### John W. Vogel's Big City Minstrels

John W. Vogel's Big City Minstrels is said to be a combination of mirth, mimicry and music, absolutely and positively the brightest, most entertaining and furthest advanced minstrel entertainment ever presented for public approval.

It is so filled with sparkling fun that you hardly finish one laugh before you are plunged into another. There is a fund of humor that holds one in constant merriment from start to finish.

If you wish to enjoy an evening of pure, wholesome fun without vulgarity, do not fail to attend this entertainment which will be given at the Logan opera house on Thursday, Aug. 19, as it will be their only appearance here this season.
