

# The Waists

Are Beautifully Stylish and Pleasantly Low Priced.

Of course, simply the result of days, yes weeks, spent in the study of the waist styles, the selecting of fabrics and fashions, and searching out the manufacturers who could make waists answering to our high standards and exacting demands.

As we were exacting—far more than most particular customers will be in choosing from this assemblage. We know that every woman who sees these waists will say they are beauties, and they will buy them. No dress maker could equal their style or better their fitting qualities or workmanship. The fabrics are those wanted for spring waist wear, Silks, India Linens and Batistes, many are in lingerie effects. And they are worthy fabrics, dependable, durable.

## REPEALED THE LAW.

The law imposing a tax on direct inheritance is repealed. The house Saturday morning passed the Beatty senate bill, and thus ended a fight that began almost with the first day of the session, and has waged intermittently ever since. This carries out a Democratic

campaign promise, and is in accordance with the recommendation of Governor Pattison. It also is in a sense a personal victory for Senator Richard A. Beatty. He is probably the only member of the general assembly whose campaign for election made the repeal of the inheritance tax paramount, although it was influential in other cases. There was almost a solid lining up of Democrats in the house in favor of the bill. Maccabee dinner at Red Men's hall April 18. Everything good to eat. Are you going?

## ARE GOING TO QUIT.

Wapakoneta, April 1.—Two saloonkeepers out of the 18 in this city have decided to quit business since the passage of the Aiken bill. One sold out yesterday and the other will quit this week. It is estimated that 32 out of the 88 saloons in the county will not continue in business after the fourth Monday in May.

## THEY WILL NOT STRIKE.

Indianapolis, Ind., March 31.—The leaders of the miners' union are convinced that the action of the convention in permitting contracts with individual operators, who are willing to grant the 1903 wage scale, practically assures them victory in the bituminous field.

F. L. Robbins of the Pittsburg Coal company and a number of smaller operators have already signified their willingness to meet the miners on this basis. The way the mine leaders figure it is that these operators will be producing half the normal output of soft coal within 30 days.

It was asserted not only by Mitchell, but by the presidents of every state mining organization, that they had already received assurances of signatures from many operators. No big men were on the list. The miners say that every operator in the central Pennsylvania district and around Pittsburg will sign and bring back about 85,000 men inside of ten days. They assert that in the Hocking Valley the companies allied with the Pittsburg Coal company will put 10,000 men at work. In the southwestern field, which follows in a strike, 70,000 men will come back to work; in Illinois 15,000 men will be working and in Indiana 14,000 men.

Outside these districts Charles W. Hite, president of the Iowa miners, said he thought he would have 10,000 men at work and the same report came from Michigan and other fields.

Under these circumstances, it is not believed by the miners that the other operators will remain long outside the breastworks.

## BIDDISON SUES SCOTT.

E. G. Biddison, ex-treasurer of Athens county, filed suit Monday in that county to recover from Winfield Scott, Sr., of Columbus, \$17,500 which he, together with his sureties, have agreed to pay into the county treasury in settlement of the shortage which existed during the term of Biddison's occupancy of the treasurer's office. The shortage was discovered in the report of the bureau of inspection and supervision of public offices. Biddison alleges that Scott unlawfully appropriated this sum for his own use from the collections that he made in the plaintiff's name while treasurer of the county. Furthermore, according to the complaint, Scott appropriated money from the county treasury, for which no accounting was given. In order to prevent the defendant's evading possible judgment a writ of attachment was issued upon Scott's property, including his home in North Broadway.

