### LIKE CLOUDS ACROSS A SUMMER SKY.

foretelling the dreaded storm are the symptoms of women's diseases which point the way to physical and mental breakdown. The nervous irritability, the backache, the dragging pains, are not only hard to endure, but they bring certain knowledge of collapse unless something is done to relieve the sufferer. There is one standard remedy which has shown the way out for nearly fifty years. The women who have "come back" through the use of Lydia E. Pinkham's Vegetable Compound present an argument stronger than words could ever be.

### CONGRESSMEN GET IMPATIENT WAITING TO VOTE ON BEER

Petition Asks Committee To Bring Out Bill Authorizing Beer, Cider, And Wine Sale.

Washington, May 27. — "Wet" forces in the House joined hands Friday to get action on Representative Hill's local option bill permitting the sale and manufacture of 2.75 per cent. beer and cider and "dandelion wine" which now is becoming dust-covered in a pigeon hole in the Ways and Means Committee.

A written request, signed by fifty House members, was sent to the committee Friday afternoon asking for a prompt report on the measure and an opportunity to vote on it, according to an announcement from Mr. Hill. These House members informed the committee that they believe a vote should be taken on the measure before summer vacation.

The bill, which is said to have been introduced by the Baltimore City Council and also by many other municipalities and chambers of commerce, would bring the "beer and wine" issue to a "showdown." It would allow each Congressional district to constitute a Federal local option, and the voters would decide at the November election whether they want beer and cider, or not.

Beer is defined in the bill as meaning a beverage obtained by the alcoholic fermentation of an infusion or decoction of barley, malt and hops in drinkable water containing not more than 2.75 per centum of alcohol by volume. Cider means any beverage obtained by the natural fermentation of apple or other fruit, vegetable or herb juices containing not more than 2.75 per centum of alcohol by volume.

### WARD SEEKS BOND.

White Plains, N. Y., May 27. — Still fighting for the liberty of Walter S. Ward, his lawyers went to Newburgh today to ask Justice Seelgar to release him on bail.

Ward spent last night in Westchester county jail after Justice Young had refused to release him on a habeas corpus writ.

### FATHER SLAYER.

### REIGN OF TERROR IN BELFAST STREETS

Gangs Fighting in Streets of Belfast Irish War Is Continued.

Belfast, May 27. — With 31 dead in a week's fighting in Belfast, the civil war between Sinn Feiners and Ulsterites reached a fierce climax during the night.

Twenty fires made the sky a blood-red canopy, beneath which gunmen gangs fought in the streets.

Roaring of flames, rattle of rifle fire and clangor of fore melodramatic scenes. Frequent bomb explosions added to the terror of the night.

This morning the firemen were exhausted and it was doubtful whether they could continue their fight against the arson squads.

The death list was brought up to 31 by the killing of two persons by snipers early today. Many were wounded.

Police searched many houses in the "war zone" and confiscated rifles and ammunition found in some which were being used as arsenals by the rival factions.
