignominious defeat staring them in the face, they become desperate and Mr. McDermott is called upon to help stem the tide. Mr. McDermott may come and go, but one thing is certain—the result in Mason county will be known when the votes are counted.

WIN-MY-CHUM WEEK

There will be many big things going on in our city next week. The election will, of course, attract no little attention. But for a great number of our people, young and old, the special series of services to be given at the Third Street M. E. Church under the auspices of the Epworth League will be of first importance. This series of meetings are called "Win-My-Chum" meetings because for one week a special effort will be made by the young people in every way possible to win their chums and friends to a life of service for Christ and His church. Interest in these services grow each year. Two years ago they were inaugurated as sort of an experiment; now they are looked forward to with deep interest and with great expectation. The Cabinet of the League has planned very carefully for this year's services. The speakers are the best to be had. They are men and women thoroughly in touch and sympathy with the young people. Beginning Sunday evening with Miss Virginia Hurd, Monday evening Rev. E. E. Jackson, Tuesday, Mr. H. C. Curran, Wednesday, Rev. J. F. Ruggles; Thursday, Rev. H. Kerr Taylor; Friday, Rev. S. K. Hunt, and Sunday the closing day, President Ezra T. Franklin of Union College, Barbourville, will put in the whole day with the League and church. The talks each evening are not to exceed twenty minutes in length. There will be lots of good music. Solos, duets, quartets, and congregational singing accompanied by piano and cornets. A complete change of ushers for each night. A hearty welcome will be given every one. Don't fail to attend. Spend an hour here at night and you can enjoy the election and other festivities much the better.

COUNCIL MONDAY

The regular monthly meeting of the City Council will be held in the Council Chamber in the Courthouse Monday night. The meeting is expected to be a rather lively one as this is the meeting to decide what is to be done in regard to the telephone franchise.
