Ohio is fairly free from mob law now. Let a bill be passed on the statutes making imprisonment for life, the penalty for first degree murder and mob law will break out all over our state. The people have not yet reached the point where deliberate murder can be punished by less than death. Neither will they be for many years to come.

People will demand quick justice for the person who willfully and deliberately takes the life of another if such a law is enacted. In fact mob law has been put into effect many times for the reason that they knew that the perpetrator of a deed would get off with light sentence. It hasn't been long since Springfield Ohio, demonstrated that fact. Then, too, the pardoning power of the governor and the board of pardons has been stretched a very great deal in years gone by. Men could be cited who are not afraid to commit crime because they "have friends in the right places."

Local Matter

Mr. J. W. Rich of Columbus is visiting P. J. Butin this week.

Do you believe in signs? Some people do and some don't. I'll admit I didn't until I saw a HAPPY THOUGHT sign.

The words HAPPY THOUGHT struck me as being peculiar. I had been having all kinds of thoughts, good, bad and indifferent.

The doctors blamed it to indigestion—I blamed it to everything on earth.

At that time I didn't know what HAPPY THOUGHT was, but made inquiries, and found it was a new kind of tobacco.

I have chewed everything in tobacco that has been made, and have been chewing for forty years, but I never ran onto anything in my life to compare with

HAPPY THOUGHT

Ribbon-Cut Chewing Tobacco

It is long leaf, as you can see for yourself; soft, moist, sweet and wholesome.

HAPPY THOUGHT is a large package for a nickel.
