CARTER'S
LITTLE LIVER PILLS
CURE
SICK
HEAD
ACHE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing sick headaches, yet CARTER'S LITTLE LIVER PILLS are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured...

ACHES would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick headaches...

RESORTS.
Puck says: "The white man who drives a coal cart has to resort to soap and water, just as does a negro who has spent the day in whitewashing."

But the most strange things of all are usually resorted to when a man gets sick. Of course he doesn't want a doctor—at least not at first. He usually goes to the so-called saloon and gets a drink, which makes him feel rather dazed, so he takes another, and comes home temporarily elated, supposing himself cured.

When he wakes next morning, with a headache twice as bad as ever, and feeling feverish and cross, he concludes he will have to try something else. He takes a dose of whatever he happens to have in the house—some liver renovator, kidney evaporator, or heart charger—and sets forth saying if he isn't better to-morrow he will send for the doctor.

Next morning he is sick in bed; the doctor is called, shakes his head, prescribes two or three kinds of medicine, according to his medical creed, but always insists upon perfect quiet, and that the patient must not go to his office for two weeks, or the result will be serious. He does, in truth, lie in bed for a week or ten days, his recovery retarded by a multitude of remedies, and the knowledge that his business is going to ruin in his absence. When he does drag out at last, he finds that the family must deny themselves everything but the common necessities of life for some time to come, in order that the doctor's bill may be paid, and repairs made in the business.

Now the proper thing for this man to have done was to have bought a bottle of New Style, Pleasant Taste Vinegar Bitters, the moment he felt the first headache, and to have taken two tablespoonfuls at once. Two or three half-doses, two days apart, after the first dose had taken effect, would have cured him and prevented his illness, and his consequent financial loss.

New Style, Pleasant Taste Vinegar Bitters is a grand blood purifier, cathartic and tonic, contains neither alcohol nor opium, has a most delicious flavoring, and will not harm an infant. For sale by druggists. See that carton and bottle are marked New Style, Pleasant Taste. We keep the old style in stock for those who prefer it. An interesting book on Eniles of Society, Fortune Telling, etc., free to all who send for it.

A DARK SECRET.

The Manner of the Taking Off of Dr. Cronin.

The Doctors Fused—Shall Not Fractured and No Signs of Suffocation.

CHICAGO, May 24.—Last night, thirty hours after the discovery of Dr. Cronin's corpse, the mystery of his death had deepened, not cleared. The manner of his taking off is now the darkest secret of all. It has been almost conclusively shown that, contrary to appearance, his skull was not cloven, or even fractured. There is absolute certainty that the man was not strangled. The doctors are completely puzzled. The beginning of the post-mortem took place early last evening. In preparation the Morgue was cleared of all idlers and curiosity-seekers and the physicians began the post-mortem examination of the body. This examination was most carefully made, and kept half a dozen doctors at work nearly three hours. Dr. Todd, the county physician, and his assistant, Dr. Egbert, directed the examination. The skull was cut open and the brain removed. After the scalp had been taken off the physician discovered that the bones composing the skull had scarcely been marked by the blows of the sharp instrument which it was thought caused the doctor's death. There was no sign of congestion about the brain, but the lungs and pulmonary cavity were filled with blood. The physicians said that this might have resulted from the fact that Dr. Cronin's body was placed head downward in the catch-basin. A cut one-half inch deep was found upon the neck, and several bruises upon the lower limbs. The theory that he was choked to death was easily exploded. The doctors found no signs of suffocation, and discovered no bruises about the neck such as would result from strangling a man with a towel or rope. The passage through the windpipe was unobstructed. The physicians present were taken aback on finding there was no fracture of any of the skull bones or small bones about the face. Even the inner table of the skull was unfractured. Dr. Todd was of the opinion that the cuts in Cronin's scalp must have been made by a knife or some lighter weapon than an ice-pick or a hatchet, but could not account for the cause of death, except from the contusions resulting from severe blows.

AWOKE IN FLAMES.

Midnight Holocaust in a Virginia Pastor's Home—Five Lives Ended in Terrible Agony.

ROSELAND, Va., May 24.—The residence of Rev. F. C. Clarke, near Virginia Beach, in Princess Anne County, was burned last night at about twelve o'clock. He, his two daughters and next to the oldest son, and a niece visiting him, were consumed by the flames. His wife, Miss Ella Biddgood, the governess, and two young children escaped. The origin of the fire is unknown, though it is thought to have been the work of an incendiary. Mr. Clarke was pastor of the London Bridge Baptist Church, and was a preacher of note.

