Only a month ago I found lots of people did not know what HAPPY THOUGHT was.

Now I see most men that know their business chew HAPPY THOUGHT Ribbon-Cut Chewing Tobacco.

I am not surprised at this, for I told you from the beginning that

## HAPPY THOUGHT <br> Ribbon-Cut Chewinǵ Tobacco

was the best and cleanest chew; and what's more, they don't try to palm off a small package for 5 c , but give me full 2 1-2 oz. package for my nickel.

HAPPY THOUGHT is a large package for a nickel.

Yours for HAPPY THOUGHT first, last and all the time.
