FIREWORKS EXPLOSION.

Terrible Fatality at Paterson, New Jersey.

Fourteen persons are believed to have been killed and a number injured in a fire following an explosion among a quantity of fireworks in the store of Abraham S. Rittenburg, at Paterson, N. J.

A number of those who were on the upper floors of the building when the explosion took place were either stunned or killed.

Some were burned to death or succumbed to shock.

After the first explosion there was a succession of smaller ones, and then came a second big explosion which was muffled and deadened.

Sixty Thousand of Them in Chicago to Form a Labor Organization.

Sixty thousand domestics employed in the homes of Chicago are ready to join a union which is to be organized in the strongest labor organization on earth should the housemaids in other cities join the movement.

Delegates to the Chicago Federation of Labor who attended the meeting were astonished when Sophia Becker of the Shoe-Stitchers' Union made the announcement that thousands of servant girls in Chicago were already members of a bona-fide labor organization. When she announced that "abolition of domestic slavery" was the slogan of the women, and that tens of thousands of servant girls in Chicago were eager to enter the field of industrial warfare, men in the hall cheered.

Fourth Child of Russia's Royal Couple Is a Girl.

TROUBLE AT OPEN GRAVE.

Outspoken Declarations of Preacher Arouse Anger of Relatives.

A scene was created at the grave during the funeral services of the little son of Mr. and Mrs. William Hancock, of Kokomo, Ind., who has been divorced for some time. The child had been living with its grandfather, Rev. George Edward Walk, pastor of Harrison Street Christian Church of that city, who was the officiating minister, and while the last words of the ceremony were being said, the grave was opened for about five minutes.

Mr. Hancock, brother of Mrs. Hancock, took Rev. Walk to task for the sermon he had preached. He demanded that Mr. Walk retract certain statements made in his sermon. The text of the discourse was as follows: "Wenny father and mother forsake me, my Lord will take me up." Mr. Walk in his sermon vigorously denounced divorce. He disclaimed any personal application of the sermon, but Jackson insisted and friends interfered to prevent Mr. Hancock from speaking.

To a newspaper reporter afterward Mr. Walk said: "I am tired of incessant imputations at funerals and think the truth should be spoken at all times."

MRS. M'KINLEY MUCH BETTER.

Dr. Johnston Believes President's Wife Out of Danger.

Dr. Johnston and Dr. Rice held a consultation at the White House Tuesday forenoon, at the conclusion of which Dr. Johnston pronounced Mrs. McKinley out of danger and believed that her recovery was a matter of course, but for the present the danger is past. Dr. Johnston said that the blood infection had disappeared entirely.

Dr. Rice, although evidently encouraged by the improvement in Mrs. McKinley's condition, was somewhat more conservative in his statement than Dr. Johnston. He thought it scarcely safe to say that she was entirely out of danger, as her extreme weakness might precipitate a relapse, but her condition was quite satisfactory, her improvement being steady and seemingly certain of continuance.

It is expected that President and Mrs. McKinley will be able to leave shortly for Canton.

Rumors that Mrs. McKinley has been released from prison are denied at the United States embassy in London.
