Ohio Teachers Reading Circle Notice to Teachers.

The following named teachers are hereby appointed secretaries of the Ohio Teachers Reading Circle for their respective township and town and are requested to collect the required fee of 25 cents from each member and forward to me not later than Feb 1st 1902. The books adopted, may be had by all members of the Teacher's Library Union free of charge. This year's course is usually good and I it is to be hoped that most of the teachers will profit by reading the same. In most counties in Ohio, it is next to impossible for teachers who do not do this reading to get a certificate. While our Board does not go to that extreme, we do suggest you should read the O. T. R. C. work. I at least shall have favor on those who are requested to me by the Township Secretaries as having pre-arranged the work faithfully and well.
