The campaign has opened up. Election will soon be here. The candidates are shaking hands and setting up the beer.

Mrs. Tom McAllister and daughter, Kate, attended the reunion at Buchtel last Saturday.

Mr. John Kennedy, of this place, was in Straitsville last Saturday.

Mr. and Mrs. Mace, of Lancaster, are visiting at the home of Mr. Pete Reedy.

Mr. James Miller moved his family from here to Greendale last Thursday. Mr. James Perkins moved his family from Greendale here the same day.

Mr. M. G. Harbaugh was recently seen here posting his cards of instructions how to vote for him, but he failed to tell us whether he believes in union labor or not, or what makes him patronize a non-union barber shop. The voters of Ward township would be pleased to have an explanation between now and November 6, 1906.

Did Mr. Douglas tell the people that dogfennel grows the best with the roots in the ground, and that snakes go blind in dog days, or did he just tell them simple truth, that the miners in Ward township are idle from 3 to 4 days each week.

Mr. Moses Strawn from Logan was seen in Ward last Thursday. We did not learn his mission whether he was selling books or feeling up the situation. It may be that like Moses of olden times he will stretch his rod across the Red Sea and lead the children across dry sand, but if the signs of the times don't deceive us the waters of the Red (political) Sea are so troubled that there are not enough Moses in old Hocking county to lead the children of White to the promised land (the Court House).

Walnut Valley

It seems as though the "good old winter time" has come. Everybody is busy sowing wheat.

FAGIN'S FALL FROM OFFICE

Reasons Given For His Removal by President Roosevelt.

WAS TOO ACTIVE IN POLITICS

Former Auditor of Hamilton County Stated to Succeed Fagin - Color Line Causes a Strike at Columbus. Reorganization of Athens Hospital and Other News Incident to Ohio.

Washington, Oct. 3. - Reasons for the removal of Vivian J. Fagin of Cincinnati as United States marshal for the southern district of Ohio by order of the president are to be found in a report made to the president by the civil service commission after investigating charges that Fagin took too active a part in politics. The removal of B. F. O'Neal as marshal of the western district of Louisiana was ordered on the ground of unfitness.

A report on Fagin's case to the president by Attorney General Moody was made public. The report was in the form of a communication from Henry F. Greene of the civil service commission, which says in part: "It appears from the evidence that Mr. Fagin until recently has been an active ally of the Republican organization of the city of Cincinnati, commonly known as the 'Cox Machine.' All of the witnesses against Mr. Fagin whose testimony is at all material in this investigation have been also active supporters of this organization. Fagin apparently declared war on the Cox organization, or on its leaders, Cox, Hynicka, Herrman and others. Thereupon a very bitter state of feeling developed between the leaders of the organization, and Mr. Fagin and those who testified against Mr. Fagin probably were induced so to do because of their being supporters of the regular organization. It can not be denied that many of these witnesses are individuals whose testimony would be received in any court with caution, and according to Mr. Fagin's statement they are almost without exception a lot of professional criminals or aiders, abettors and supporters of professional criminals. Nevertheless there are certain facts in this case which do not depend in the least on the testimony of any one of the enemies of Mr. Fagin and which, in the judgment of the commission, indicate past violations of section 11 of the civil service act by him which are too remote in time to be punished by the courts, but which are not too remote to call for the removal of Mr. Fagin from office."

Fairfield County Fair

At Lancaster Oct. 10, 11, 12 and 13, 1906.

Bigger and better than ever the annual exposition of the Fairfield County Agricultural Society will open this year on October 10. For over half a century the "Lancaster Fair" has been an institution to which all looked forward with pleasant anticipations and it has had a record of uninterrupted success. It is held at the most beautiful season of the year, in the most beautiful grounds in the state. It is the "harvest home reunion" of Central Ohio at which old friends meet and greet one another and new friendships are made.

The Society is prosperous and offers exceptional premiums, which in this year of wonderful fertility and marvelous progress insure splendid displays in every department of exhibits. The program is a fine one and the entries give assurance of splendid sport.

The grounds have been beautified the buildings put in first class condition, over \$5,000 have been expended on new buildings and improvements, and no pains have been spared to make this the best and the greatest of the Fairfield County Fairs.

