The way of the transgressor is hard or the wages of sin is death, was never more fully demonstrated than at Murray City during the shooting affray between Marshal Baynham and James Young. Mr. Baynham should have the sympathy and encouragement of all the better class of citizens regardless of politics. His hands should be up-held by the law and all moral people. If the saloon business was legitimate the law would not compel those that wish to engage in the business to pay a fine of \$1,000 in order to sell liquor.

The Care of Cream.

The problem of caring for the cream so that it may be delivered to the creamery in good condition is a serious one because it has an important bearing on the quality of the butter. In many cases, butter made from cream not properly cared for does not sell for the top market price, and since there is a growing tendency to sell butter on its merits, giving only the price its quality deserves, there will be difficulty in disposing of butter made from a poor quality of farm separator cream, at prices equal to those of butter made at whole-milk creameries. Considering the question, however, from the mechanical side of the butter making process alone, there is no good reason why farm separator cream should not be equal to, if not better than, that separated at a factory with power separators.

When milk is separated at the farm immediately after milking, the cleanest and sweetest cream possible ought to be obtained; it certainly should be better than that skimmed by a factory separator from milk which is two to twenty hours old, and on this account a better butter should be made from the farm separator cream.—Up-to-Date Farming.

NEW GOVERNOR LANDS IN CUBA

Learning the Lay of the Land from Secretary Taft.

MARINES ORDERED TO STAY

They Are Needed in the Island to Support the Soldiers—Warned Against Mixing Up in Cuban Controversies. Amnesty Proclamation Grants Pardon to Murderers of Villuendas.

Havana, Oct. 10.—Charles E. Magoon, the newly appointed provisional governor of Cuba, and General Bell arrived here Tuesday. Mrs. Taft and Mrs. Bacon arrived on the same steamer, the arrival of which was delayed 12 hours because of the belated arrival of the train at Tampa. Taft, Bacon and Magoon had a long conference in the governor's office. Following this conference Magoon received the members of the press. He declined to discuss his plans for the future.

An amnesty proclamation of the most sweeping character possible, pardoning every serious crime which has been an outgrowth of the recent revolution and its causes, was issued by Governor Taft. Complete pardon is granted to all persons involved in the killing of Congressman Villuendas at Cienfuegos in September, 1905, as well as to everybody implicated in the killing of the officers and men both of the army and the marine corps will exert every effort to show all courtesies possible to Cubans of all parties and avoid in any way injuring their sensibilities.

The order makes it plain that the marines will remain on the island as an adjunct to the infantry.

Governor Taft said that practically the United States warships in Cuban waters will be withdrawn soon.

GROUND BROKEN

For the Ohio Building at Jamestown, Tercentenary Exposition. Norfolk, Va., Oct. 10.—Ground was broken for the Ohio state building on the Jamestown exposition grounds. The building is to be a reproduction of "Adena," the old homestead of Governor Worthington. Those here representing the Ohio state commission to the exposition were John P. Gliven, vice president of Circleville, O.; the assistant secretary, S. R. Bolin, and John R. Bradford of Columbus, official architect. Ohio is the sixth state to break ground for Jamestown buildings.

Steamer Stranded. Detroit, Mich., Oct. 10.—All up-bound shipping was suspended at the Lime Kiln crossing, near the mouth of the Detroit river. The steamer Joseph Sellwood of Cleveland went aground on the east bank of the river with her bow pointing across the channel. About 200 feet of the 300 feet of the channel is blocked by the stranded vessel. Low water caused a blockade of downbound traffic and in the race of about 20 ships to get out of the river when the blockade was raised the Sellwood was pushed ashore stern first by the steamer Sahara of Duluth.

Robust Women Who Owe Their Restored Health and Usefulness to Pe-ru-na.

A Multitude of Such Letters Are Received Every Year.

A TYPICAL LETTER.

Mrs. Carry Peduzzi, Linstad, N. Dak., writes: "I take pleasure in telling you that through your wonderful medicine I am entirely cured of catarrh of the stomach and pelvic organs. I was so run down on account of my illness that I could no longer attend to my household work. I could not eat or sleep and had terrible pain in my back. I took Peruna and in five months I was well. I have not felt so well for a long time. I wish everyone who is sick would take Peruna and thus recover their health. I have Peruna in the house continually. I thank you for all that you have done for me."

A Medicine of Merit.

Miss Katie A. Washer, 1706 Prentice street, Louisville, Ky., writes: "As my experience has been so favorable from the use of Peruna, I unhesitatingly state that I believe that it is a medicine of unquestioned merit for all the ills that we women suffer from. And that it strengthens and infuses new life into the system, and whenever I feel run down or over-tired, a few doses of Peruna will strengthen me again."

Found a Friend in Need—Pe-ru-na.

Mrs. Florence Atkins, 1104 Front St., Toledo, Ohio, writes: "Peruna cured me of catarrh of the uterus. I took about four bottles when I noticed an improvement and five bottles cured me. I do not know what I would have been like to-day had I not obtained Peruna, for I was in a terrible state. I had pains all over and was cross and irritable. I was losing hope of ever being well again. I am to-day a well woman after suffering for nine months. I cannot tell you how happy I feel, but you will know. Peruna is the best medicine on earth. My husband is now taking it and I will always keep Peruna in my house. Peruna is the best friend I ever had. It cured me."

America is the Land of Nervous Women.

The majority of women are nervous because they suffer from some form of pelvic catarrh. The greatest obstacle in the way of recovery is that they do not understand that catarrh is the main source of their illness. Women who are in doubt as to their ailments should write to Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio, who will give their letters prompt attention, without charge.

Miss Anna McGinn, 161 Plain street, Providence, R. I., writes:

"I wish to let you know of the good your medicine has done for me. I had what the doctors called heart trouble. I had been doctoring for a year before I tried your Peruna. I got a bottle of your Peruna and after a week's use of it I began to feel better. I could not eat, sleep, or work, but I have at last found that the medicine that will cure me is Peruna."