Dick Hawes Sentenced.

BIRMINGHAM, Ala., May 24.—Yesterday afternoon Dick Hawes was brought into the criminal court to receive his sentence of death. The prisoner was looking pale and ill at ease, showing plainly the effect of the great mental strain undergone during his trial. Before sentence Hawes declared his innocence. The prisoner remained standing while Judge Greene pronounced the sentence of death, fixing July 13 as the date. Not a muscle of Hawes' face moved as he listened to the words. His attorney gave notice of an appeal, and an order suspending the sentence was entered upon the docket.

Kirby Smith's Daughter Elop.

ATLANTA, Ga., May 24.—Miss Nina Kirby Smith, daughter of General Kirby Smith, the Confederate chieftain, at present Professor of Mathematics at Sewanee University, Tennessee, eloped last night with Student Buck, of the university, and the couple were married by a justice of the peace in Winchester, Tenn. Miss Smith was to have been married on next Tuesday to Mr. Boylston, a wholesale merchant of Atlanta, and one of the vestrymen of St. Philip's Church, the fashionable congregation of this city.

More War Ships.

WASHINGTON, May 24.—The Navy Department has completed and will soon issue advertisements calling for proposals for the construction of three new cruisers slightly larger than the Yorktown, and of 2,000 tons burden. The limit of cost fixed in the appropriation act is \$750,000 for each vessel. As they will be longer than the Yorktown it is expected that they will be more powerful and faster.

Caterpillars Still Hold the Fort.

BROWNVILLE, Me., May 24.—Those gray caterpillars which stopped a train on the Canadian Pacific's new line through the Maine wilderness Sunday are still doing business at the old stand. It is impossible to run trains on a regular schedule, and in announcing their train service the Canadian Pacific managers have to put in the clause, "Caterpillars permitting."

The Jury Hung.

KNOXVILLE, TENN., May 24.—The jury in the murder case of C. L. Porter, who killed N. W. Williams, a fellow employe, came in yesterday noon, and, having failed to agree, the members were discharged. Colonel S. B. Crawford was the only man for acquittal, and the indignation against him to-night has reached such a point that his life is in danger.

Bara Movers Killed.

ELGIN, ILL., May 24.—Wm. Hampkor, of Dundee, and a boy named Frank Hintz were instantly killed yesterday by the collapse of a barn which they were moving.

The Boston Going to Hayti.

WASHINGTON, May 21.—The U. S. S. Boston, now at New York, will be ordered to Hayti in a day or two in command of Captain O'Keane. Secretary Tracy says that the order is in pursuance of his policy of relieving frequently the vessels on the West Indian Station when they are exposed to yellow fever.

Cavaliets Returned to England.

NEW YORK, May 24.—The ten ex-convicts who arrived here from England last week and claimed that they had been assisted out here by the Prisoners' Aid Society of London, were sent back by order of Collector Erhart.

A LOOSE RAIL.

Passenger Train Throws From the Track—Probably the Work of Train Robbers—Forty-Five People More or Less Hurt.

St. Louis, May 24.—The westbound train on the St. Louis and San Francisco railroad which left St. Louis last night at 8:15 was wrecked at a point three miles west of Bullman, Mo., which place is sixty-eight miles west of St. Louis. Not a passenger escaped unscathed, and fifteen are known to have been seriously injured, though no deaths are yet reported. The train was running at a high rate of speed, when suddenly and without warning, the track gave away and the locomotive, baggage car and five coaches went over the embankment. The trainmen and those only slightly injured at once set to work to prevent the additional horror of fire, in which they succeeded, and then turned their attention to the more unfortunate injured, and in a very short time forty-five passengers, all badly hurt, had been released from the debris. A temporary hospital was improvised at Bullman, and the most seriously injured were taken there, while others were brought to St. Louis on the relief train, which was hurried to the scene of disaster. The wounded are under the care of Dr. McIntyre, chief surgeon of the road. The explanation given of it by the trainmen to the passengers was that the spikes and fish-plates had been removed from the rail at the curve, thus leaving the rail loose on the ties. The forward portion of the locomotive passed the place all right, but the tender jumped the track and was thrown part of the way down an embankment. It would probably have gone the entire distance had not the forward end held it up. When removed the spikes and plates is not known, but the supposition is the work was done by train robbers, who wanted to hold up the train. Still no robbers put in an appearance, and if the accident was caused by them, they must have either weakened on their purpose, or have thrown the wrong train and were not prepared to do their work at that time.

