

GALLIA ACADEMY.—We are requested to state that the Gallia Academy will open on Wednesday, the 17th of May inst, under the charge of Mr. and Mrs. A. G. SHARS and Miss DAVIS. The trustees are determined to make the school equal to the best in the State.—The teachers come with the highest recommendations and experience. Tuition will be reasonable, ranging from \$3, to \$4.50, according to the studies pursued. We, therefore, urge our friends in town and country to send their children with the full assurance that they will be well and thoroughly instructed. All the branches usually taught in the best school of this character will be here taught including French, Chemistry, Geology, mineralogy, &c. It is proposed also to procure the necessary cabinets, and apparatus to illustrate the sciences. We will be able to give a detailed advertisement next week. The school will commence in the new building now nearly completed.

THE WARD TRIAL.—This trial was brought to a close on Thursday last by a verdict of not guilty. Although the killing of Prof. Butler by this man Ward was generally believed to have been a deliberate murder, yet we believe there has never been much doubt that the social standing of the murderer would secure the verdict as pronounced. The public will believe that such a trial is but a mockery of justice, and such a verdict pronounced by a juried jury in the presence of an august Judge.—It was clearly proven upon the trial that Matt. Ward, armed with a pistol which he had specially procured, proceeded to the school-room of Professor Butler, and there, after engaging in a personal altercation, applying to him the most opprobrious epithets at his command, until the latter showed some natural and proper indignation, when Ward drew his pistol and shot him dead. "Not guilty" was the verdict.

It seems that one of the counsel for the defence went out of the case to abuse the people of Louisville, and has thus made times rather warm for him. A Louisville telegram of the 29th says: It appears that Mr. Wolfe, in his speech at the Ward trial, said the citizens of Louisville were a set of bloodhounds, and also impeached the veracity of the sixteen boys who testified in the Ward case. The boys and their friends assembled last night and proceeded to the residence of Mr. Wolfe, and literally besmeared the whole building with eggs. An indignation meeting of the citizens is called at the Court House this evening, to express their sentiments in regard to the speech of Mr. Wolfe.

SECOND DISPATCH. LOUISVILLE, April 29—9 P. M. About eight thousand people assembled at the Court House this evening. Resolutions were passed expressing the sense of the meeting in regard to the verdict of the Hardin jury. Wolfe, one of the attorneys for the defense, and the twelve jurors, will tonight be burned in effigy. The excitement is intense, and is still increasing.

FATAL ACCIDENT ON THE HEMPHFIELD RAILROAD.—We learn from the Washington Reporter, that on Thursday last, about nine o'clock at night, a laborer on the line of the Hemphfield Railroad, at Brady's Tunnel, a mile east of Washington, named Dominick Tinney, went into the powder house to fill his powder flask, and carrying in his hand a lighted candle. By some imprudence a spark was communicated to the powder, causing that in the canister alone to explode. The unfortunate man was carried through the roof of the shed, and thrown several yards distant from the spot. Though very severely injured, hopes were entertained of his recovery for some hours after the accident. He died, however, on Saturday morning, from some internal concussion. Tinney, leaves a wife and one child. It is a very remarkable fact that the vessel from which he was pouring the powder into the canister, and six other kegs of powder in the shed, did not explode.

Over one thousand human lives have been lost by disasters at sea, during the past four months, and several vessels are yet to be heard from which are supposed to be lost. The editor of the Chicago Tribune, who has been on an extensive excursion through a part of Canada, New York, Pennsylvania, New Jersey, Delaware, Virginia, Ohio, and Indiana, speaks favorably of a large wheat crop the present season.

We welcome back to this place our old friend JARED BALDWIN who has been rusting, or rather freezing near Dubuque, in Iowa, the past two years. He thinks as we do, that part of Iowa is only suitable for Esquimaux.

THE JACKSON STANDARD FOR MAIL DELINQUENCIES.—The Jackson Standard of the 20th, commences its editorial with a low, billingsgate retort upon the Journal, for having published a few facts regarding the many mail failures that have recently occurred at this and other places on the route between here and Chillicothe. The following is the "document" that paper heralded forth the previous week, which the editor calls a "clinger" on us:

The undersigned citizens of Jackson, and Richmond Dale, in Ross county, Ohio, having seen in the "Gallipolis Journal," an attack made by the Mail Contractor between Chillicothe via Jackson C. H., to Gallipolis, of an unmerited character, deem it our duty to interpose our objections to the wholesale, unmerited imputation on Mr. A. French, the present contractor.

