Those who are fond of seeing enterprise and who enjoy the sight of a booming business, should take an occasional peep into Feibel's big clothing store. The clerks, although a large force, are kept busy continually in order to wait upon the large crowds that throng the place at all hours of the day and evening, and it must be very pleasant for the proprietor to observe all this, too. It speaks well for his square-dealing, business methods, and for his ability and management as a business man. His store is one of the things we should be proud of.

At a meeting of the Board of Health held Tuesday evening, it was decided to suspend the circulation of books from the Public Library for the present, as a precaution regarding the spread of scarlet fever and diphtheria. The "basket social" to be given at the Presbyterian Church next Friday evening promises to offer a pleasant evening's entertainment for all who will do themselves the favor to be present. It is a well-known fact that the Presbyterian young ladies are the handsomest and sweetest and best managers of basket socials in the business. The reverend gentleman is an indefatigable worker and such meetings as these go far toward securing the co-operation of the young.

AMUSEMENTS.

Theatrical News of Interest to Hillsborians.

"German Detective" Saturday night.

We are to have a first-class minstrel company at the Armory early in February.

The matinee at the Armory Saturday afternoon was well attended. Hillsboro is getting metropolitan.

The Martha Wren Company, jumping from this place to Cynthiana, Ky., filled this week at that place and Winchester.

Julia A. Hunt, who used to be a great favorite here, but who has been living in retirement at Wichita, Kans., is to star again.

Mr. Leo Williams, a prominent manager and ex-minstrel comedian, came up Saturday night from his home in Cincinnati to visit his old friend, Jim Collins, of the Wren Company.

FRANK S. DAVIDSON

In the drama, "The German Detective," is billed for the Armory next Saturday evening. The company comes well recommended, and the play is said to fairly bubble over with amusing situations. The Dragons are grateful for past patronage and will only play companies deservng of success. We will undoubtedly see the Armory filled to its fullest capacity next Saturday evening. Of a number of places at which the German Detective has been played this season the Dragons wrote to Alliance, O. The following answer has been received from Manager Tobin, of that city: "In reply to yours of the 20th inst. I have played the German Detective Co. and they gave perfect satisfaction. Davidson is a show in himself, his singing alone is worth the price of admission. They are perfect ladies and gentlemen and I have had requests to try and play them a return engagement, which I expect to do." The members of the company have each been engaged to play a special part, and the recommendations from the cities where they have been are of the very highest character, proving conclusively that Manager Hunt has succeeded in getting one of the very best companies on the road.

THE MARTHA WREN COMPANY

Closed the most successful week's engagement ever known in this city last Saturday night, presenting for the second time, the old time drama, "The Octo-room," to a full house. Something has come over Hillsboro; we are becoming more appreciative. Did the members of the Wren Company know the city as well as we do they would feel more than complimented by the large attendance they received. It may be considered as a proof that in the hereafter first-class shows will draw first-class houses here. While criticism is unnecessary for any of their presentations, the company undoubtedly appears to the best advantage in "The Danites" and "The Mountain Pink." The former, which deals with the Mormon "avenging angels," was made famous by McKee Rankin, with whom Miss Wren played the part of "Billy Piper" for three consecutive seasons. It is full of thrilling situations and the special scenery, by Burkey, of Cincinnati, is superb. Particularly is this true of the "set" representing the brink of the canyon, with the river beyond and the snow-wrapped mountains in the background. As "Sandy McGee" James Collins is perfect, while of Miss Wren in the dual role of "Nancy Williams" and "Billy Piper" the same may be said. A hit was also scored by Mr. P. F. Backus, a clever young comedian, as "the Judge," an admirer of "the gal-orious climate of California." The presentation of the "Mountain Pink," with Miss Wren as "the Pink" and Mr. Collins as "Scip," on Friday night also caught on big. The company leave an enviable reputation here, not only as artists in their various lines, but as ladies and gentlemen, and when they return they will not be greeted here by strangers, but by a host of warm friends.

Gen. Lew Wallace will probably lecture here during the winter. It may also be considered interesting local news to add that his book "Ben-Hur, a Tale of the Christ" has been translated into German.

The Scott Dragons will have target and Gatling gun practice near Patterson's Mills to-day. They will meet at the Armory, without uniforms, at 12:30 p. m., sharp. The war correspondent will be present and report.

Captain E. E. Mullenix, Company A, Lieutenant Brock, Company B, and Adjutant John R. Callahan have been appointed Board of Examiners of the 13th Regiment, O. N. G., by Assistant Adjutant-General Mikham. Col. Picard has leave of absence, and Lieutenant-Colonel Thompson, of Georgetown, is in command.

