**A GANG OF BANDITTI IN PARIS.**—An association of robbers has just been discovered in Paris. This troop had a captain, a lieutenant, two sub-lieutenants, four sergeants, eight corporals and one hundred and twenty men. No person could be admitted without having been often in the hands of justice. They formed 11 sections, each section charged with the care of an arrangement of the city—and each division designated by a "slang title," which none but those learned in thieves' slang could understand.  
The Captain of this gang was a young man of good family, well educated, had served in the army and upon the stage. One of the officers of a section is said to be an apostate priest, who had recently, while disguised as a priest, succeeded in plundering an old lady of 11,000 francs.  
The plunderings of the gang were deposited in the treasury of the troop. The salary of each member was 900 francs per month. The Captain was allowed two elegant carriages for his own private use.  
The leaders of this organized gang have been arrested and lodged at the Prefecture.

**ROGERS' COMPOUND SYRUP OF LIVERWORT AND TAR.**—Among all the medicines extant, there is probably no one so justly deserving the confidence of the public as this, as a safe and certain cure for consumption of the lungs, spitting of blood, coughs, colds, asthma, pain in the side, bronchitis, whooping cough, and all pulmonary affections. Numerous certificates are in the hands of the agents, showing in the most satisfactory manner the surprising effects of this Syrup where it has been used. It is for sale in nearly every township in this county. See advertisement in another column.  
If there be any man, be he single or married, farmer, mechanic, merchant or teamster, who has not yet supplied himself with a bottle of H. G. See advertisement.

**Dr. Guyssott's Yellow Dock and Sarsaparilla.**  
For the cure of diseases, or as a spring purifier of the blood, and as a general tonic for the system, is unrivalled.  
The curative powers of this extract are truly wonderful, and all invalids should make immediate trial of the "Yellow Dock and Sarsaparilla." It cannot injure the most delicate patient.  
SCROFULA.—It has been remarked by eminent men, that in the varied catalogue of diseases to which man is liable, there is scarcely one of such importance and of such interest as scrofula, whether we look to the obscurity of its origin, its insidious progress, the number and variety of organs that it attacks, or its remarkable incurability and extensive fatality. Scrofula has baffled the skill of the most eminent Physicians in this country and in Europe. But there is an antidote for this disease in "Dr. Guyssott's Extract of Yellow Dock and Sarsaparilla," which is proving itself a perfect Specific in the most severe cases of Scrofula. See Advertisement. Oct 17

**10000 REWARD.**  
IS offered to any person who will produce one-fourth the amount of real certificates of positive cures in cases of Consumption or diseased Lungs, as Dr. ROGERS' Liverwort and Tar, has made in this city or any other place where it has been introduced. Although it has not been published in the city papers, in editorial form, by the Proprietor, for the sake of gain, [as most medicines are sold without regard to their worth], yet the demand has been enormous. In the city of Dayton alone, where this medicine has not been advertised to the amount of ten dollars, we received an order from Messrs. Ellis, Claffin & Co. to the amount of one thousand bottles. At this time, in the same manner, when there is comparatively little or no demand for medicine of this character.  
**STATEMENT OF DR. HIRAM COX.**  
Late Professor in the Cincinnati Eclectic Medical College, and a physician well known, who has practiced his profession in relation to the cure of Miasa, after having been given up to die with the last stage of consumption by a number of able physicians.  
Mr. A. L. SCOVILL—Sir: However reluctant I have been to permit my name to appear attached to a certificate recommending Patent Medicines, Nostriums or Cathartics, I nevertheless think it my duty, not only to my patients, but to the community, and all afflicted with diseases requiring cough medicine, to state that in three particular cases of incipient Consumption, viz: Miss Bell, step-daughter of Mr. John Carr of this city; Miss Berger, sister-in-law of Mr. V. Wonder, butler, and Mr. R. C. Cox, one of our city council, that Dr. ROGERS' Compound Syrup of Liverwort and Tar operated more like a specific than any remedy of a similar character in its operation. One of the cases above, viz: Miss Bell, appeared to be laboring under the last stage of Consumption, as pronounced by several physicians who attended in attendance previous to my being called to treat her case. She is at this time in the enjoyment of as apparently good health, and from appearance, as likely to die with any other disease, as any other member of this city. As it respects the health of the other two cases, all the threatening premonitory symptoms seem to have subsided from the use of a few bottles of the Syrup above. Very respectfully,  
Cincinnati, Jan. 25, 1847.

