

LEWIS GREEN, EDITOR AND PROPRIETOR. TERMS PER YEAR, 2.00. Thursday, April 3, 1884.

The Political Issues in Our Corporation.

We have always opposed drawing the political lines in corporation politics. Last year the issue was forced upon us and in the fight we won. Again, this year the Republicans began early to organize and proposed the square, straight political issue.

Our Township Ticket.

The Democracy on last Saturday nominated a first class ticket, which merits the support of every Democrat. The contest for some of the offices was spirited, but was contested with a spirit of gentlemanly courtesy and good feeling.

Now that our ticket is complete, let all good Democrats stand shoulder to shoulder and give every nominee a straight vote. It is important that all Democrats attend the election. The lines are being drawn all over the country.

Trustees of the Penitentiary.

The following are the persons nominated by the Governor for members of the Board of Managers of the Ohio Penitentiary: For one year, D. C. Coolman, Dem., Portage county; for two years, George S. Peters, Dem., Franklin county; for three years, William D. Robinson, Rep., Hamilton county; for four years, D. E. Fee, Dem., Clermont county; for five years, F. F. Rempel, Rep., Hocking county.

We opposed the appointment of Col. Rempel for the reason that we believed that he was a link in the Standard Oil chain which seems proposing to fetter the Democracy of Ohio. There is no question, however as to Col. Rempel's abilities to fill this position. It is under the new law, one of the most difficult places in the entire machinery of the State to properly fill. It requires a man of caution, practical sense, business capacity, independent thought and definite, bold, courageous action.

When a nomination is made by the party or by the Governor, we accept it as the superior wisdom, and quit fighting when the war is over. Col. Rempel and the Board are entitled to the support of the public in the delicate and difficult work before them, and we hope they will bring to the duties of their office the necessary judgement to make the new law result to the credit of the Democratic Legislature and to the benefit of the public service.

Judge Friesner will be held in attendance on District Court at Gallipolis on the 15th and 16th, thus preventing him from attending at the Lancaster Judicial Convention on the 15th. We regret that Judge Friesner cannot be at the Convention which will renominate him, and where he can meet the stalwart Democracy and receive their hearty congratulations; but we respect all the more the Judge who stays at his post of duty and submits in confidence his claims for office to an intelligent constituency.

An Awful Indignation Riot in Cincinnati.

Hundreds of Lives Already Sacrificed by the Cincinnati Commune.

The Sultry City Swept by an Intemperate Mob, Without Other Effect than Disaster to Those Concerned.

The County Court House Burned With all its Valuable Records.

All the State Militia Ordered Out—Good Citizens Joining the Mayor in Re-asserting the Dominion of Law.

The city of Cincinnati, the Queen City of the West, has been the scene of the most awful outbreak of popular feeling ever witnessed on this Continent.

An expression of indignation at the courts inflame the public and the mob rises a headless monster, and death and destruction follows as a natural consequence.

Our readers will remember that a few months ago, a livery man named Kirk was brutally murdered. The particulars were published at the time, and are briefly these: Kirk had sold a horse, and two of his employed men, one named Berner, knew he had the money on his person.

Berner and the negro employed with him, conspired to kill Kirk and get his money. Kirk, coming to his stable was set upon by these fiends and brutally murdered. His body was put in a wagon and hauled out of town and hid. The murderers divided the money and proceeded to get drunk. They were arrested. Berner confessed to having helped kill Kirk for his money. He was put on trial, and the jury found him guilty of manslaughter.

The Somerset Review has recognized General Grosvenor and discovered him to be a warrior on wheels, or words to that effect. Gen. Grosvenor has captured Perry county.

We have an anxious telegram from Bro. Pursell of the Gazette, who is now hibernating in Huntington, asking when "All Fool's Day" comes to Logan. We have answered him that it occurred on two days in advance of the calendar in Logan, and that he can come home and behave himself.

Judge Friesner is holding District Court in Athens this week. Judge Wright is holding court in New Lexington, the criminal trial began on Tuesday, and is attracting much attention.

Mr. Joseph Mattox, the popular young clothing merchant of Logan, was married by Rev. Burns, on March 14th, to Miss Eva Bell, the accomplished daughter of the late Wm. Bell, clerk of Hocking county court.

The young couple have the hearty congratulations of many friends. After robbing the Indians through dishonest agents for many years, and killing thousands in needless wars instigated by avaricious white men, the government is permitting them to starve to death rather than attempt to regulate the behavior of public auditors. It is the usurers and officers of the territory who ought to attend to this matter of loud talking.

The temperance people of Maine find out that prohibition does not prohibit unless sustained by a strong and nearly unanimous public sentiment, and are represented as being greatly disappointed in the statistics prepared by a temperance advocate showing an increase of crime and intemperance in that State. In Portland 2,250 arrests were made last year, 1,424 being for drunkenness and drunken brawls.

