

DEFERRED ARTICLES.

CAMPAIGN BRIDGE.—A petition is in circulation for signatures, asking the Legislature to pass an act incorporating the stockholders in this bridge with power to collect tolls.

We have crossed on this bridge once or twice, and we believe it to be decidedly the best bridge in the county, and does much credit to the builders, both of the stone and wood work.

TURNIPS.—From what we had heard and seen, we had concluded that this had been a great year for turnips. Our conclusion was made doubly sure the other day, when Mr. Sam'l. Rutledge, brought into the office one of the aforesaid roots, weighing about 8lbs, which he presented to us as a specimen of the lot he had raised this year.

RICHMOND AND RAILROADS.—The citizens of Richmond, Va., have voted to authorize the council of that city to subscribe, on behalf of the corporation, 100,000 dollars to the Southwestern Railroad by a majority of 239, but refused a like subscription to the Central road by a majority of 56.

That the citizens of Richmond, in this, have mistaken their true interests, we think all, who read the speech of Hon. G. W. Summers upon this subject to the citizens of Richmond, will agree.

MARRIED.—In Addison, on the 20th, by S. B. Rathburn, Esq., Mr. Eli Fulton to Miss Lucinda Cartmell.

DIED.—At the residence of her son, in Middleport, Meigs county, O., on the 5th inst., Mrs. Agnes Holmes, in the 80th year of her age.

The actual course performed by the article, wherever it is introduced, is the basis upon which the reputation of the remedy is founded, and as hundreds of certificates of renewed health and life, that are continually flowing in upon, will prove.

An advertisement in this number of the Journal, gives notice that the steamboat SKIPPER has commenced running as a semi-weekly packet between this place and Kanawha Salines, J. H. Summers, Master.

We have received Legislative favors from Messrs. Bundy and Cherington, of the House, and Mr. Horton, of the Senate, for which they will accept our thanks.

Thanks to D. C. Goddard, of Washington, for Official Documents.

Mr. Bundy sends us a list of the members of the Legislature, containing their post-office address, age, occupation, &c. There are in the General Assembly:

Senators, 15; Lawyers, 25; Mechanics, 12; Merchants, 9; Editors and Publishers, 4; Physicians, 8.

LATEST NEWS BY RIVER.

SENATE, Dec. 23d.—Messrs. Clay and Cooper presented petitions to modify the tariff. Mr. Benton introduced a bill to relinquish tolls on U. S. stock in Louisville and Portland canal.

HOUSE.—Mr. Richardson made a personal explanation in relation to a matter that appeared in the N. Y. Tribune. The House adjourned until Thursday.

FOREIGN.—The Steamship Africa arrived in New York Sunday morning. News unimportant. The threatened war in Germany seems to have been staid for the present.

The Papal excitement has very much subsided in England. Advices from France unimportant. The German question is the all absorbing topic.

The scarcity of silver continues in the various markets. The fact continues to attract much attention, and has caused a still further advance in the precious metals.

The money market has greatly improved. The cotton market has been favorably acted upon by the pacific news from Germany, and much larger transactions were being entered into.

The grain market of Liverpool was firm, but in other places it appears languid.

A fire broke out in Rogersville, Ala., a few days ago, which destroyed seven buildings, mostly stores. Most of the goods in the stores were saved.
