

From Our Exchanges.

(Athens Journal) Mrs. E. C. Pickering and daughter Nell, of Logan, have returned from a visit to the family of S. Pickering of this place.

If we had a good constable that would stay sober long enough to make an arrest, it would conduce to the peace and quiet of this town.

The barn of C. D. Smith, of Frost, was destroyed by fire Sunday morning.

Rev. Manfort has been granted a month vacation by the session of his church.

Mrs. John Yontz, on Thursday last, while visiting Mrs. Samuel Warren, who resides in the Currier property, fell down a flight of stairs and injured herself quite seriously.

The tone of the article that appeared in the Logan Sentinel, of last week, entitled "Logan as a Moral Town," reminded us a good deal of the boy's composition on "what was it?" "Rats in Holland," which consisted in the statement that there were no rats in Holland.

(New Lexington Tribune.) Mrs. L. J. Burgess, of Logan, recently paid a visit to friends in Perry county.

New wheat is selling at about 70 cents a bushel, and is generally of good quality.

Miners in the Sunday Creek Valley are having fairly good work.

The dirt is flying at a good rate on the site of the proposed town building, and it will not be long until the excavation is completed.

There will be a fair crop of corn in this part of the country, whether it rains any more soon or not.

Mrs. Flora McCandlish, of Bremen, an inmate of the Asylum at Columbus, was killed by the car near that place, last Monday. She had made her escape from the Asylum, and was run over by a train. She was the wife of Samuel McCandlish, and leaves several children.

The third story of the Court House begins to loom up in good proportions. The nearer completion it approaches, the finer the structure looks. There is not likely to be any discount, either on the substantiality or general appearance of the building. It will be one of the nicest court-houses in Ohio, and in every way a credit to the county.

(Athens Herald.) V. C. Lowry, of Logan, was here Saturday attending a meeting of the University trustees.

Last Thursday the team of Robert Fulton of Levi township, owned and freighted on Rock Hill east of town, and ran away, demolishing a new express, crippling a fine horse and bruising Mr. Fulton.

The express was literally converted into kindling wood and distributed over the road for a distance of half a mile.

Frank, the eight-year old son of Mrs. Kate Bradford, was prostrated by a sunstroke last Friday. For a time fears were entertained regarding his recovery but he is now improving rapidly.

A girl at Nelsonville went back on her intended because she learned a few minutes before the time for the ceremony that he had not bought a fifteen-dollar suit of clothes she wished him to wear at the wedding.

A Washington dispatch reads: "Dan A. Grosvenor, brother of Congressman Grosvenor, of Athens, has been dismissed from his position in the First Comptroller's office."

People who go to the Lancaster camp meeting say that when dinner time comes, if you patronize the eat-house on the grounds, you pay fifty cents and get five cents worth of dinner. Somebody is evidently bent on making money. Such a camping meeting may be a good place to get religion but it furnishes some poor examples of common honesty.

(Nelsonville Register.) Last Tuesday afternoon Joseph Slater was prostrated by heat while engaged at work on Sec. 29, where they are building the new coal hopers. He was conveyed home where he remained in a critical condition during the afternoon, but by Wednesday morning had rallied and is now much better.

The strike inaugurated first of last week was of such brief existence as scarcely to be noticed. Last of the week notices were posted at all the offices of the members of the Ohio Coal Exchange, signed by R. L. Doty, Pres., for the operators, and John McBrat, and Christ, Evans, on the part of the miners, stating that an agreement had been entered into between the parties, which is to the effect that if the members of the O.C.E. Ex. comply with the semi-monthly payment law, the miners will make every effort to have the law enforced in the Hocking Valley and all competing districts in Ohio, and in the event of a failure to secure a compliance with said law, they will, on and after Jan. 1, 1888 waive all rights under said law, and resume work under the old monthly pay system.

SKIN SUCCESS SOAP is prescribed in cases of Skin Disease. Use for toilet, bath and shaving.

Tommy Bird, a ten-year old son of Joseph Bird, of Floodwood, was fatally kicked by a horse at the O. & W. C. & L. Co., last Saturday evening.

Harrison Vorhes was to busy at his brickyard Saturday evening to go to his supper, so he pulled seven cucumbers and ate them, continuing at work. Later in the night he was seized with cholera morbus, which held him in a death-like grip until Sunday morning. He had a close call.

Ambrose Wade got his right arm caught in a belt at the Foundry Saturday afternoon and had the skin torn off one side of the arm before he could extricate it.

Our jolly friend Tom C. Galvin was receiving the congratulations of his hosts of friends last Sunday morning, keeping up as well as he could under the circumstances. His boy, and weighs ten pounds.

The marriage of Miss Ada Fulton, which was announced to have taken place on August 4th, was recalled at the instance of the intended groom. It would seem that Gardner is an adventurer, and that he desired to get

control of Miss Fulton's property which he found he was unable to do.

