

WE DEMAND the free and unlimited coinage of both gold and silver at the present legal ratio of 16 to 1, without waiting for the consent of any other nation. We demand that the standard silver dollar shall be a full legal tender equally with gold for all debts, public and private.—Democratic National Platform, 1896.

—The Bryan Silver meeting held at Zion Chapel school house in Starr township was well attended. The farmers of that vicinity are in favor of free silver. Mr. A. H. Wilson addressed the meeting in an eloquent and applauded speech of ninety minutes, during which the time silver sentiment and silver vane rose to a height that will sweep over the highest elevation of Starr, and the vote for Bryan and the rest of the ticket will be far in excess of past elections. There will be a meeting there soon when the organization will be completed and the work begun.  
—Go to picturesque Mackinac Island via the D. & C. (Coast Line). It only cost \$13.50 from Detroit, \$15.50 from Toledo, \$18.00 from Cleveland for the round trip, including meals and berths. Tickets good for 60 days, bicycles carried free. One thousand miles of lake and river riding on new modern steel steamers for the above rates. Send for illustrated pamphlets Address, A. A. —Comrade Billy Wallace, accompanied by his associate members of the Infirmary Board, was in New Lexington last Thursday on official business. This is Billy Wallace's old stamping ground, and we can bespeak for him always a hearty welcome from his old time good friends in his old Perry county home, whenever he meets among them. Billy Wallace has but one fault his hosts of personal friends have against him, his wicked republican politics. We are in hopes the gold bug, and the Colorado potato bug, will compel him to come home to his friends.  
—Here is a diamond, here is a piece of charcoal, both carbon; yet between them stands the mightiest of magicians Nature. The food on your table and on your own body; elementary the same; yet between the two stands the digestion, the arbiter of growth or decline, life or death.  
—We can not make a diamond; we can not make flesh, blood and bone. No. But by means of the Shaker Digestive Cordial we can enable the stomach to digest food which would otherwise ferment and poison the system. In all forms of dyspepsia and incipient consumption, with weakness, loss of flesh, thin blood, nervous prostration the Cordial is the successful remedy. Taken with food it relieves at once. It nourishes, and assists nature to nourish. A trial bottle—enough to show its merit—10 cents.  
—On September 10th the Columbus, Sandusky and Hocking Railroad will give a collision between two monster 50 ton passenger locomotives, on their track 1 mile east of the State Fair Grounds, Columbus Ohio. This collision will take place at 2:30 P.M., affording ample time before or after the collision to attend the Ohio State Fair. The exhibition will take place in an enclosure, the spectators being protected by a steel wire screen, so that there is no danger of an accident.

—A Pleasant Surprise.  
(Journal Gazette.)  
On last Thursday evening one of the best planned surprises that has occurred in Logan, for many a day, was carried into execution. Mrs. F. S. Case and Mrs. Lutellus Lindley of Columbus, planned the surprise and were assisted by Mrs. Strawn and Mrs. Morgan; so well did they conceal their work that neither Mr. nor Mrs. Lindly had the slightest clue that anything unusual was to happen. About 100 invited guests were present and spent a delightful evening. Refreshments of ice cream and cake were served. Mr. and Mrs. Lindley received from Logan friends an elegant side board as a token of the esteem in which they are held. The presentation speech was made by Rev. Williams. The following note accompanied a dozen Havana china desert dishes, which came from Columbus:  
Dear brother and sister:  
Please accept a dozen dishes with a grove of my best wishes. And I hope you'll deem the latter worth the most.  
May's great happiness attend you. And the powers of good defend you. For twice twenty-two years more in my last.  
Lutellus Lindley  
The many friends of Mr. and Mrs. Lindley join in wishing them many more wedding anniversaries and happy surprises as they sojourn through life.

**State Fair Attractions.**  
—SPLENDID EXHIBITS PROMISED IN ALL DEPARTMENTS OF THE EXPOSITION THIS YEAR.  
—Horseless Carriages to be one of the Novel Features Secured by the Board. Racing Both Afternoon and Night by Electric Light.  
The great event to occur at Columbus and one in which the people of the whole are interested is the Ohio State Fair and Industrial Exposition, which opens Monday, Aug. 31, to continue day and night until Saturday September 5. The beautiful park grounds and the many exhibition buildings have been placed in holiday attire for this annual festival of interest, education and attraction to the people, and an exhibit of the finest and best is assured and will be properly installed in 14 distinctive departments and numerous divisions of the exposition.  
There will be represented agriculture in the choicest products from the best farms in the state; fruit in abundance and of every variety known to the orchards and vineyards of Ohio; flowers and plants from the richest gardens and greenhouses, and in such profusion as to completely overshadow all former attempts in the floral division of the fair; machinery and implements, the latest manufacturers and the newest inventions; mechanics' and manufacturers' products, including vehicles of latest pattern, from the best known factories in the world; merchandise of every description, from the largest stores and arranged in the most attractive form for inspection; musical instruments, with daily concerts and organ recitals in the spacious music hall; fine arts, to which one building is exclusively devoted and will be filled with paintings, statuary, photography engravings, etc., from the leading studios of the land; woman's work, to occupy one of the largest exhibition buildings on the grounds, in which will be handsomely arranged the handiwork of women and all the newest and best in household art. A center of attraction for everybody.  
In the several live-stock departments and show rings the entries and applications point to an exhibit of superior merit, while in the classes of speed, to be contested on the super track, with its immense grand stand and complete equipment, a string of trotters, pacers and runners will occasion intense excitement and interest during every afternoon and evening of the fair. The evening races will be by electric light, with which the track and stands are now most liberally supplied. Races by electric light will be a unique feature of the exposition.  
The fair, throughout all departments, will continue day and night until the close. The park ground and every building are equipped for the most brilliant electric lighting for night exhibitions and special programs will be arranged suitable to the night occasions, which will include concert music by bands of national reputation.  
Horseless vehicles, a great special extraordinary attraction, will for the first time be presented to an Ohio public. Arrangements have been fully completed for exhibitions and contests every afternoon and evening of this latest of all inventions, horseless carriages now attracting the attention of the whole world. The very latest and best invented have been secured and that everybody may have opportunity of witnessing this great feature of the vehicles, which includes carriages, buggies, gigs and traps, will be operated every afternoon and evening to show speed and the ease of handling in starting, stopping, turning, guiding, backing and maneuvering generally. This will be the first exhibition of the kind to be given in Ohio and only the third in the United States. In a few years hence, it is predicted, that horseless vehicles will be in as universal use as the bicycle now is.  
The attractions for the coming state fair and exposition, Aug. 31, Sept. 1, 2, 3 and 4, are certainly up to date, and with the low rates extending over all railway lines leading into Columbus the attendance will be large. Columbus is amply able to comfortably and cheaply entertain all who attend. The facilities for reaching the grounds are now so complete that but a few minutes are required from the railway depot or any point in the city.
