

**CHAIN PUMPS.**

THE SUBSCRIBER manufactures extra-ordinary pumps, which he is selling at greatly reduced prices. The superiority of these pumps over all others, is universally admitted by all who have given them a fair trial. The power they possess of purifying, and making wholesome, hard, and impure water, should induce all to use no other kind. I have had these pumps put in wells where the water was not fit for common culinary purposes, and the result was the water was thoroughly transformed, and made pure, pleasant, and healthy, altogether devoid of its former repulsive qualities. They take the water from the bottom of the well, and thus keep the bottom, making it lively and sparkling, similar to that of a spring. They are also very durable, lasting for years.

I will sell a pump for a 20 foot well, complete, including everything necessary, for \$5.00, with an addition, or deduction, of 50 cents for every foot more or less.

I guarantee everything perfect. Through my extensive experience in this line I have ascertained where the best material can be bought for the least money, and consequently an enabled to sell a superior article for 100 per cent less than inferior articles are bought for elsewhere. Persons wishing to purchase, or send for a number at one time, can have them shipped by Canal to their nearest point, and I will pay Canal freight, and to such as wish to engage in the sale of them, I can offer great inducements, either in pumps complete or in any of the articles pertaining to them.

Terms—Cash. F. J. LYE, Jr., Delphos, Allen county, Ohio, November 30th, 1854. 8712.

**MARRIAGE.**

**HAPPINESS AND COMPETENCE.**

WHY IS IT? This is the question which every man who is desirous of securing the happiness and competence of his family, should ask himself. The answer is, that the only way to secure these objects, is by the adoption of a system of domestic economy, which is founded on the principles of health, and the avoidance of all those habits and customs, which are the cause of disease and death.

IN AFTER YEARS. When we are in the full enjoyment of health, and the full possession of our faculties, we are enabled to do all those things, which are necessary to the happiness and competence of our family. But when we are afflicted with disease, and our faculties are impaired, we are unable to do these things, and our family is consequently unhappy and incompetent.

MELANCHOLY AND STARTLING. To behold the distress and suffering endured by many a wife and mother, who are afflicted with disease, and whose families are consequently unhappy and incompetent, is a melancholy and startling sight.

WIFE AND MOTHER. The wife and mother, who are afflicted with disease, and whose families are consequently unhappy and incompetent, are the cause of all the misery and suffering, which is endured by their families.

YEARS OF MISERY. The wife and mother, who are afflicted with disease, and whose families are consequently unhappy and incompetent, are the cause of all the misery and suffering, which is endured by their families.

**THE BRITISH QUARTERLIES**

AND BLACKWOOD'S MAGAZINE.

LEONARD SCOTT & CO., New York, continue to re-publish the following British Periodicals, viz.

- 1—The London Quarterly Review, (Conservative.)
- 2—The Edinburgh Review, (Whig.)
- 3—The North British Review, (Free Church.)
- 4—The Westminster Review, (Liberal.)
- 5—Blackwood's Edinburgh Magazine, (Tory.)

THE present critical state of European affairs will render these publications unusually interesting during the year 1854. They will occupy a middle ground between the hasty-written news items, crude speculation, and flying rumors of the daily Journal, and the ponderous Tomes of the future historian, written after the interest and excitement of the great political events of the time shall have passed away. It is to these periodicals that readers must look for the only really intelligible and reliable history of current events, and as such in addition to their well established literary, scientific and theological character, we urge them upon the consideration of the reading public.

Arrangements are in progress for the receipt of the early sheets from the British publishers, by which we shall be able to place all our reprints in the hands of subscribers, about as soon as they can be furnished with the foreign copies. Although this will involve a very large outlay on our part, we shall continue to furnish the Periodicals at the same low rates as heretofore, viz:

Per annum For any one of the four Reviews \$3 00

For any two of the four Reviews 5 00

For any three of the four Reviews 7 00

For all four of the Reviews 8 00

For Blackwood's Magazine 3 00

For Blackwood and three Reviews 9 00

For Blackwood and the four Reviews 10 00

Payments to be made in all cases in advance. Money current in the State where issued will be received at par.

CLUBBING. A discount of twenty-five per cent, from the above prices will be allowed to clubs ordering four or more copies of any one or more of the above works. Thus: Four copies of Blackwood, or of one Review, will be sent to one address for \$9; four copies of the four Reviews for \$30; and so on.

POSTAGE. In all the principal cities and towns; these works will be delivered, through agents free of postage. When sent by mail, the postage to any part of the United States will be but twenty-four cents a year for Blackwood, and but twelve cents a year for each of the Reviews.

Remittances and communications should always be addressed, post-paid, to the Publishers,