**DR. GUYSSOTT'S Extract of Yellow Dock and Sarsaparilla.**  
THE greatest remedy ever discovered for almost all complaints requiring an external application, either in man or beast, is the short length of time it has been introduced to the people of the United States, it has gained a reputation unequalled by any other medicine in the known world. Why is it? The answer is plain: because no medicine of the kind has ever been put before the public as deserving of the rich laurels it has acquired; and it will continue to gain friends as long as it performs the most extraordinary cures of various descriptions, after the doctors and all other remedies had failed. We do not only say that the genuine H. G. Farrell's Arabian Liniment cures and does perform cures which no other medicine can do, but you have here certificates of what it has done.  
Andrew Smith, of Mudd Creek, Tazewell Co. Va., says: "I had lost the use of my arm for more than a year by palsy or paralysis; the flesh had entirely withered away, leaving nothing but skin, muscles and bone. I tried all the best doctors and all the remedies I could hear of, but they did no good. I then commenced the use of H. G. Farrell's Arabian Liniment, and a few bottles entirely cured me, and my arm is now as strong and fleshy as the other. It is also first-rate for burns, sprains and bruises, and a benefactor to mankind extends over the whole world, reports that a lady of one of the first families in Philadelphia had been confined to her bed fourteen years with Rheumatism, and was cured by H. G. Farrell's Arabian Liniment. He also says: "Your liniment is going rapidly; send me a supply immediately by Leeche's fast line."  
My daughter, when 6 months old, was taken with a swelling in the tonsils, which grew larger and larger, till when 6 years old she had great difficulty in swallowing her food. Every night, when she was kept, she would suffocate. The best doctors attended her, but could give no relief. I took her to the most eminent doctors in the East; they said there was no help for her but to cut out the tonsils, and I had her returned home with her, when she became so much worse that the doctors had to be called in again; they decided the tonsils must be cut out, as the only means of giving relief. My wife would not consent to this, and she determined to try your liniment, which gave relief the very first application, and by a continued use she entirely recovered. She is now 10 years old, and healthy and hearty as could be desired. Your liniment is also the best in use for neuralgia, toothache, headache, &c.; and it will remove the most severe pain in a few minutes. It is also cured under in my cow in a few days.  
GEORGE FORD, Peoria, March 30, 1849.  
W. H. G. Farrell's Arabian Liniment is the greatest medicine for horse flesh in the world. I had a mare about to foal, when she became so helpless that she could not rise from the ground; she was in this way for several days, when with seven others I succeeded in raising her up, which was the only way it could be done, when I commenced the use of your excellent liniment, rubbed in well over the loins, and astonishing as it may appear, before I used up a bottle of the dollar size, she was able to get up and walk herself. I would not have given ten dollars for her before, and many advised me to shoot her to put her out of misery; she is now one of my best mares. I suppose it was a strain in the loins.  
G. W. HUNT, Peoria, Ills., July 2, 1849.  
**LOOK OUT FOR COUNTERFEITS!**  
As they are in circulation. The true and only genuine H. G. Farrell's Arabian Liniment always reads with the H. G., his initials, before Farrell's, thus, "H. G. Farrell's Arabian Liniment," and his signature is also on the label of the bottle, and these words are blown in the glass bottle, "H. G. Farrell's Arabian Liniment, Peoria." Do not touch any other, and look well before you purchase, or you will get imposed upon.  
Manufactured only by H. G. Farrell, sole inventor and proprietor, and wholesale Druggist, No. 17 Main street, Peoria, Illinois, to whom all communications must be addressed.  
For sale by MAGUET & NARET, Gallipolis; G. W. Cooper & Co., Chester; Dalton & Stivers, Pomeroy; and regularly authorized agents all over the United States.