At this, Gardner made an excuse for going to Columbus, from which city he wrote back to the lady, informing her that he was very sorry that he had made any public announcement of a wedding; that he did not love her well enough to make her his wife, and that he was on his way to Europe, and she would see him no more.

Miss Fulton is a highly estimable young lady, and her friends are indignant over the deceit practiced upon her. But she can congratulate herself that she has escaped from an alliance with a man who has shown himself to be unworthy of her love.

During the past few days the saloons just outside the corporation at Athens have been the scene of much fighting and blood letting, and we are listening every day for news of a wholesale murder. It is time that Athens people get down from their foolish hobby and put the saloons back under police regulation.

Local opinion is a failure, as we have always believed it to be, and the only thing to do is to get all the tax from the traffic that can be had, and with the money thus obtained, employ officers to keep the business under restriction as much as possible.

(New Lexington Herald.) William A. Strauder, the only colored Democrat in this county, has just had the pension given him by a Democratic administration, increased. This, too, from the party that was going to renege the colored race.

Mrs. Rose Warthan, who formerly lived in New Lexington, died in Columbus on Saturday morning last, at one o'clock, and was brought to this place and buried on Sunday afternoon at McLeary Catholic Church. The deceased was a native of Ireland, coming to this State in 1833, and was about ninety years of age.

Pat Clark, Jim Radigan, Mat Gibson, James Holohan and Wm. Moodie, five saloon keepers of this place, obtained a temporary injunction before Judge Wright, at New Lexington, on Saturday against the authorities of this place, which restrains them from enforcing the local option ordinance. The injunction will be tried at the next term of court.

Wonderful Birds.

Athens Constitution. There is something truly wonderful about the feats of carrier pigeons. Carried in a dark express car several hundred miles over half a dozen railroads, with no possible opportunity of knowing anything of the country through which they pass or the direction in which they are going, they are released from their prisons, and straightway, without any hesitation, begin their bee-line journey home. What mysterious power directs their flight? Many theories have been advanced. Signal Service Observer David, who released those recently from Philadelphia, seems to think the most plausible theory is that the birds are controlled by magnetic currents, very much as a magnetic needle is controlled. A sort of indefinable something points out to them the way in which they should go. That may be the true theory, and it may not. At any rate, these beautiful birds furnish abundant food for reflection to all who care to consider their truly wonderful work.

A Railroad Around the World. Baltimore Sun. The Car has sanctioned the beginning of the projected Siberian road, which is to connect St. Petersburg with Vladivostok on the Pacific. It is not to be a continuous line, however. It is to be rather a succession of railroads connecting navigable rivers so as to form a line of through transportation, partially for commercial, but principally for military objects. An American engineer suggests a branch road to Behring Strait, and offers to build a bridge over the narrow strip of water that parts the old world from the new. With the help of a line running from our Northern Pacific Railroad up through Alaska, a tie of steel would heave forth into the greatest Republic the world ever saw with the greatest autonomy. The London Times is amazed at the proposition to bridge the Strait, but admits that American engineers can do anything. Fifty days will take the traveler around the globe when the projected roads are completed.

USE only skin-success soap, which is approved by Physicians as pure, non-irritant and healing.

The best crop seems to be a failure in this part of the country. The dogs of Green still continue to feast on mutton. A few nights ago they visited a flock of sheep belonging to Wm. Williams, killed four and wounded several others.

Without a doubt the Greenlade furnace will go to blast soon. Nutt, Hartman & Co., have the contract of furnishing the lumber for repairs, and have moved their mill from Carbon Hill to the farm of Wm. Lemon, near Greenlade.

Miss Elja Kemper, who has been working in Columbus for some time has returned home on a visit.

Mr. S. M. Holcomb, of Perry county, was visiting friends near Maysville last week. He taught school here last winter and his scholars were glad to see their old teacher once more. He is thinking of teaching here next winter.

Wm. Stone is now teaching a splendid school at District No. 5. Thomas Lehman, the well-known stone mason, has returned to his new home over more. He has just completed a job of stone work at Shawnee. Boys, tune up your "horse fiddles," there will be a wedding soon.

Mrs. Ida M. Lemon, of Columbus, is now visiting relatives in Green. She will remain here while her husband throes along the Hocking Valley. P. J.

SKIN Success Ointment properly used will quickly cure any Skin or Scalp Disease. Skin Success soap preserves the healthy action of the Skin.

A Captain's Fortunate Discovery. Capt. Coleman of the schooner Weymouth, plying between Atlantic City and New York, has been troubled with a cough so that he was unable to sleep, and was induced to try Dr. King's new discovery for Consumption. It not only gave him instant relief but allayed the extreme soreness in his breast. His children were similarly affected and a single dose had the same happy effect. Dr. King's new discovery is now a standard remedy in the Coleman household and on board the schooner. Free trial bottles of this standard remedy at F. Harrington's drug store.