That there have been some failures this season, is true, but we know that in each and every case, the failure was the unavoidable condition of the road, rendered impassable by reason of high water—streams to be passed, which the high floods rendered impassable, particularly Walnut Creek, which has no bridge.

We deem this simple statement sufficient, and also our duty to make it, to shield a faithful agent from unmerited censure. James Tomlinson, J. W. Vanmeter, W. H. Elliott, Post Master, L. C. Steele, Post Master, J. Dyer, Levi Dungan, J. M. Martin, C. Isham, John Dyer, Martin Owens, J. W. Laird, John Stephenson, R. C. Hoffman.

The above will have no bearing here as a truthful "document," but on the contrary will have a tendency to lower the individuals who have thus lent their names. It is useless for the Standard to expect, by publishing this certificate over the names of a few personal friends of French, the mail contractor, to exculpate him from merited censure.—That he has been derelict of duty in carrying the mails during the past winter, is a fact too well known to the public to admit of controversy. And the Standard, in its attempt at bolstering up this contractor in his deficiency, by securing and publishing a puny certificate, signed by a few individual favorites, is evidence of dishonesty, imbecility, or a bad cause.

Our citizens suffered too much last winter by the numerous mail failures on the part of this contractor, backed by Tom Mathews of the Standard—two good subjects for the pillory—to view lightly this matter. They have succeeded in obtaining thirteen whole names to this "document," but as regards the facts of the case, these names will have no more influence than if they did not appear. One of these very signers (J. W. Laird) a few years ago, whilst himself proprietor of the Standard, was very hostile to French, the contractor, and made some very grave charges against him concerning the delivery of that paper to subscribers. We presume they have kissed and made friends, and Laird's name to the "document" is the smoothing part.

When the editor of the Standard first sided with French in his impositions, his statements were at variance with truth to such a degree that we named him Tom Pepper, after an individual who was kicked to hell for lying, a title he still merits. He is restrained by no sense of propriety or honor from using the most unmitigated falsehood to carry his point, and appears never so happy as when wallowing in the low mire of falsehood. He has the hardihood to assert that we have not a shadow of cause for complaint in regard to those repeated mail failures.

There has been less high water this winter than for several years back, and were it necessary, we could produce as many hundred signatures to a "document," of good men and true, who know whereof they affirm, sustaining our charges, and branding this contractor with willful negligence. It is a perfect waste of space to bandy words with such men as the editor of the Standard. "Facts are said to be stubborn things," and the public being in possession of the facts regarding the numerous mail failures the past winter, will, as umpire, decide between us and the Standard, despite its low-flung, false and abusive epithets.

INCREASE OF SILVER.—J. D. Cosmenli, Esq., of the Treasury Department, delivered a few days since at the Mint in Philadelphia, fifty-two tons of ingots of silver, the value of which is one and a quarter millions of dollars. The government purchased Mexican ingots of silver amounting to two millions of dollars at three per cent. premium, three quarters of a million of which were left at the mint in New Orleans. The object of the purchase of this amount of silver is to increase the supply of silver coin.

SNOW.—The past week has been quite wintry in its appearance. It commenced snowing Thursday night and continued without intermission, we believe, for about twenty-four hours. Had the ground been in condition we should have had snow to the depth of twelve or eighteen inches. The fruit is yet safe, notwithstanding it has been exposed to two young winters this spring.

The Bank cases that went up to the Supreme Court at Washington from this State, have been argued lately by Hon. S. F. Vinton and H. Stanberry for the Banks, and by Spaulding and Pugh for the State. No decision had been pronounced at our latest dates.

Barnum is lending all his energies to the work of re-organizing the Crystal Palace on a basis that shall unite great attraction and popularity with profit to the stockholders. It is a huge task, but the prospect is quite favorable. Already the hotels, &c., have subscribed for \$100,000 of tickets of admission. The stock is still going up, which is a fair index of probable success.

The butchers of this town are determined to sell us no more meat, owing to the flattering notice we gave them last week. Sower grasps. All our citizens will be in the same fix with ourselves before long, should these men continue to bring such meat to market.

DESTRUCTION OF BUFFALOES.—The number of buffaloes annually slaughtered on the Missouri plains is estimated at 400,000; 150,000 buffalo robes are annually received at the fur stations, and 100,000 are killed by the Indians to obtain their skins for tent coverings. Of the remaining 150,000, some are devoted to the uses of blankets, saddles, boots, and great numbers are starved or frozen to death in the winter. They will soon become extinct.

FIRE AND LOSS OF LIFE.—The house of Mr. Longinette, in Nashville, with two of his children, ten and six years old, and an old man named Mardiss, an old soldier in the war of 1812, were burnt on Thursday last.

