

The Hocking Sentinel.

Donovan—Artistic Tailor.

Local and Personal.

Miss Ida Rippey, of New York, is the guest of Miss Jessie Collins.

The store of Baskin & Wolinsky is still closed, Tom Sunderland in charge.

The 31st, regiment will remain next Summer in Logan. Thanks to Comrade Bob Kittsmiller.

Major Townsend, Major Townsend, of Athens, will you be kind enough to tell the Forakerites where Grosvenor was when your lights went out.

The Valley Furniture Store, Frank Lehman manager, was closed on last Friday by the Sheriff, on a claim of \$500.00 in favor of Dr. Campbell.

Base Ball Game will be played here next Tuesday, Nov. 1st, between Logan team and New York Female Club, at Base Ball Park. Admission 25c. and 15c.

Miss Mary P. Hart, daughter of Rev. C. C. Hart of Webster Grove, Mo. is visiting her friends in the old time Logan home, and meeting a warm and hearty welcome.

The Hocking Cycle Club desires to thank business men of our city who so generously contributed money and prizes to their tournament, thus making it a grand success.

Oliver Wright opened the campaign in Circleville on last Tuesday evening. He was enthusiastically greeted by the gallant democrats of that good old democratic stronghold.

The mayor yesterday morning notified the gas company that the street lamps may be dispensed with. Street obscuration by the many gas lights, five cubic feet power, is a thing of the past.

Blasius & Son are rushing business. Their pay roll is over forty dollars a day. The store is open from early morn until the hours of business close in the night.

The Misses Zellie and Nellie, the pretty twin daughters of Charles Schwinke, gave a seven year old birthday party on last Tuesday afternoon.

The many friends of W. Q. Adams our former fellow citizen, and whilst among us, our most enterprising spirit, will be glad to learn, in the article from our correspondent, Miss Hopley, that he is on the front line of progress and improvement in the enterprises in which he is engaged in Ohio and Kentucky.

John White, State Farm Reformer, got his Fairfield county steward back again. He boarded him out in another county until he was ripe, under the law. Gen Grosvenor might get a pointer from this and by keeping his Cleveland colored university Trustee, a month in Athens, could transfer him to the Asylum Board, according to law.

Council Finance Committee authorized Mayor and Clerk to frame bond of \$500.00 at 6 per cent interest, to mature Sept 27th 1893, in accordance with ordinance passed Sept. 27th 1892, in anticipation of livery in Fire dept, for the purchasing of horses for said department. The bond will be sold immediately and money turned over to the Fire department and horses secured.

The flour advertisement of Long & Co. comes in the way of good luck to our subscribers, the dead head reader is not in it. The thirty cents worth of flour given for the clipping is the property exclusively of the subscriber, of course he may give the paper to any one he pleases, so he can get a sack of flour. Cut out the ad. go to Stiers, get your flour, try it, if good go buy some more.

A sneak thief woman, claiming to be from the "mining regions," is making visits to Logan again. She is an old timer. She pretends to be crazy or sick as the situation suggests. She enters a house and met by any one, she begs, if not seen, she steals. Her last visit we hear of was at Mrs. Works, on Mulberry street. She got in unobserved, when discovered she seemed to be crazy, walking in her sleep. After she was gone, it was discovered she had done a pocket book, and got about three dollars in money. The police should have an eye on her.

Uncle Dan Notstone, the venerable father of our candidate for Treasurer, died at his home in Perry township on last Monday morning in the 90th year of his age. He was one among the very first settlers in Hocking and since infancy until his death has been a resident upon the home made for himself and family in the wilderness, in the long time ago. Mr. Notstone was a good citizen, pronounced democrat, and was widely known, and highly esteemed throughout this and surrounding counties. His death will be a sad bereavement among the lingering list of Andrew Jackson voters. The family have our sympathy in the loss of the venerable, kind old father. His virtues survive in the family he leaves behind him.

THE HISE MURDER TRIAL.

The trial of John Hise for the murder of Frank Chute at Carbon Hill on the 23d of last July, began on Monday afternoon. The case is still in progress and the details can not properly be given until it is concluded.