COUNTY CONVENTION

Of the Women's Christian Temperance Union.

The County Convention of the W. C. T. U. of this county was held at the M. E. Church in this place Tuesday.

The morning session differed little in its proceedings from that of any other convention. The rain fell in such torrents that the most ultra-cold-water temperance man in the world couldn't have objected to it, and in spite of the shower ladies were present from Greenfield, Leesburg and New Lexington, and "with the faithful of Hillsboro," says Mrs. E. J. Thompson, "there were enough of us to have a real crusade love feast; it is the same fire, yet burning, that kindled the crusade and it is going to continue burning until we win."

AFTERNOON SESSION.

The afternoon session was opened by an address of welcome by Miss E. L. Grand-Girard, whose remarks showed not only her earnestness and zeal but her scholarly literary attainments as well. Mrs. Edwards, of New Lexington, on behalf of the visiting ladies, delivered the response to the address of Miss Grand-Girard, and her remarks were highly complimented.

After vocal music by a class of little girls, Mrs. Kelso, of Greenfield, read an interesting paper on "The White Ribbon," which is the badge of the Union. A paper by Mrs. Dr. Helt, upon "Intemperance in the Home," was also exceedingly interesting. While in no other sense a failure, the afternoon session was more than a success from a literary point of view.

In addition to the above exercises, Rev. Dr. McSurely delivered a few remarks that were short and to the point, as his talks always are. Rev. Dr. Helt also made some interesting remarks.

THE LECTURE.

In the evening the church was well filled to hear an address by Miss Narcissa White, a lady of the Keystone State, but who as a national organizer has made her equally at home in any State. Her address is pronounced one of the best ever heard in this city, and those who missed it have much cause to regret it. She talked more particularly from the scientific, physiological standpoint and the terrible effects of intemperance. Her talk was preceded by a song of welcome by some half a dozen little girls, singing a temperance hymn to the old tune of the "Battle Hymn of the Republic."

As a speaker and an earnest, ceaseless worker in the good cause, Miss White has few if any superiors. All who were present Tuesday evening were held in spell-bound silence, and all unite in declaring the lecture not only simply good and interesting, but exceedingly praiseworthy and superbly grand. It is to be hoped that we may have another opportunity of listening to this talented lady.

Lack of space forbids the publication of any of the addresses in this issue. We hope to offer some of them to our readers next week.

Creamery Project.

Mr. John Wilhelm, late of Wooster, O., now of the firm of D. H. Roe & Co., Chicago, manufacturers of dairy supplies, is in the city endeavoring to establish a creamery. It is to be hoped that he will succeed in getting our farmers and monied men interested in the enterprise, which is most highly commendable for a number of reasons. He lectured in City Hall on the subject last Saturday afternoon, numerating the many benefits to be derived from such an enterprise. It will only require about \$3,500 to get the creamery in working order and it will pay a big interest on capital invested.

Last year there were 637,889 pounds of butter made in Highland county and reported to the Auditor. The best grade of dairy butter brings in this market 15 to 17 cents, and the best grade of creamery 24 to 25 cents. Averaging things we have 16 and 24 cents respectively as the prices of the best grades of dairy and creamery butter, a difference of 8 cents per pound in favor of creamery butter. The average difference for thirty-five weeks following Jan. 1st, 1886, has been a trifle over 6 cents. As the difference is much larger during the winter months than in summer, the average difference for the year must be something above 6 cents.

It is calculated that the butter produced by the farmers of Highland county during the present year would have brought the producers over \$40,000 more than it will, had they had the advantages of a creamery. These figures look big, but the difference in market value of the butter made by the creamery process and that made in the old fashioned way fully justifies this estimate.

When our farmers look at the subject in the correct light, they will at once boom it up. Many have already expressed a willingness to take part in the scheme. By making it a success they will in the future save a large sum that now is as good as wasted.

A NEWS-HERALD representative accompanied a number of gentlemen interested in the subject to "Forest Lawn," Mr. J. H. Richards' elegant suburban home, Tuesday afternoon where Mr. Wilhelm gave some practical demonstrations of the superiority of his process. As the representative in question had confined his previous dairy experiments to "driving home the cow" he is unable to describe it as its importance deserves, and so will not attempt it. Those who want to understand it will find Mr. Wilhelm at the Clifton House, perfectly willing to tell all he knows.

Notices.

The patrons of Drs. Chaney and DeHass are respectfully requested to call and settle their account on or before December 25th, 1886. nov11/3.

Mr. Joe Riley has opened a lunch counter and restaurant in the room adjoining Bales' shoehop.