THE COTTAGE FOUND.

To Which Dr. Cronin Was Decoyed and Put to Death.

CHICAGO, May 24.—The key to the Cronin mystery was in a most literal sense brought to light last evening. In a blood-stained cottage which the police had already decided was the scene of the murder, there was found by a detective, last night, a brand new key. The officers decided at once to try it in the lock of the mysterious trunk found by the roadside the morning after Cronin disappeared. All doubt now seems to be removed of a genuine connection between the prisoner Woodruff, the Doctor's dead body, the trunk and the blood-stained cottage. Paint had been daubed on the floor to obliterate the crime, but the work was badly done, and crimson spots are to be seen. The police now have a clew which promises some startling developments soon.

Ohio Oil to be Piped to New York.

GROVES CITY, Pa., May 23.—A new eight-inch pipe line is now being laid from Parkers, Pa., to Sigent, Wood County, O., and thence run to Chicago. From Parkers, a six-inch line will be laid to Coal Grove, McKean County, Pa., where it will connect with a six-inch line already laid to New York City. It is said the oil will be pumped from the Ohio field to New York, where gas will be manufactured from it to supply the city with fuel and light.

Confederate Monument Unvailed.

ALEXANDRIA, Va., May 26.—The unvailing of the monument to the Confederate dead of Alexandria, Va., took place yesterday. The names of the fallen from that place, ninety-seven in all, are inscribed on the shaft. The day selected was the anniversary of the entering of the Federals into the city and of the killing of Colonel Ellsworth by Jackson, landlord of the Marshall House.

Legislation in Favor of Women.

HARTFORD, Ct., May 23.—The House passed a bill providing that no person shall be disqualified for being a member of any ecclesiastical society, with all the privileges and rights of male members, or from holding offices in such society, by reason of sex; also a bill making women eligible to the offices of assistant town clerk and registrar of births, marriages, etc.

Great Slabs of Steel.

PITTSBURGH, May 25.—Carnegie, Phipps & Co. have just finished two steel plates, each nine inches wide, 183 inches long and three inches thick. The finished weight of each plate is 9,000 pounds, and the test shows 62,000 pounds to tensile strength. Krupp, of Germany, was first asked to manufacture the plates, but had no rolls large enough to turn out such steel plates.

Twigg's Swords Disposed Of.

WASHINGTON, May 25.—An order was issued by the Secretary of the Treasury to-day directing that the three swords of General David Twigg now in the possession of the Treasurer of the United States be turned over to A. C. Myers. The latter, who is the executor of the Twigg estate, was awarded the swords a short time ago by the Court of Claims.

Suffrage for Women Not Yet.

BOSTON, May 23.—In the House of Representatives, the bill granting suffrage to women on liquor license questions was referred to the next Legislature, after a hot debate. Then, by a vote of 94 to 95, the House refused to reconsider this action, thus killing the matter for this year.

Internal Revenue Receipts.

WASHINGTON, May 25.—The collections of internal revenue for the first ten months of the fiscal year ending June 30, 1889, were \$104,821,921, being \$4,415,516 more than the collections for the corresponding period of the last fiscal year.

Settled With Pistols.

BROWNSVILLE, ALA., May 25.—George Wilson and James Rountree, young farmers living near here, quarreled about a girl and agreed to settle their differences with pistols. Wilson was killed.

Robbed of Thousands.

NEW HAVEN, Ct., May 25.—The Merchants' National Bank of this city was robbed of about \$100,000 by the cashier and assistant teller.

DR. CRONIN FOUND.

In a Sewer at Chicago—The Noted Irish Agitator's Body at Last Recovered—Stark Naked With a Towel Wrapped About His Head, and a Dose of Deep Wounds Noted.

CHICAGO, May 23.—The dead body of Dr. P. H. Cronin, the Irish-American who strangely disappeared from his home in Chicago two weeks ago, was found last evening, some distance north of the city, in a sewer on Evanston avenue. A bloody towel was wrapped about the head. The rest of the body was stark naked. A Catholic emblem, which the doctor always wore next his skin suspended about his neck, was untouched. On the dead man's head were a dozen deep cuts, which had severed the scalp and indented the skull. It is the opinion of the police that Cronin was foully murdered and by some man who could not bring himself to disturb a Catholic trinket. Much excitement was shown at the detective headquarters when doubt as to the identity of the body was finally removed by definite messages from Lakeview. The body has been fully identified by a number of persons. It was evident from the expressions of the officials that one of the first objects of the police will be to have a number of suspicious assertions explained—assertions made by supposed friends of Cronin. Lieutenant Elliott will have these people at the inquest and demand an explanation full and complete. The detectives claim that they have been handicapped from the start by a lack of assistance from those who claimed to know all concerning the doctor's disappearance. Lieutenant Elliott said, soon after the finding of the body: "I will have this information now, or there will be a number of prompt arrests."

