

"The Dependable Store" of STIERS & COMPANY

Have Something to Say This Week About

CORSETS, SHIRT-WAISTS AND SHOES.

There is nothing in the estimation of a lady more important to her as to an article of wear than a Corset. The truest economy of corset buying is to secure a corset that will fit well and give the proper poise to the figure. A corset that is flexible—that will adjust itself to the figure and is comfortable.

The "Cresco" Corset...

We have secured the sale for this section of the famous

"Cresco Corsets."

The "Cresco" combines all the good features of other good corsets, and has this distinct feature of its own, that it cannot break at the waist, which corset makers have vainly tried for years to embody. By a smoothly adjusted disconnection at the front waist line it cannot break. Every woman will hail with delight a corset from which this annoying and expensive weakness has been removed. You are cordially invited to visit our store and examine the "Cresco"—have its merits explained to you. The "Cresco" is made to fit any form and insure ease and comfort to the wearer. Wear it once and it wins you. Once worn and you'll wear no other.

Straight Front Corsets.

Think of a Corset that makes you more comfortable for having it on; that lets you breathe free and deep; that won't press your ribs out of place or do any of the terrible things that old time doctors charged to corsets. The corset that cannot hurt you and which gives you better lungs for all the enjoyments of life is the Very Decidedly Stylish Corset—The Straight Front. We have the Straight Front Corset for 50c and \$1.00.

The Corset is the thing now-a-days when you want a good fitting dress. The best dress maker in the world cannot satisfy you if you wear a corset that does not fit. The way a corset is made has everything to do with its comfort, appearance and wear. Our \$1.00 Corsets are made of good materials and are flexible. They adapt themselves to any form—their flexibility making them fit perfectly. The \$1.00 Corset makes up in quality what it lacks in quantity. All the more comfortable because there isn't much of it. We have had customers tell us they could wear the Straight Front Corset when they could not comfortably wear any other kind.

The F. C. Corsets.

The F. C. Corsets we have in all styles and shapes to fit every figure and every F. C. Corset is sold under this most liberal warrant—"Money refunded after four week's trial if corset is not satisfactory."

Summer Corsets.

We have in Straight Front, French Shape and other styles, for 28c, 45c, 50c and \$1.00, made of light-weight net yet firm and strong. Much cooler for summer wear than the close woven batiste corset. If you have never had a summer corset try one and see if you will not like it.

Shirtwaists.

This is the season when most women are thinking about Shirt-waists. Fact of the matter is, no other garment ever invented for women wear is as comfortable, becoming and sensible as the shirt-waist. Nothing more suitable for hot weather than shirt-waists. Quite a percentage of a woman's comfort lies in looking comfortable and the balance in feeling as she looks. A lady is doubly attractive if she wears a stylish, perfect fitting, up-to-date Shirt-waist. There is nothing easier for a lady to see at a glance than the

Worthfulness or Worthlessness

of a shirt-waist stock. She can see in a minute whether style has been closely looked after or not. She can tell whether the patterns are up-to-date or back number. We have heard but one opinion of our Shirtwaist stock and that is that it is the largest, freshest and best assortment in town. We added last week a number of new novelties in white and colored waists. This season's styles are beautiful and prices thoroughly satisfactory. As evidence we offer our colored waists at prices ranging from 50c to \$2.50 White waists 1 to \$3.75.

Shoes. Shoes.

We carry many grades of Shoes but all of them are from good reliable factories. A description of all our mens, womens and childrens shoes would fill a volume. Shoes for all sorts of service. Even our cheapest shoes are strong, stylish and comfortable. Careful buyers make a sort of an X Ray examination of shoes. They examine a shoe inside and out. The lining, the sewing and the eye-letting, the firmness of the leather, &c. are all inspected.

Our Shoes bear careful investigation as to their worth.

MENS SHIRTS.

Just a small lot of Mens Shirts with collars attached in attractive patterns, all sizes, only 35 cents; 50 cent value.

The Store Will be Closed DECORATION DAY, May 30th at 1 o'clock for the Rest of the Day. DONT FORGET