## MUNICIPAL ELECTIONS

Close Contests at Milwaukee, Kansas City and Elsewhere. MAYOR ROSE MEETS DEFEAT. Social Democrats Cast a Heavy Vote in the Cream City—Party Lines Obliterated at Many Points—Brief Review of the Issues Before the Voters and the Results. Milwaukee, Wis., April 4.—David S. Rose (Dem.), for eight years the city's executive head, was defeated Tuesday for mayor of Milwaukee by Sherburn H. Becker, the young Republican candidate. Returns give Becker 1,700 plurality. Becker ran on a platform calling for a greater and better Milwaukee, a municipal electric light plant and more railroads. Becker made the most vigorous campaign of any candidate who ever before sought election. He advertised extensively in the daily papers and made noonday and night speeches every day excepting Sunday since the primaries. The complete unofficial vote is: Becker (Rep.), 22,365; Rose (Dem.), 21,019; Arnold (Socialist Democrat), 16,720. Becker's plurality, 1,355. The common council will have 19 Republicans, a gain of 5; 16 Democrats, a loss of 7; and 11 Socialists, a gain of 2. William M. Graebner (Dem.) pulled through safely for city treasurer, having a plurality of 3,016 over Alex E. Martin (Rep.). Graebner was the only Democrat to be elected on the city ticket. Gorman, the Democratic mayor of Kenosha, was re-elected by a big majority, though the Republicans gained in all wards. At Madison the Independent Democrat, Joseph C. Schubert, defeated the anti-saloon candidate of the Republicans, Leslie R. Rowley, by 1,050. Republicans carried Viroqua, Stoughton, Whitewater, Wauskesha, Tomah, Ripon, Portage, Marinette, Menominee and Baraboo. Democrats were victorious in Kenosha, Elroy, Columbus, Madison, Dodgeville, Fond Du Lac, Beaver Dam and Neesham. Republicans Carry Kansas City. Kansas City, Mo., April 4.—The Republican city ticket, headed by H. M. Beardsley for mayor, was elected, his majority over R. L. Gregory (Dem.) being estimated at 1,200. The issue of the campaign was restriction of public service franchises, both platforms endorsing the principle of municipal ownership. The gas company and the street railway company are both seeking extensions of franchise, and the incoming administration is pledged to insist upon adequate return for extension and to establish a municipal gas plant unless a reduction of the price of gas is made. The new administration has a large majority in each house of the city council. Mayor Resigns. Kansas City, Kan., April 4.—Four of the six wards in Kansas City having declared in Tuesday's election against Mayor W. W. Rose's policy of licensing liquor joints, the mayor sent his resignation to the council. The resignation was unanimously accepted. Mayor of Hartford. Hartford, Conn., April 4.—William F. Henney (Rep.) was re-elected mayor by a majority of more than 2,000.

## OHIO OHIO.

Live Intelligence of the Buckeye State. Jones Option Bill a Law. Columbus, O., April 4.—The Jones residence local option bill, which became a law at midnight, will have little effect throughout the state for the next two months at least, as most of the saloons to which the law would apply were either voted in or out by the Brannock law. Verdicts reached by vote under this law are effective for two years. The Jones law is even more far-reaching in its provisions than the Brannock law. In that election is not necessary, but a petition signed by a majority of the electors of a certain district is sufficient to abolish the saloons. By the end of May the two years will have expired in many of the districts in which elections were held under the Brannock law, and then the fight will be waged once more. The anti-saloon people will seek to reclaim all "wet" territory and vice versa. Wagoner Jury Disgraced. Akron, O., April 4.—After a trial lasting several days the jury in the case of Captain Aaron Wagoner, former cashier of the Akron Savings bank, the accounts of which he is charged with falsifying in his reports, failed to agree and was discharged by the court. The jury was evenly divided on every ballot, six voting for conviction and six for acquittal. Captain Wagoner was chairman of the state board of penitentiary commissioners under former Governor Herrick. Woman Sues Millionaire. Xenia, O., April 4.—John Bryan, the millionaire, author-farmer of Yellow Springs, is the defendant in a damage suit for \$25,000 filed in the common pleas court by Mary G. Stueler, who was formerly a housekeeper on his farm. Miss Stueler alleges that Bryan, on Aug. 5, struck her repeatedly with a riding whip and so lacerated her arm that she was compelled to go to a sanitarium. Dickerson Testifies. Coshocton, O., April 4.—Ben Dickerson took the stand in the murder trial in which he is the defendant. He denied that he burned the Hughes home three weeks before the murder, and gave his side of the neighborhood feud. He said he was not at the springs when Mrs. Hughes was killed, but was in the field adjoining it when the murder was committed. Automobile Accident. Philadelphia, April 3.—While riding in an automobile through Havertown, a suburb, E. O. Gowing of this city was killed and his wife was so seriously injured that her death is expected. Mr. Gowing in manipulating the steering gear caused the machine to swerve. It crashed into a telegraph pole and was upset, crushing its occupants. Mr. Gowing died in a few minutes. His wife is unconscious at a hospital with concussion of the brain and internal injuries. Captured by Posses. Orleans, Ind., April 3.—Driven to cover at the home of James Roby, in the southeastern part of Orange county, Oliver Haycock and John Roby, slayers of Harry Smith, deputy sheriff, were captured after a chase of 40 hours by a posse led by ex-Sheriff Richard L. Ashbrook. In fear of mob violence the fugitives were only too willing to surrender and soon after they were taken in charge Sheriff Oliver L. Morris and his deputies started with the prisoners to Jeffersonville. Swell in the Lower Ohio. Evansville, Ind., April 3.—The Ohio river is still rising here and stands 49 feet, which is four feet above the danger line. It is expected the river will rise to a stage of 41 or 42 feet. All the side streams of the Ohio river continue to rise.