George Gage is well qualified for the office of City Clerk. He is a pleasant, accommodating gentleman, and will make a useful, at least, obliging officer.

Mr. M. Parish, of McArthur, was in town on business last Tuesday.

times may produce an explosion that years of penance and regret can not atone for, and that courts must be prompt in punishing crime, or the public will take the law in its own hands.

A vertebrae Fury and Demon exists in society, curbed and controlled only by a strong hand exercising power fairly, and ministering justice equally and punishing crime promptly.

The Gazette of last week seeks to excite prejudices and raises false issues on the corporation election. It charges that Green has a ticket and Green has a scheme in Oakland, to run on the council. This is silly if not vicious. Oakland is not in the corporation, and wont be, if Green can keep it out.

The Gazette has a scheme. It bought a city building worth not more than four thousand dollars and paid for it with eight. The Gazette wants to sell the city building at any price, and buy another city building. This is where the scheme of Al Brooke comes in.

Let Democrats not be misled by the silly clamor of the ringsters who have a "scheme" and hope by loud noise to distract attention away from the jobbery that the Republicans contemplate, in case they get control of our municipal affairs.

Mr. Al. Brooke, Manager of the Gazette, is having lots of fun "noseing" on a bear hunt. Alburus is advised that he may find that bear, and the fun and folly will manifest on the other side.

The Somerset Review has recognized General Grosvenor and discovered him to be a warrior on wheels, or words to that effect. Gen. Grosvenor has captured Perry county.

GOOD ADVICE.

The way to build up a city and make the citizens prosperous and happy is to patronize home industries. If every man who wants a cap, or a bureau, or a stove, or a bedstead, or a suit of clothes, should run off to Columbus, Lancaster, Cincinnati, or Boston, or New York, to get it, when a better and cheaper article could be procured at home, the result of home labor, how long would it be before your own city artisans would be out of work and your city on the road to decay. It is only by patronizing home industries, paying out your money to those who spend it among us, that a city and her people can prosper.

We offer this advice to the workmen and to all classes, and know that it is to their interest to follow it. "Patronize home industry" is the motto that all progressive cities follow, and wherever it is followed you see no beggars in the streets, nor idle men and women hunting for work.

In the matter of clothing, Frank Blais is doing a great work, and while he has the satisfaction of knowing that his work pleases, he has the still greater pleasure of knowing that it is made by Logan people, and right in Logan. The ready-made clothing at this Temple of Fashion is the nicest and best fitting that can be had in the city, and every garment is guaranteed to fit. It is cut by Logan people and made by them, and everything, therefore, but the raw material is made right in our own shop. We put Logan against the world in matters of pride. She is ever mindful of her own interests and of her own industries, and stands up for home and patronize home.

The clothing buyers of this community are not to be bamboozled by blowing upon the streets about fine clothing, when not a stitch is made in Logan nor a dollar paid out in Logan for its manufacture.

When you see gentlemen or boys on the street with a really neat-fitting and substantially made suit of clothes, you can set it down at once that it was made at Blaisur, where a large concourse of Logan people are made happy every Saturday by the receipt of a good week's wages.

Look to the interests of your own people, and do not be deceived by the misrepresentations of interlopers and adventurers, who send their money East to buy hand-me-down, better styles, and more durable articles, and at lower figures than any foreign sloop-aboard house can furnish.

Before buying call at the Temple of Fashion and examine the goods and prices of F. BLAISUR.

At a meeting of the American Medical Association, at Washington, D. C., May 13th, 1884. The following arrangements have been made with the B. & O. R. R. Co. for the transportation of delegates to Washington, D. C., for the meeting of the American Medical Association to be held in Washington, D. C., May 13th, 1884.

Delegates paying full regular fare from principal points on Trans. Ohio Divisions, to Washington, will be returned to such points, on certificates at one fourth the lowest unlimited rate.

A Gentleman in the Metropolitan Opera House distinguished himself the other night by rising in his seat and publicly rebuking a box party that was disturbing the performance. The rebuke was merited and met with general approval.

But New Yorkers are getting appreciably more temperate in their heated upon him should breed a host of imitators who will undertake to regulate the behavior of public auditors. It is the usurers and officers of the territory who ought to attend to this matter of loud talking.

The temperance people of Maine find out that prohibition does not prohibit unless sustained by a strong and nearly unanimous public sentiment, and are represented as being greatly disappointed in the statistics prepared by a temperance advocate showing an increase of crime and intemperance in that State. In Portland 2,250 arrests were made last year, 1,424 being for drunkenness and drunken brawls.