**DR. GUYSSOTT'S Extract of Yellow Dock and Sarsaparilla.**  
THE greatest remedy ever discovered for almost all complaints requiring an external application, either in man or beast, is the short length of time it has been introduced to the people of the United States, it has gained a reputation unequalled by any other medicine in the known world. Why is it? The answer is plain: because no medicine of the kind has ever been put before the public as deserving of the rich laurels it has acquired; and it will continue to gain friends as long as it performs the most extraordinary cures of various descriptions, after the doctors and all other remedies had failed. We do not only say that the genuine H. G. Farrell's Arabian Liniment cures and does perform cures which no other medicine can do, but you have here certificates of what it has done.  
Andrew Smith, of Mudd Creek, Tazewell Co. Va., says: "I had lost the use of my arm for more than a year by palsy or paralysis; the flesh had entirely withered away, leaving nothing but skin, muscles and bone. I tried all the best doctors and all the remedies I could hear of, but they did no good. I then commenced the use of H. G. Farrell's Arabian Liniment, and a few bottles entirely cured me, and my arm is now as strong and fleshy as the other. It is also first-rate for burns, sprains and bruises, and a benefactor to mankind extends over the whole world, reports that a lady of one of the first families in Philadelphia had been confined to her bed fourteen years with Rheumatism, and was cured by H. G. Farrell's Arabian Liniment. He also says: "Your liniment is going rapidly; send me a supply immediately by Leeche's fast line."  
My daughter, when 6 months old, was taken with a swelling in the tonsils, which grew larger and larger, till when 6 years old she had great difficulty in swallowing her food. Every night, when she was kept, she would suffocate. The best doctors attended her, but could give no relief. I took her to the most eminent doctors in the East; they said there was no help for her but to cut out the tonsils, and I had her returned home with her, when she became so much worse that the doctors had to be called in again; they decided the tonsils must be cut out, as the only means of giving relief. My wife would not consent to this, and she determined to try your liniment, which gave relief the very first application, and by a continued use she entirely recovered. She is now 10 years old, and healthy and hearty as could be desired. Your liniment is also the best in use for neuralgia, toothache, headache, &c.; and it will remove the most severe pain in a few minutes. It is also cured under in my cow in a few days.  
GEORGE FORD, Peoria, March 30, 1849.  
W. H. G. Farrell's Arabian Liniment is the greatest medicine for horse flesh in the world. I had a mare about to foal, when she became so helpless that she could not rise from the ground; she was in this way for several days, when with seven others I succeeded in raising her up, which was the only way it could be done, when I commenced the use of your excellent liniment, rubbed in well over the loins, and astonishing as it may appear, before I used up a bottle of the dollar size, she was able to get up and walk herself. I would not have given ten dollars for her before, and many advised me to shoot her to put her out of misery; she is now one of my best mares. I suppose it was a strain in the loins.  
G. W. HUNT, Peoria, Ills., July 2, 1849.  
**LOOK OUT FOR COUNTERFEITS!**  
As they are in circulation. The true and only genuine H. G. Farrell's Arabian Liniment always reads with the H. G., his initials, before Farrell's, thus, "H. G. Farrell's Arabian Liniment," and his signature is also on the label of the bottle, and these words are blown in the glass bottle, "H. G. Farrell's Arabian Liniment, Peoria." Do not touch any other, and look well before you purchase, or you will get imposed upon.  
Manufactured only by H. G. Farrell, sole inventor and proprietor, and wholesale Druggist, No. 17 Main street, Peoria, Illinois, to whom all communications must be addressed.  
For sale by MAGUET & NARET, Gallipolis; G. W. Cooper & Co., Chester; Dalton & Stivers, Pomeroy; and regularly authorized agents all over the United States.