LEND US YOUR BARS!

We Will Return Them Next Week, Just as Good as New.

Those who subscribe for the News-Herald for 1887 will receive the paper free during the time intervening between now and January. This should be a big inducement. We are proud to be able to assert that the NEWS-HERALD is second to no journal in the State, either as a model newspaper or as an advertising medium. It is just booming. We are proud of it, and we shall endeavor not only to maintain the high standard of excellence at which it has arrived, but to still further improve.

We desire that it should be not merely "large, live and literary," but spicy and entertaining and at the same time truthful and reliable. We shall enlist every precaution to prevent anything of importance "getting away"—we want to tell about everything that happens in the county, and we are going to come pretty near doing it, too.

The amount of work turned out by our unrivaled job force is increasing rapidly—which speaks for itself. Our receipts for job work were nearly three times as much during the past month as during the corresponding month of last year. We have machinery of the latest and most expensive style, and are continually increasing our styles of type, adding the newest and latest designs as fast as they appear. Enterprise always pays, and having learned this we do not stop for expenses.

We shall, as in the past, make a specialty of original matter upon our first page. If we do say it ourselves, our first page will not suffer by comparison with anybody else's first page in the business.

When you read the NEWS-HERALD you can always depend upon finding something that has never met your eyes before. We shall try to be original, and to produce a paper that shall be not merely tolerable, but highly creditable to the city and county.

Tell your friends about the above-mentioned offer.

Perhaps it may not be out of place for us to remark that there will be no remarkable changes in the policy of the paper. We shall still be the good, honest, anti-boodle, anti-Democrat, unwavering Republican organ that we ever have. We shall, as in the days of yore, allude to Highland county as the banner county. We shall claim for the benefit of neighboring county exchanges that our farmers are the handsomest and most thrifty farmers on terra firma. We shall assert that our hogs and pumpkins are bigger than anybody else's and that we raise more wheat than all the territory of Dakota. We shall still allude to Hillsboro as the "Model town," the "beautiful Hill City," and other such complimentary nick-names. We shall make no extra charges for alluding to a subscriber as "Col. So-and-So, our enterprising fellow citizen."

Now is the time to subscribe.

We shall avoid unpleasant personalities; we hope to present the views of the grand old party in a way that will not offend the most intense Jeffersonian-simplicity-Democrat in the nation, but which will convince him of our conscientiousness, and the error of his way.

When the north and south railroad is constructed we shall—apply for a pass. That is not supposed to be funny. This is not an advertisement. It is news. Are you reading this? No? Well, you don't have to read it.

But we cannot too distinctly impress upon your mind that when you subscribe, be sure to come early and avoid the rush.

If such a paper isn't worthy of the support of every family in the county, no paper ever will be.

By subscribing now you'll get it several weeks for nothing.

Episcopal Church.

Thanksgiving services will be held at St. Mary's Church at half-past ten o'clock. Mrs. Marie T. Rives will preside at the organ.

Not Expected to Recover.

Mr. Manlove Adams, of New Lexington received a Telegram Monday from Cincinnati stating that his daughter, Mrs. Foster Geffs, was dying.

Mrs. Geffs has been ill for quite awhile and some time back went to Cincinnati to consult a physician and has been staying there under treatment ever since. Her mother, Mrs. Adams, left on the accommodation Monday evening for her bedside.

Excursion Tickets.

Will be sold by the C. W. & B. R. R., to and from all stations on the main line and branches and return at two cents a mile each way—for the round trip. These tickets will be sold November 24th and 25th and will be good returning until November 26th, inclusive, thus enabling everybody to spend this family-reunion-day with their friends and relatives, while the limit of the ticket also allows ample time to visit Cincinnati and enjoy the special attractions which that city offers at this time.

Young Men's League.

At the social meeting at the M. E. parsonage Monday evening steps were taken toward organizing a Young Men's League. The society is to be of a mutual improvement, non-sectarian nature, and will no doubt receive the prompt encouragement it deserves. The young men of Hillsboro, generally speaking, have in the past lacked the social influences that could bring them together, and if this scheme can get them a little better acquainted with each other and teach them that every one out of their own particular "set" is not necessarily a heathen, it will not be without its benefits, and may result in much good.

Messrs. Martin Hughey, W. C. Duckwall, John A. Collins, W. H. Gregg and Will Bean were appointed a committee to carry out these plans.

Kind of Romantic.

Mr. Lafayette Calloway, of Willettsville, and Miss Sarah E. Sharp were united in the bonds of matrimony by Justice Meek at 5 o'clock Monday afternoon.