V. C. Lowry and O. W. H. Wright assist the Prosecutor and Weldy and Buerhaus are attorneys for defense.

A venire of 43 was examined before the jury was filled. On call of the list of jurors summoned two were reported absent. Stemen, of Marion, was reported as having sickness in family; Wolf, of Perry, as being bed-ridden.

The judge sent an attachment in both cases, also an attachment for Dr. Potter, physician at Adelpia attending Wolf. Stemen explained that his father was old, sick, helpless, that his sister was also sick, and no one in the family but himself to wait on them. Dr. Potter testified that Wolf was sick with erysipelas and it would be dangerous to bring him out. Wolf was excused.

Among the questions asked the jurymen summoned, looking to disqualification, this seemed like putting temperance in the front line. "Are you in the habit of getting drunk?" It opened the eyes of a good many people to learn from this that the law disqualified from discharging the highest duties of citizenship, sitting as a juror in a case to determine the life or property rights of a fellow citizen, if in the habit of getting drunk.

Only one of the forty-three admitted he ever did get drunk, two said they occasionally took a drink. The state has summoned 35 witnesses and the defense 40. The state expects to prove the murder premeditated. The defense expects to show self defense.

DISCOVERY DAY.

The great anniversary was celebrated by a display of pomp and magnificence such as has never been witnessed in this world. In the great Chicago dedication Ohio, of course, was in the lead.

In Logan our children were properly the celebrants. At nine o'clock the children met in their respective school rooms. Recitations, song, declamation appropriate to the occasion characterized the exercises. The rooms were elegantly decorated with pictures, banners, mottoes suitable to the occasion.

At the conclusion of the exercises in the school building the pupils, under charge of the teachers, joined in procession, the line extending from the public square to the Commercial house. It was a grand display and our people feel very proud of their magnificent product.

In the afternoon the cycle races at the fair grounds attracted thousands. The small boy claimed title by right of discovery and took possession of our city. In the evening bonfires blazed along the streets, rockets cultivated acquaintances with the luminaries of the sky, and the electric light cast effulgence bright as day, the proud men and pretty women of our queenly city promenaded the boulevards, and every body was happy. Logan was in her glory.

It was an occasion never to be forgotten. For us, be it, to cherish in our hearts the lessons taught in the sermons that day preached, lessons that should impress on us the pervading thought that the "Discovery" is the parent of the American Man.

BICYCLE TOURNAMENT.

The Cycle Races at the Fair Grounds last Friday were a grand success. More than a thousand people were present and the best wheelmen in the state. The following is the score:

Half Mile Novice—1st. Lon Wilson, Columbus. 2nd. Chas. Lutz, Logan. 3rd. R. C. Ciley, Columbus. Time 1:27. One Mile Open—A. L. Baker, Columbus. 2nd. Harry Wichter, Lancaster. 3rd. T. R. Eddy, Columbus. Time 2:38 1/2. One Mile, Invitation Hocking County—1st. Charles R. Lutz, Logan. Second, W. F. Johnson, Logan. Third, Charles Oaks, Logan. Time, 3:01 1/2. Half Mile, Juvenile—1st. Wilbur Oaks, Logan. Second, John D. Martin, Lancaster. Third, John Dittmore, Lancaster. Time 1:32 1/2.

Two Mile Handicap, Open—1st. A. Baker, Columbus. Second, T. R. Eddy, Columbus. Third, Charles E. Bell, Columbus. Time, 5:17 1/2. Half Mile, Boys Under 11 Years Old—1st. Alex S. Rochester. Second, Charles Wright, jr. Third, John R. Bowen. Time, 2:05. Half Mile, 1.30 Class—1st. L. B. Wilson, Columbus. Second, Harry A. Wichter, Lancaster. Third, T. H. Eddy, Columbus. Time, 1:28. Five Mile Handicap, Hocking County—1st. Charles R. Lutz, Logan. Second, W. F. Johnson, Logan. Third, Wilbur Oaks, Logan. Time 16:32 1/2. Time 16:32 1/2.

This is the first attempt our Cycle Club has made at having a tournament and it proved to be one of the grandest entertainments of the season. Our citizens contributed largely to its success by their liberal donation of prizes and clever patronage. Next year the club will give a series of grand races.

