TEXT OF PRES. WILSON'S REPLY TO GERMAN NOTE

"Surrender and Give Up Your Guns" Is What the United States Demands.

Washington, October 23.—The text of President Wilson's reply to Germany follows:

"From the Secretary of State to Charge d'Affaires ad interim in charge of German interests in the United States:

"Department of State, October 23, 1918
"Sir: I have the honor to acknowledge the receipt of your note of the 22d, transmitting a communication under date of the 20th, from the German Government, and to advise you that the President has instructed me to reply thereto as follows:

"Having received the solemn and explicit assurance of the German Government that it unreservedly accepts the terms of peace laid down in his address to the Congress of the United States on the 8th of January, 1918, and the principles of settlement enunciated in his subsequent addresses, particularly the address of the 27th of September, and that it desires to discuss the details of their application, and that this wish and purpose emanated not from those who have hitherto distated German policy and conducted the present war on Germany's behalf, but from Ministers who speak for the majority of the Reichstag and for an overwhelming majority of the German people, and having received also the explicit promise of the present German Government that the humane rules of civilized warfare will be observed both in land and sea by the German armed forces, the President of the United States feels that he cannot decline to take up with the Governments with which the Governments of the United States is associated the question of an armistice.

"He deems it his duty to say again, however, that the only armistice he would feel justified in submitting for consideration would be one which should leave the United States and the power associated with her in a position to enter into any arrangements that may be entered into, and to make a renewal of hostilities on the part of Germany impossible.

"The President, therefore, has transmitted his correspondence with the present German authorities to the Governments with which the Government of the United States is associated as a belligerent, with the suggestion that, if these Governments are disposed to effect peace upon the terms and principles indicated, their military advisers and the military ad-

visers of the United States shall be asked to submit to the Governments associated against Germany the necessary terms of such an armistice as will fully protect the interests of the people involved and insure to the associated Governments the unrestricted power to safeguard and enforce the details of the peace to which the German Government has agreed, provided they deem such an armistice possible from a military point of view.

"Should such terms of armistice be suggested, their acceptance by Germany will afford the best concrete evidence of her unequivocal acceptance of the terms and principles of peace from which the whole action proceeds.

"The President would deem himself lacking in candor did he not point out in the frankest possible terms the reason why extraordinary safeguards must be demanded. Significant and important as the constitutional changes seem to be which are spoken of by the German Foreign Secretary in his note of the 20th of October, it does not appear that the principle of a Government, responsible to the German people, has yet been fully worked out, or that any guarantees either exist or are in contemplation that the alterations of principle and of practice now partially agreed upon will be permanent.

"Moreover, it does not appear that the heart of the present difficulty has been reached. It may be that future wars have been brought under the control of the German people, but the present war has not been; and it is with the present war that we are dealing.

"It is evident that the German people have no means of commanding the acquiescence of the military authorities of the empire in the popular will; that the power of the King of Prussia to control the policy of the empire is impaired; that the determining initiative still remains with those who have hitherto been the masters of Germany.

"Feeling that the whole peace of the world depends now on plain speaking and straightforward action, the President deems it his duty to say, without any attempt to soften what may seem harsh words, that the nations of the world do not and cannot trust the word of those who have hitherto been the masters of German policy, and to point out once more that in concluding peace and attempting to undo the infinite injuries and injustices of this war the Government of the United States cannot deal with any but veritable representatives of the German people who have been assured of a genuine constitutional standing as the real rulers of Germany.

"If it must deal with the military masters and the monarchial autocrats of Germany now, or if it is likely to have to deal with them later in regard to the international obligations of the German Empire, it must demand, not peace negotiations, but surrender. Nothing can be gained by leaving this essential thing unsaid.

"Accept, sir, the renewed assurances of my high consideration.

URGENT CALLS FOR PHYSICIANS AND NURSES

State Board of Health Besieged With Calls From Rural Sections of the State.

From all sections of Kentucky the State Board of Health is being besieged with calls for physicians and nurses to cope with the influenza epidemic, which, according to Dr. P. E. Blackerby, of the board, reached a most serious stage in the rural communities just at the time when it began to show a decided decline in the larger centers.

The sections of the State suffering most, according to Dr. Blackerby, are the Big Sandy Valley, the Harlan coal district and the coal district of Western Kentucky, especially in Ohio and Muhlenberg counties.

The situation in the Bluegrass section is reported as improved, while in the extreme western part of the State the epidemic is raging in the rural communities.

The following telegram was received today by the Board of Health from Dr. C. B. Wilson of Bowling Green, who is doing relief work in Warren county, and is typical of many.

"In territory eight miles long there are 350 cases of influenza, 250 of which are convalescents, and seventy cases of pneumonia, forty convalescents. Fourteen new cases just reported and fourteen deaths today."

Doctors have been dispatched to Rockport, Ohio county, Hazard and Harlan, but the Board of Health has been unable to supply the demand for nurses, calls for whom are being received from all parts of Kentucky.

A telegram received today from Salyersville, Magoffin county, states

that a population of 1,500 is being attended by only one physician, who himself shows symptoms of influenza and who lives six miles from Salyersville.

A message from Burkeville states that the only physician left in Cumberland county is unable to respond to more than one out of each ten calls he receives.

Co-operating with the State Board of Health, the United States Public Health Service has asked that six physicians, designated by the State body, be sent into the needy districts of Kentucky to organize home forces for a systematic campaign to control the epidemic.

The physicians designated and who have already begun their work are: Dr. Walter Byrne, Russellville; Dr. I. A. Shirley, Winchester; Dr. J. C. Locke, Maysville; Dr. D. M. Griffith, Owensboro; Dr. J. W. Kinkead, Ashland, and Dr. E. A. Dick, Louisville.

Dr. Blackerby declared that one thing that had enabled the epidemic to gain such headway was that so many physicians of Kentucky have been stricken with influenza. He added that there had been many deaths in the ranks of the profession, five of which had been reported in the last twenty-four hours.

Another element contributing to the scarcity of physicians, he said, was that more than 700 Kentucky doctors are now in France or in cantonments throughout the United States.

The local situation does not improve in any satisfactory degree, there having been 73 new cases and 5 deaths reported yesterday to Health Officer Locke, with not all the physicians reporting. Most of these new cases were in the county. A number of the cases in this city are improving slowly, and those at the emergency hospital, are getting along nicely.

TO GRAIN AND SEED DEALERS IN MASON COUNTY

Important Communication Received From Cincinnati District Freight Office.

The Chamber of Commerce has received the following communication from the Cincinnati District Freight Traffic Committee and desires to bring it to the attention of all the dealers of grain and seeds in Mason county.

Under Freight Rate Authority No. 1650 the Railroad Administration has authorized the cancellation of all allowances for the electors in Western classification territory. It is now proposed to cancel these allowances also in official and southern classification territory. As to the proposed cancellation in the official classification territory, this committee will hold a hearing at which interested shippers and receivers of grain may be heard on next Tuesday, October 29 at 10 a. m. at its office, 80 Carew Building, Cincinnati, Ohio.

In justification of the proposed cancellation of these allowances, there is attached a copy of Exhibit "C" of the Western Freight Traffic Committee, outlining history of the origin and developments of the allowances and reasons why it is proposed to cancel same at this time.

The copy of Exhibit "C" spoken of in the preceding paragraph is on file at the Chamber of Commerce.

NOTICE