SUICIDE.—A man by the name of Wheelock committed suicide in Zanesville, on the 25th ult., by shooting himself with a pistol. The cause of the rash act has not been learned.

THE BOOK CASE.—Of the Methodist Book Concern case, which was lately decided in the N. Y. Supreme Court, in favor of the Southern division, the National Intelligencer says: "It not only establishes the right of the Church South to a proportionate share of the common funds and property, but also declares a division of the church to be a valid act, and that the two divisions are equal and legitimate. Judge McLean did not sit in this case."

"TURKEY" IN MISSOURI.—A Mrs. Hawkins, wife of a gunsmith in Gallipolis county, Mo., last week killed five turkeys at one shot, and soon after that killed nine more at one shot. The birds must be plenty and lady hunters very adroit.

The officers of both lines of Packets have again placed us under obligations for late papers. We shall try and repay them for their favors shortly.

On the 29th of the river at Pittsburg was rising with fourteen feet water in the channel. Weather damp and cloudy.

Mr. Jas. Riggs offers for sale some very fine farms. See his notice in the advertising columns.

Judge Leavitt of the U. S. Court, sentenced Absalom Blessing to five years imprisonment in the Penitentiary, and a fine of \$100, James Thompson to four years and a fine of \$100, and Peter Sams to two years and a fine of \$50 for counterfeiting the coin of the United States.

SUDDEN DEATH.—On Thursday evening last, Mr. THOMAS L. HUTTON, after getting on his horse at the Goshorn House, and proceeding down street a few rods, was observed to reel and rein his horse around, when he instantly fell to the ground. In a few seconds, two or three gentlemen came to his assistance—but life, in a few moments after, was extinct. He was carried back to Mr. Goshorn's and all attempts to restore life were unavailing.

Last week there was a fine tide in the Kanawha for shipping Coal and Salt. The Winfrede Company sent out six boats with 38,830 bushels of Coal—two boats for Cincinnati, two for Madison and two for Louisville. From Col. Stockton's Canal boat banks there passed here two or three unusually large boats, heavily laden. The Winfrede Company are now in full operation.—Their design is to keep constantly in harbor a large number of boats loaded, ready to take advantage of a rise in the river.—Kanawha Republican.

GRAND RIOT AT SAGINAW.—DEPUTY SHERIFF KILLER.—DETROIT, April 18.—Deputy Sheriff at Saginaw killed by mob, rescuing five prisoners from jail. One retaken, others in large swamp, surrounded by 250 armed men. Twenty-five of the rioters arrested—mob attempted to fire the jail.

EAST SAGINAW, April 18.—Mr. Blackman, Deputy Sheriff, has since died from the effects of the blows inflicted by the mob at Saginaw City in rescuing the five Dutchmen from jail. One of the Dutchmen has just been recovered, while a large swamp near Saginaw contains the others, who are surrounded by a body of about 250 armed men, who will no doubt bring the culprit, dead or alive. Twenty-five men have been arrested and implicated in the riot, who are now confined in irons, and well secured in the jail. An attempt was made last evening to burn the jail, and a Dutchman caught in the act; he, too, will get his deserts. Since writing the above, we learn that Sheriff Gates, while returning home last evening, was fired at, and a ball lodged in the crown of his hat, only about one and a half inches from the top of his head. What are we coming to? Yours, in truth, J. F. Detroit Enquirer.

No tidings yet from the missing vessels.

OBITUARY.—The publication of this notice has been delayed by various causes, but painful as it is to us and our readers, yet for the respect we now give it a place in our columns. We now announce that ABRAHAM B. GARDNER is no more. This unexpected and lamentable loss to us and our readers, we call to mind that he was in danger, and requested him to run in a certain direction, which was wrong; the tree fell upon and killed him. His age was 44 years and seven months. He was a native of Peachonts county, Virginia, and emigrated to this State in April, 1848. He was affable and courteous in his manners, had a winning way, even to get the affection of strangers. He has left an affectionate wife, two sons and four daughters to mourn over their irreparable loss. The friends may sympathize and feel the effects of the awful shock, but the wife feels the smart. She may look around and over the fields where she once used to see him, and would fain herself to see him, but a solemn silence says he is no more to return. While she calls upon the silent woods and lonely valleys to hear her complaint and pity her grief, we can only commend her to Him for help, who has promised to be a father to the fatherless and a husband to the widow.