A CLEAR HEALTHY Skin can only be obtained and preserved by the use of Skin-Success Soap.

Scott's Emulsion of Pure Cod Liver Oil with Hypophosphites. In General Debility, Emaciation, Consumption, Wasting in Children.

Is a most valuable food and medicine. It creates an appetite for food, strengthens the nervous system and builds up the body. It is prepared in a palatable form and prescribed universally by physicians. Take no other.

LORD JENKINS' CURSE.

TOUCHING TALE IN TWO CHAPTERS. CHAPTER I. "Mary Berando Griggs! My daughter, a Jenkins, unite herself to a penniless, lowborn, professional singer poet! Well, I guess not!"

The speaker was Lord G. V. Jenkins. He was the last of his race, and he looked it. "Say not so, father," moaned the fair young girl, who knelt at his feet.

"Yes, I will say so, and I'll stick to it, too. This has been a bad year for spring poetry, and I notice that Griggs is wearing his last spring hat. Now, see here; I won't accept any son-in-law whose income does not equal mine, and you know my estate development and riches, relief to a crowded population and homes to build and industry. These inestimable advantages should be jealously guarded, and a candidate for my daughter should be able to pay the Government should secure them to the people."

We demand that all lands of the Government be sold to the highest bidder, and that the proceeds be used for the benefit of the people. We demand that the Government should secure them to the people."

We are in hearty sympathy with all people struggling to free themselves from the environments of despotism in a workmanlike manner. A full stock of Goods suitable for Farmers, Mechanics, Merchants, or men of any profession, which I will sell cheap for cash or exchange for Wool.

LABOR, being the chief factor and great conservator of free and general industry, should enjoy its full share of the common benefits derived therefrom; therefore, we favor such reforms of the centralization and encroachment of corporate power as will bring the best possible protection to labor, and the best possible advantage to the interests of the employed citizen.

We declare our opposition to the importation of foreign labor, and demand speedy punishment of all persons inciting and reviling against the interests of the employed citizen.

We favor such legislation on the question of immigration as will prevent the landing, for permanent residence, of aliens who are not willing to declare their intention of becoming citizens of the United States.

We declare our opposition to the importation of foreign labor, and demand speedy punishment of all persons inciting and reviling against the interests of the employed citizen.

Democratic Platform.

The Democratic party of Ohio, in convention assembled, hereby renews its hearty, unqualified endorsement of the national, patriotic and economic Administration of President Cleveland.

We demand such judicious reduction of the present excessive tariff as will result in producing a revenue sufficient only to meet the expenses of an economical administration of the Government, the payment of liberal pensions to Union soldiers and sailors, and the payment of the interest and principal of the public debt; and if necessary we favor such reduction of internal revenue, except on liquor as will prevent the accumulation of a surplus in the National Treasury.

We denounce any attempt to abolish the tax on liquors for the purpose of keeping up the present unjust, unequal and onerous tax system.

We call attention to and affirm as sound doctrine and policy the following emphatic and patriotic language of President Cleveland: "Our public domain is our National wealth, the earnings of our growth and the heritage of our people. It should promise timely development and riches, relief to a crowded population and homes to build and industry. These inestimable advantages should be jealously guarded, and a candidate for my daughter should be able to pay the Government should secure them to the people."

We demand that all lands of the Government be sold to the highest bidder, and that the proceeds be used for the benefit of the people. We demand that the Government should secure them to the people."

We are in hearty sympathy with all people struggling to free themselves from the environments of despotism in a workmanlike manner. A full stock of Goods suitable for Farmers, Mechanics, Merchants, or men of any profession, which I will sell cheap for cash or exchange for Wool.

LABOR, being the chief factor and great conservator of free and general industry, should enjoy its full share of the common benefits derived therefrom; therefore, we favor such reforms of the centralization and encroachment of corporate power as will bring the best possible protection to labor, and the best possible advantage to the interests of the employed citizen.

INSURANCEAG ENCY

THE GREATEST IN THE VALLEY.

ROYAL, AURORA, AMERSON, GERMAN, PHENIX, NORTHERN, MIAMI VALLEY, Fireman's Fund, Cincinnati Underwriters, London & Lancashire, Milwaukee Mechanics, The Fidelity Accident and Weekly Benefit Co., North West Life.

One of the largest and strongest Companies doing business in the country to-day. On of twelve Fire Insurance Companies, one alone has assets of \$5,000,000, while the others are the peers of any company doing business in the United States.

The Fidelity Accident and Weekly Benefit Co., of Columbus, Ohio, is a splendid thing while the North West Life is an equal. If persons desire Insurance with equal care, West, or drop him a card, he will be pleased to give rates. He is thoroughly reliable and whatever agreement he makes can be depended upon. We think the people of this territory will make a great gain in placing a dollar's worth of insurance with them.

We demand that all lands of the Government be sold to the highest bidder, and that the proceeds be used for the benefit of the people. We demand that the Government should secure them to the people."