And There is Light.

The grand success of our Electric Light in the preliminary and test exhibit this week, meets with universal approval, the bats and moles have vanished, even the old octopus has gone into hiding in his den. It remains for the Rempie Only Ohio Wilson "Democrat" to apologize to the town council and through it to the people of Logan, for charging the council on making the contract, as being "incompetent or corrupt."

A FRESH START.

The Pyro Granite Clay Works

The substantial boom is coming to Logan. For some time past our city has been gloomy and despondent. The clouds are drifting away. Last week the Pyro Granite Clay Company under the management of Cap. John Hansen made a contract with Kerchman, Scully & Co., the largest contracting company of Cincinnati, for the product of the plant for the next five years. This means that not less three hundred thousand dollars of money, now asleep in muscle and dead in the hills, will take life in money in our midst. Products will be bought. Men idle will be employed. Every body will be benefited, and Logan will prosper. The purchase and delivery of materials and the work of making brick has begun. From forty to fifty men will be employed. This plant manufactures a special paving brick. Its materials, and shapes are different from others, and meets a special requirement. A patent has been applied for. The particular character of clay used, the method of mixing and generally preparing, and the burning, all are combined in making the Pyro granite, the perfect brick for the use designed. We congratulate the company upon the bright outlook and Logan as well. Cincinnati parties have bought stock and advanced money, so that any embarrassment in this direction can not occur.

MORE ENCOURAGEMENT. The Motherwell Works Start. The court has ordered Mr. F. C. Rochester to pay the People's Bank a part of the judgement against the Motherwells, the bank agreeing to withhold execution and to use such money as is available to finishing up all the various articles, partly made when the works closed. This is indeed encouraging news. The Motherwells will run, giving work making money. Our western lights from the Iron and Steel Works will greet the eastern blaze from the Pyro Granite Clay Works and in the bright glare all over our town from our Electric Light, Logan will rejoice in the morning of a new day.

Death of Otho Kanode. Otho Kanode, one of our best known and most esteemed citizens, died at his residence in Logan yesterday morning. He had not been in good health for several years past, but his most intimate friends did not expect that the end would come so soon.

The deceased was born in Sharpsburg, Maryland, July 21, 1826. The funeral this afternoon at 2 o'clock, from residence. Otho Kanode was one of our best citizens, and his death will be sincerely mourned by the wide circle of friends. Our sympathies are extended to the bereaved family.

Mrs. Luther S. Bort. Died at the Athens Asylum, where she had been an inmate for several years past, on yesterday. Her remains were brought to Logan last night. Funeral Sunday.

Why Grosvenor is Scared. [Chill to the Advertiser.] This Congressional district has a Republican majority of over 3,500, which would be regarded as pretty safe for the candidate of that party, yet Mr. Grosvenor is scared, and to such an extent that he has secured the services of some of the leading Republicans of the country to come to his rescue and stamp the district, when they should be devoting their time to work in what are regarded as the close states. Last Tuesday U. S. Senator Frye, of Maine, spoke at Athens, and it is announced that ex-Speaker Tom Read will speak in this city during the campaign, and other men of note are also to come.

No wonder Mr. Grosvenor is scared. He has cause to fear the wrath of the people over the robber tariff of the McKinley bill. Mr. Grosvenor was a member of Congress when that infamous measure was passed and voted for it. He also voted for that other infamy, the Force bill, whereby the people were to be deprived of conducting the elections, and an armed government force of invaders was to be placed over the ballot box.

Mr. Grosvenor always was prominent in the councils of the party of monopoly and high taxes, and must stand on his record in this campaign. If the people of this district believe in the robber tariff, the Force bill, etc., then they should by all means vote for Mr. Grosvenor. But if they desire to have the tariff taxes reduced to a revenue basis, to be secure against a Force bill, and have their interests guarded by an intelligent, able and honest man, then they should cast their votes for Mr. C. E. Peoples. These things are the issues in this campaign in this district.

If you want a Monument or Tombstone, Lime, Plaster Paris or Cement, you should call on EISELE & MCCLAIN.

FOR SALE—Wheat and Rye for seed. This year's crop. Fresh and clean. H. L. WRIGHT. August 24, 1892.