Come on, everybody, and help make this a "hummer." The railroads are co-operating with low rates. Ample accommodations are ready for all who may come and the weather clerk has promised to be good. Now, then all together, "Rah for the Lancaster Fair."

"My Wife's Family" is the attraction booked for a visit to Logan in the near future. There have been and still are, many productions which cause occasional outbursts of laughter or applause, but there are very few which keep an audience in good humor from the rise until the final drop of the curtain. This however, is the record of Stephens and Linton's "My Wife's Family", a merry musical mixup, founded on the familiar theme of the numerous relatives who will visit, but with varia-

MR. HERMAN ROESE. A Man of Prominence in School Circles and Overseer of the Poor Says Pe-ru-na Has Proven a Most Efficacious Remedy.

Herman Roese, 18 New Butternut St., Syracuse, N. Y., is President of the Board of Trustees of Webster graded schools, Dist. 8, in the town of Salina. He is also Overseer of the Poor, which position has afforded him ample opportunity for noting the causes of disease, as well as the best means of preventing and curing the same.

He expresses his approval of the use of Peruna as a very effective means of solving a problem of such vital interest to the community, as follows:

"Exposure seems to affect the lungs and kidneys of the poor and I have seen hundreds of these who were broken down in health from this cause. I am pleased to tell you that Peruna has proven a most efficacious remedy in a number of cases where no other medicine was used. I consider it a specific for any disorders of the respiratory organs."

tions worked into the plot which are original and deliciously mirth provoking. But the secret of success in a farce comedy is variety, and in "My Wife's Family" this quality is accentuated not by varied situations alone, but by the introduction of a number of bright and breezy singing and dancing specialties, not to mention a comedy automobile and a hundred and one other accessories. The company is capable throughout.

CABINET WILL HAVE A CHANGE

Moody and Shaw Are to Step Out During the Winter.

MAGOON IS SLATED FOR CUBA

President Roosevelt Announces That He Has No Annexation Design on Cuba—Postponement of His Trip to Panama on Account of the Cuban Imbroglio is Probable.

Washington, Oct. 3. - Two retirements from the president's cabinet are slated for this winter. They are Attorney General Moody, whose resignation will become effective about Dec. 1, and Secretary of Treasury Shaw, who will retire in February. For one of the vacancies created the president will nominate George V. L. Meyer, United States ambassador to Russia, but for the other he is not yet ready to announce a successor. Mr. Roosevelt urged Moody to remain in the cabinet, but the latter, because of business arrangements, finds it impossible to do so. He also would like to have Secretary Bonaparte take Moody's place when the latter retires, but the former prefers the position at the head of the navy department. Suggestion was made that Secretary Metcalf of the department of commerce and labor take one of the positions to be made vacant, but he also expressed a preference to remain where he is.

It seems to be well settled that former Governor Charles E. Magoon of Panama, who was appointed governor of the provisional government of Cuba in succession to Secretary Taft. Both the president and Secretary Taft had in view the designation of Governor Winthrop of Porto Rico for this office. The president, however, expressed the belief that he can better spare Governor Magoon from the Philippines, having been appointed recently a member of the Philippine commission and vice governor of the island, than he can the services of Governor Winthrop for the several months during which he expects the provisional governorship in Cuba will continue. Magoon is anxious to go to Cuba, and his selection for the place is expected to be announced soon. The president expects Mr. Taft to return to Washington in two weeks.

The Panama Trip. The president considers the possibility of a postponement of his trip to Panama next month because of conditions in Cuba. He does not think at this time, however, that there is any likelihood of conditions arising which will prevent his going to Panama to make the tour of inspection he announced some time ago. Should any decided evidences of unrest in Cuba make themselves apparent as a result of the occupation by the United States and disarmament of the revolutionists, the president expressed the intention of abandoning the trip to Panama this fall, in which case it will be made after congress adjourns next spring.

