FATAL ACCIDENT.

Murry Thurness Instantly Killed on the Railroad.

Murry Thurness, a young man of our town, brakeman on the local freight, was killed instantly by the cars, in the yard this morning. He was riding on the engine intending to get off, when he reached his train some distance away, and as he stepped on the ground, he slipped falling against the drive wheel. His head was crushed, and he died in an instant. He was a quiet industrious young man, the support of his mother, and his untimely death is a sorrow to all the community.

Death of Dick McCarthy.

On last Monday night, "Dick" McCarthy, ex-Sheriff of Hocking county, died from Apoplexy, at his home in Wooster, O.

Thos. F. McCarthy was born in Logan Oct. 18, 1853. He spent several years in the west, returning to Logan in 1879, when he was appointed deputy by Sheriff J. N. Acker. He was elected Sheriff of Hocking county in 1881, serving two terms. For several years past he has been engaged in mining and commercial pursuits, most of the time on the road.

On Monday last week, when in Wheeling he received an apoplectic stroke, the third within the year. He was brought to his home in Wooster unconscious until his death, which occurred on last Monday night. His remains were interred in Wooster yesterday, Mrs. Dr. Finney of our city and Mrs. Preston from Athens, the sisters of the deceased's wife going on Tuesday to attend the funeral.

He was married April 21, 1881 to Ida M. Murphy, who, with three children, two girls and one boy, survive him.

"Dick" McCarthy was a whole souled, genial gentleman. He made a capable and popular official, was an enterprising public spirited man, and his death is the occasion of as much profound sorrow as of any man who has ever lived and labored among us.

Hedges Acquitted

On last Friday, after six hours deliberation, the Jury in the Hedges case, returned a verdict of not guilty.

The trial was a hotly contested one and with embarrassing conditions on both sides, the attorneys adroitly managed to make, each, the most out of the material in hand.

The charge of the court was clear and met the acceptance of both sides.

The arguments of the attorneys were able and eloquent, Messrs Pettit and Wright argued from the facts and the law and Mr. Ricketts from the stand point of sentiment in behalf of the State. Mr. Dolson for the defense presented the case in a chain of facts to a logical conclusion, earnest, eloquent and impressive, while Mr. McBroom in a three hours speech combined satire, logic, declamation, sentiment, in picturesque and original combination, winning the laurels of the forum.

The accused had a very close escape. It is to be hoped that the lesson is one to last for him and for others following a like course, a life time. The regret is that by reason of a verdict of not guilty, sheriff Brandt gets no pay for all the hard and expensive work he was put to, in subpoenaing the witnesses.

John Green, Jr., Found Guilty.

The Jury on last Monday, in the trial of John Green of New Pittsburgh, found the defendant guilty of shooting with intent to kill, the penalty for which crime is penitentiary for from one to twenty years, at discretion of the court.

The families of McNamara and Green living on opposite sides of the road, in New Pittsburgh had a family quarrel of long standing. They would rail at each other and occasionally vary the proceedings by throwing stones at each other's houses. On the 27 of last August, the war broke out with unusual activity, the McNamaras bombarding the Green house with a fusillade of rocks. John Green, a young man of about 24 yrs. of age, took his revolver in hand and accompanied by his brother, left his house, crossed the road and went up to the McNamaras, pointing his pistol at the woman and threatening death to the family. Some of the McNamara family were armed with stones, a hoe and a coal pick.

David Trease who lives next neighbor to the McNamaras came on the scene and asked Green to put up his revolver, not to shoot, that his family was in danger. Green cursed him and told him to mind his own business, and without further ado, drew up his revolver and fired point blank at Trease who was only three or four steps away. At the very moment of the firing Trease dropped, and the ball instead of striking his heart or vital organs hit him in the shoulder, inflicting what was thought to be a fatal wound. Trease however, it may be said in this connection recovered, and was at the trial Monday

and testified. After the shooting Green fled the country, and has heretofore stated, was captured by Sheriff Brundt in W. Va. and lodged in the Logan jail, the trial, Monday, resulting as stated.

The Prosecutor was assisted by Harry Sparrow who was a valuable aid in presenting the case and arguing a conviction from the undisputed facts.

The defense was conducted by A. R. McBroom who did all that was possible to shield his client, attempting to show justifiable shooting from the fact that Green encountered an armed force of the entire McNamara family, and that when Trease appeared holding a stick in his hand, the defendant, regarding him as an ally and a dangerous one, shot in self protection. The Jury was out but a short time.

Mr. McBroom made a motion for a new trial which will be heard next Monday, at which time also, the prisoner will be sentenced.

Ward township has furnished five penitentiary cases for this term of court.

THE SNIDER-MILLER BENT WORKS.

J. J. Snider of our city, and ex-Senator Wm. Miller of Newark have bought and paid for the Motherwell property and have a warranty deed for it. Some time ago Mr. Snider bought the property but failing to acquire a deed he did not pay for it, and the deal was off.

Now a Bent Works is an assured fact.

Mr. Snider is known in Southern Ohio as the most practical, and successful dealer. He is in a condition to procure at lowest rates the best lumber; Mr. Miller is general manager of the large iron works in Newark and can make, or direct the making of all the needed Machinery.

Mr. Snider left Monday for Mansfield where he proposes purchasing a "Bending Machine," which will weigh 8,000 pounds, and bend a piece of oak a foot square.

The purpose of the enterprise is to make Oak bent work, and also cabinets and chairs.

It is proposed to begin work about the holidays, employing from 100 to 125 men.

This, now is the start for a Logan boom. Let others of our business men do like wise.

—We give our readers some political geography this week. It is a good study for the politicians—see map on 2nd page.

—The work on the tramway from the Kerlin Bros. clay works to the mines, is rapidly approaching completion. A number of cars have been received. The works at this time are employing, altogether over a hundred men.

—The enterprise and prosperity of a town are reflected by the advertisements of local newspaper. The SENTINEL, for sixty years identified with Logan interests, has always been the exponent of her fortunes. Our advertising columns show the activity of trade among us today and the exhibit is bright and encouraging.

—From surface indications, Main street in Logan would be a good place to bore for natural gas. Little boys drive iron poker in the ground, making a "well" two or three feet deep and strike gas, which, when lit, gives out half a dozen candle power light. When the gas, so abundant and so easily tapped, reaches the cellar and the cellar is entered with a light, there is likely to be an "expansion" and ascension. Where is our committee of public safety?

—Mr. A. W. Harvey, noted and so well and widely known as "Coin" in the last presidential campaign, on his visit to Logan last Monday, was pleased to meet old acquaintances, Dr. Mansfield and Jim Kimberling, who knew him when he was a "kid" in his home in West Virginia. As a boy he was noted as a fox hunter and a fighter. As a man he is much of that same stripe, hunter and a fighter. The game is of a different class now, and the fighting is on different lines and with brains instead of fists.

A Card!

The above caption is merely to call your attention to the fact that our JEWELRY DEPARTMENT, only recently added to our other lines, is now COMPLETE, and we would be pleased to have the readers of the SENTINEL call in and see our SILVERWARE AND JEWELRY. Here you will find a complete assortment of Watches, Clocks, Gold and Silverware, Diamonds, Gold and Silver Ornaments and Novelties. Our line of SPECTACLES AND EYE GLASSES is complete. Special attention given to the proper fitting of your eyes. We also make a specialty of FINE WATCH REPAIRING AND HAND ENGRAVING. In this department I have secured the services of Mr. LAWRENCE YERGES, who is well and favorably known to the people of Hocking County. Mr. Yerges will be pleased to see all his old friends and many new ones at his new stand.