His funeral was attended by a large number of friends and relatives. We believe he died in peace with all men. His remains were deposited by the side of his three brothers, Herget, Charles and John, there to remain until the last loud trump shall sound. Awake ye slumbering dust, ye thousands under ground. We close in the song of the Psalmist—as for man his end is as grass, as the flowers of the field—so he flourisheth, the wind passeth over it and it is gone, and the place thereof knoweth it no more.

DIED.—On the 29th ult., at the residence of her son-in-law, Andrew Allen, Mrs. LUDIA ALLEN, aged 73 years.

In this town, on Tuesday evening last, of typhoid fever, WILLIAM BLAGG, aged about 21 years.

The State of Ohio, Gallia county, ss. David W. Boggs vs. James Boggs, Andrew Boggs, Jane Boggs, Mary Grant, Daniel Grant, Samuel Boggs, Joseph Boggs, Margaret Wyrer, Robert Wyrer.—IN CHANCERY. IN pursuance of an order of the court of Common Pleas of the county of Gallia, in the State of Ohio, at their March term, 1854, James Boggs, Andrew Boggs, Jane Boggs, Mary Grant, Daniel Grant, Samuel Boggs, Joseph Boggs, Margaret Wyrer and Robert Wyrer, are hereby notified that on the nineteenth day of February, A. D. 1848, David W. Boggs filed in said court a bill in chancery, against the said James Boggs, Andrew Boggs, Jane Boggs, Margaret Wyrer and Robert Wyrer, and the said Samuel Boggs, late of said county of Gallia, deceased, on or about the seventh day of April, A. D. 1847, was seized in fee simple of a certain tract of land, situate in said county of Gallia, and described as follows, to-wit: That portion of land being the northeast quarter of Section eleven, Township four, of Range sixteen, commencing at the northeast corner of said quarter section, and running due west one half mile, thence south fifty-four rods to the Hartman trace, thence west thirty rods, thence south to the line, between the said Samuel Boggs and James Boggs, and that on or about the 27th day of April, A. D. 1847, the said Samuel Boggs, in his lifetime, conveyed an agreement in writing to sell and convey unto the said David W. Boggs the aforesaid lands and tenements above mentioned, and said petitioner also prays that the said James Boggs, Andrew Boggs, Jane Boggs, Mary Grant, Daniel Grant, Samuel Boggs, Joseph Boggs, Margaret Wyrer and Robert Wyrer, and the said Samuel Boggs, deceased, be decreed to execute to the said David W. Boggs a deed of quiet claim to the premises aforesaid, and the said respondents are hereby notified that unless they appear and plead, answer or demur to said bill within sixty days after the next term of said court, the said David W. Boggs, at the next thereafter the expiration of said sixty days, will apply to said court to take the matters of the bill as confessed and to decree thereon accordingly. Attest: JOS. DROULLARD, CLK. New Goods. THE undersigned takes this method of informing his friends and the public in general that he has received a large assortment of Goods, which will be purchased at the lowest prices, and will be sold accordingly. Tax dollars will purchase more goods at this store than at any other store in the county. Small profits, quick sales and cash in hand is the object. Examine the Goods and prices, compare with others and then judge. Approved articles of country produce received in payment, but no credit. GEORGE J. PATNE. Porter, April 27, 1854.—4w

SOMETHING NEW. PARCHED & GROUND COFFEE AT HENKING & CADOT'S. WHICH they just received from one of the most reliable houses in New York, and which they can recommend as a strictly pure, better and cheaper article than the coffee commonly in use. This Coffee is parched in large cylinders, retains therefore all its strength, good flavors and oily substances generally found in parching coffee in skillful hands, and is done in our western country. Housekeepers would do well to try a few pounds to get convinced that it is a great money and labor saving article. April 27, 1854.

Ohio Lands for Sale. 36 TRACTS IN GALLIA AND LAWRENCE COUNTIES. I NOW offer for sale 36 unimproved forty acre Lots, purchased from the General Government. A number of them lie together, so that farms may be made of 40, 80, 160 or 320 acres. They are in the region of country abounding in Iron Furnaces, affording a good market for agricultural products, and in the midst of a population noted for their intelligence, industry and enterprise, with all the requisites and conveniences of good lives, such as school houses, churches, mills, retail stores, mechanics, of every kind needed, and within a few miles of the Ohio river. The lands are well covered with buckeye, sugar trees, walnut, poplar, and oak of every kind. They are generally rolling but rich, and every forty acre lot may be improved to support a family. Emigrants wanting such lands at a low rate will call on me in Gallipolis, Ohio, near the Public Landing. LEWIS NEWSOM, Gallipolis, April 20, 1854.—4w