Murdered After Fighting a Duel.

PARIS, Tex., May 23.—J. F. Ownby, a lawyer, and Richard Moore, a reckless young man, fought a duel at short range in Ownby's office Monday without doing much damage. Moore was arrested, and yesterday, while going to court for preliminary examination, he was shot and killed by Ownby. The murder was of a cowardly character. Ownby stationed himself at a court-room window and when Moore appeared in charge of officers he riddled his body with buckshot. Moore's brothers threaten to kill Ownby on sight.

Young Woman Fight a Duel.

HUNTINGTON, W. Va., May 23.—Miss Buckner and Miss Betie Kyle, two young ladies, engaged in a bloody battle with knives Sunday night, and after a desperate encounter Miss Kyle fell to the ground exhausted. Both girls were terribly wounded, and Miss Kyle is in a dangerous condition. Miss Buckner was arrested, but released by Justice Bowen, who decided it was a case of self-defense. The trouble was about a young man.

Counterfeiters Captured.

BIRMINGHAM, Ala., May 23.—Deputy U. S. Marshal Byars returned from Bibb County, where he has been several weeks in search of a gang of counterfeiters. He located the gang, secured their outfit, a quantity of counterfeit coin, and arrested John and Chas. Brewer and Joe Shackelford. The men were all remanded to jail to await trial. Five or six other members of the gang have been located and will be captured.

Woman Sentenced to Death.

BIRMINGHAM, Ala., May 23.—In the criminal court Judge Green sentenced Minnie Moss, a woman 25 years old, to be hanged June 7, for the highway robbery and attempted murder of an aged Egyptian woman peddler. The remarkable part of the matter is that the woman assaulted never died and is living and doing business here to-day. The woman's counsel have appealed to the supreme court.

Oldest Soldier of the Rebellion.

SIBLEY, Ia., May 23.—David Averill died here at 2 a. m. to-day of old age. He was born at Westminster, Va., in 1803, and at the time of his death was 87 years 3 months and 16 days old. He was the oldest living soldier who took an active part in the late war, having enlisted in Company A, Thirty-seventh Iowa Infantry, September 3, 1862, receiving an honorable discharge May 24, 1865.

A Montreal Girl's Great Fortune.

MONTREAL, May 23.—Oscar Martel, a well-known Montreal artist, received a letter to-day from Carners, France, informing him that his stepdaughter, Madame Ledou, has become heiress to \$2,000,000 francs, or about \$4,400,000, through the death of Mr. Hedeal, a millionaire. The fortunate heiress was born in Montreal and is well-known in musical and social circles here.

Under a Field Roller.

HARTFORD CITY, Ind., May 23.—A horrible accident befell the seven-year-old son of Leander Martin. The father was rolling a field on his farm south-east of this city. His little son, crowded upon the big roller from behind and fell off in front, the roller passing completely over and crushing him. The little one's death has nearly crazed his parents.

Loss of a Ship by Collision.

MONTREAL, May 23.—A serious collision occurred on the river yesterday morning between the Royal mail steamer Polynesian, of the Allen Line, commanded by Captain Hugh Wyrie, and the steamer Cynthia, of the Donaldson Line, commanded by Captain John Taylor, resulting in the sinking of the latter vessel and the loss of eight of her crew.

Employees to Share.

FALL RIVER, Mass., May 23.—The announcement is made that the directors of the Bourne mills corporation have decided to adopt a plan of profit-sharing with their employees. The plan is to go into effect on the first of July, and after that date six per cent of the profits of the mills will be divided among the employees.

Indians' Terms for Their Lands.

STANDING ROCK, DAK., May 23.—The Indians here held a big council Sunday, and all agreed not to sign the treaty unless paid \$11,000,000 for their land.

Hotel Partially Wrecked by Gas.

BOSTON, May 23.—The lower portion of the Van Ness House, was wrecked by an explosion of gas yesterday morning. Several persons were seriously injured.