The president freely discussed with his cabinet and with individual callers, among whom were Senators Knox and Foraker, the present situation in Cuba and its temporary occupation by United States forces. The matter was talked over at the cabinet meeting, but no definite announcement of the result of the deliberations was given out. The president related to the cabinet and to callers with whom he talked that the action taken by the administration was destined solely for the benefit of the people of the island, with a view to the complete restoration of order there and the protection of all interests. He declared that he had no such motive in view as the possible annexation of the island by the United States. What he wants now is that the Cubans be given another chance at self-government. Unless extraordinary conditions arise no extraordinary conditions arise no extra session of congress will be called to deal with the Cuban situation, as the president considers he has ample authority to proceed in the matter.

Vacancy on Supreme Bench. Washington, Oct. 3.—The president will not make an appointment to fill the vacancy on the bench of the supreme court of the United States until the reassembling of congress in December. Secretary Taft has been offered the position and has had the question of accepting or declining under consideration some time. The president stated that he would gladly appoint Attorney General Moody, who

is soon to retire from the cabinet, to the vacancy, but realizes that objection would follow because Massachusetts is already represented on the supreme bench in the person of Justice Holmes.

Chinese Contracts. Washington, Oct. 3.—Theodore P. Shonts, chairman of the Panama canal commission, returned to Washington after an absence of several weeks in New York. He said he hoped to make the award of the contract for the Chinese laborers on the proposals recently submitted to the commission in a few days. None of the proposals submitted complied exactly with the specifications, but Shonts said that the differences between the proposals and the requirements offer little trouble to straighten out.

ILL-FATED TRANSPORT. Sheridan Had to Be Beached and May Be a Total Loss. Honolulu, Oct. 2. - The United States army transport Sheridan, which ran aground on Barbers Point, a southwest extremity of the island of Oahu, was floated with the assistance of the transport Buford. While both vessels were on the way to this port it became apparent that Sheridan was about to founder and she was beached. She was driven on the beach at the entrance of Pearl Harbor, where she is in a worse position than before.

The Sheridan was beached in a position difficult to reach. Tugs are standing by to lend all assistance possible. It is believed a big hole was torn in the hull of the Sheridan when she was coming off the reef and that the vessel will be a total loss.

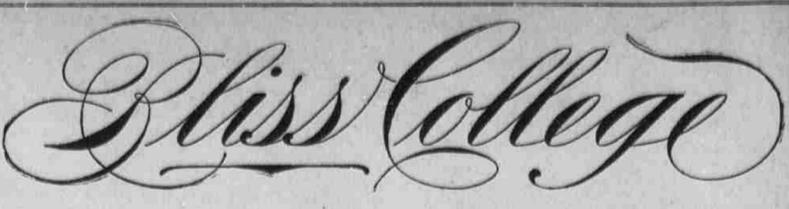

Hughes-Roosevelt Conference. Trenton, N. J., Oct. 2.—The conference between President Roosevelt and Charles E. Hughes, which began 15 minutes before the time for the president's train to leave Jersey City, was not concluded when the train was about to leave there, and the president invited Hughes to accompany him on his journey. Hughes left the train at Trenton and returned to New York. This trip added over an hour to the conference, which was ample for a complete discussion of the New York political situation. At the conclusion of the conference the president said he had nothing to say for publication regarding it, except he was very much interested in the situation, which he discussed thoroughly with Hughes.

Search For Negro. Indianapolis, Ind., Oct. 2.—Several hundred men searched the country around Ben Davis, a small town six miles west of this city, for an unknown negro who committed an assault on a woman, then beat her on the head, leaving her in a dying condition. The woman is not expected to recover. Should the negro be apprehended it is thought he will be severely dealt with. Sheriff Bourlier with deputies left for the scene.

Threatening Letter. Racine, Wis., Oct. 2.—Mrs. Robinson, wife of Richard T. Robinson, secretary of the J. I. Case threshing company, received a letter purporting to be from two men who live in Milwaukee or in Racine demanding \$50,000, threatening that unless the money is paid over all of the Robinson family will be killed. It is believed the two men are in Milwaukee and a warrant was issued on John Doe proceedings.

Want Forests Saved. San Bernardino, Cal., Oct. 2.—The people of San Bernardino, through the board of trade, appealed to President Roosevelt to save the big forests of this county from destruction at the hands of timber cutters.
