

MAYOR OF SUNBURY Says Peruna is a Good Medicine.

Hon. C. C. Brooks, Mayor of Sunbury, Ohio, also Attorney for Farmers' Bank and Sunbury Building and Loan Co., writes:

"I have the utmost confidence in the virtue of Peruna. It is a great medicine. I have used it and I have known many of my friends who have obtained beneficial results from its use. I cannot praise Peruna too highly."

HON. C. C. BROOKS.

THESE are a host of petty ailments which are the direct result of the weather.

This is more true of the excessive heat of summer and the intense cold of winter, but is partly true of all seasons of the year.

Whether it be a cold or a cough, catarrh of the head or bowel complaint, whether the liver be affected or the kidneys, the cause is very liable to be the same.

The weather slightly deranges the mucous membranes of the organs and the result is some functional disease.

Peruna has become a standby in thousands of homes for minor ailments of this sort.

Ash Cave

We feel as though this place should have a corner in the DEMOCRAT-SENTINEL and as a pleasant little send off for the merry crowd which visited the cave last Sunday, September the 8th.

Now for a short description of the place. What one first sees when you enter the canon is the ruins of a platform where it is supposed the gay and young used to gather and trip the light fantastic, but it is simply used for a dining table now. The next thing one's attention is called to is the lofty rocks which tower up like the "sky scrapers" in some large city, one not being acquainted with the scenery at such places would think they were in the deserts, as tons upon tons of sand being piled up just underneath the cave, and right here let us say to the bashful that it would pay them well to make a trip to the Ash Cave, and if you haven't got the sand, just gather some for future use, as it's free we suppose to all.

To the livery and feed barn is the next. Just take a bale of hay and a load of corn and you are strictly "in it". Of course one has to know how to play gypsy when you are here.

The latest improvement we saw was near this cave a rock with the machinery of an automobile attached on top of the rock and a two-inch gas pipe which had been placed through the rock by some modern device. Now we were at a loss to know what it was for, so we asked a neighbor near, and was told that they ground out "guys" just like us.

For refreshments you go to So. Bloomingville, it being just a walk, probably 3 or 4 miles.

Mr. Elmer App runs the ice cream parlor and it is as good as you can get any place regardless of price.

In our day's travel we found the people very pleasant and entertaining. Below is a few names of the people who spent a day's outing at the Ash Cave.

Messrs. Ben Knipe and Chas. Worthman, of Ilesboro, Lewis Keister and Frank Wilson, of the Rock House, Orville Hartseugh and Elvin Friend, of So. Perry and Harry Stone, of Orland, Misses Alice and Norris Knipe, of Ilesboro, Lucy Quillen and Hazel Febes, of the Rock House and Lucy Heinlein, of Orland, Ohio.

Notice—Please sign your name to your correspondence. We will omit the name in the paper, but wish to know the writer.—EDITOR.
