(Belluno is in the foothills of the Alps, fifty one miles north of Venice. It is on the west bank of the Piave.)

"The enemy has made a stand on the lower Piave."

Y. M. C. A. DRIVE

FOR FUNDS TO BEGIN TODAY—\$3,500,000 GOAL SET FOR CAMPAIGN THROUGHOUT U. S.

Workers Appointed in Every County Mass Meeting at Washington Opera House Yesterday Well Attended—Mason To Give \$3,540.

Plans for the nation-wide drive for the big fund with which, through the Young Men's Christian Association, the needs of American soldiers and sailors will be met, have been announced at the international headquarters of the Association in New York City. The drive will begin today and will close November 19. The sum to be raised is thirty-five million dollars. Every state, city, town and rural district will contribute to the raising of the fund, the amount of which was fixed by a national conference recently held in this city, composed of representative men from all parts of the United States.

Not only will the comforts and care which the big fund will make possible be extended to America's fighting men, but to the men of France and of the other allied nations with whom our troops will soon be fighting shoulder to shoulder. Every penny of the fund, it is announced, will be used in caring for the needs of the troops. The work will be done through trained men which the Young Men's Christian Association will provide.

The object of the fund is two-fold; to provide comforts, care and recreation for the men in camp and thus to keep up the morale of America's fighting forces. This the military authorities and those who have visited the camps in France regard as of greatest importance to the success of American arms. The sudden change from domestic to camp conditions, the distance from home and the necessary rigorous routine, observers say, call for a kind of care that the army authorities are not in a position to provide.

General Pershing, in August, authorized the statement that the greatest service America could immediately render was to extend the Young Men's Christian Association work to the soldiers of the French army, tired and worn out by their valiant and successful resistances to the repeated waves of Teutonic attacks. Anticipating similar conditions among our own troops, the Young Men's Christian Association began early in the war to prepare to care for our soldiers and sailors. The offer of service the Association made was accepted gladly by the government authorities, and hundreds of men trained in "Y" work were soon in camp. There are now 2,500 of these men, serving American soldiers and sailors.

Many Y. M. C. A. men were called in the draft and shouldered their rifles, since no man is accepted for Y. M. C. A. work unless he has been exempted by the Government or whose name is so far down the list that he is not likely to be called for some time.

With the hundreds of thousands of men the draft called to the colors, the Y. M. C. A. was overwhelmed with work and responsibilities. From the camps came a cry for more help, not only from the soldiers themselves, but from the officers, who value the work the Association renders. Accordingly, a National Conference was held, and it was decided that not a cent less than \$35,000,000 would adequately meet the war needs confronting the Association, for not only was there a call for help in the American camps, but from camps of allied nations as well.

A large crowd was in attendance at the Washington Opera House yesterday afternoon to attend the mass meeting in the interest of the Y. M. C. A. war relief campaign which starts today. Judging from the interest and enthusiasm displayed at this meeting there will not be any trouble for the workers to secure Mason county's apportionment of \$3,540, which is a part of the \$35,000,000 to be raised in the United States this week for the Y. M. C. A. work at the training camps in this country and abroad. A certain per cent will also be used to cheer up the captives in the prison camps of Europe.

Mr. W. H. Rees, chairman for Mason county, had charge of the meeting yesterday afternoon, and after making a few brief remarks he called on the audience to stand and sing "The Star Spangled Banner," which was led by Dr. P. G. Smoot. The Rev. W. B. Campbell, pastor of the First M. E. Church, South, then offered the invocation, praying for the success of the campaign this week and for the Y. M. C. A. work.

Interesting talks concerning the work the Y. M. C. A. has been doing at Camp Taylor were then made by Corporal John Lysie Threlkeld, Sergeant Henry Helmer, Private Albert Thomas and Sergeant-Major Robert Lee Straus.

"Dad" Bailey, one of the secretaries at the camp, and who is dearly loved by all the boys, made a stirring address that made everyone have a

broader conception of how closely linked the Y. M. C. A. is with the boys from home, who are in need of the strengthening, brotherly hand of the big hearted secretaries, and of the many comforts that have been provided to make the boys feel as much at home as possible. He laid especial stress on the fact that the Y. M. C. A. is trying to provide for the spiritual welfare of the boys and hopes to bring them back from the battle fronts clean morally.

One of the points brought out by one of the young soldiers in his address was the fact that the attendance at church services at the camp was much larger than at the moving picture show. He then asked how that compared with the situation in Maysville.

Chairman Rees announced that at the meeting held in the Washington Presbyterian Church yesterday morning over \$300 was raised for the work and that the people there expected to raise several hundred dollars more before the campaign came to a close. The several musical numbers by Mrs. Edith Hamilton, Mr. Carl Dodds and Dr. P. G. Smoot were much enjoyed and helped to make the meeting a most successful and enjoyable affair. The audience was dismissed with the benediction by Rev. Locke White, pastor of the Central Presbyterian Church.

Reports from all over the county were that the meetings held in the various communities were well attended and much enthusiasm shown. Mr. Robert A. Cochran of this city addressed the meeting at Flemingsburg yesterday afternoon and reports that over \$1,300 was raised, which will be increased a great deal more when the campaign gets under way this week.

When the solicitors come around today do not be afraid to give liberally. The Y. M. C. A. work is as great as the war itself and it is up to you to help the boys have those things that will make life in the camp worth while and to come back clean. Mason county has never failed and it will not this time if you do your part. Let us not be satisfied with contributing our apportionment, but let us come so far over the top that there can be no doubt as to Mason's loyalty to the boys at the front and to Uncle Sam. Let our motto be: "Not a slacker among us."

WETS' LEAD

In Ohio Fight is Increased 819—Prohibition Leaders, However, Still Refuse to Concede They Have Been Beaten.

Cincinnati, Ohio, November 10—The close of election week for Ohio left the anti-prohibition forces with a lead of 1,816 votes, the tabulations including 77 counties officially reported to the secretary of state, eight counties unofficial but complete county totals. The totals which since Tuesday night had waxed and waned for either side as wets or as variations were discovered in county totals tonight, stood: For prohibition, 522,226.

Again prohibition, 524,042. The jubilation in the camp of the wets over the apparent victory was great, but the prohibition leaders who have so far refused to concede defeat pointed out with a smiling satisfaction that in any event Ohio dries had cut down the wet majority of two years ago, almost to the disappearing point and had really gained more than 65,000 votes.

The vote of Cuyahoga county (Cleveland) reported officially late today, which showed a net gain of \$10 wet votes over the unofficial figures, carried the anti-prohibition majority on the face of the tabulations within hailing distance of 2,000 and gave the wets what they asserted was ample proof that prohibition was defeated in Ohio.
