We hope in the near future to be able to give a list of the names of those who are to attend.

The lesson program was admirably rendered at the M. E. We are in receipt of a circular of the summer school to be held in Hillsboro, which will begin June 10th, 1901, and continue eight weeks. All inquiries addressed to H. E. Conard, Hillsboro, O., will receive prompt attention.

The happy pair left on the 2:55 train for Cincinnati, where the groom is employed as gauger in a rectifying house. The bride was the recipient of many useful presents.

On last Thursday evening a very exciting sleigh ride took place in our streets which came very near resulting in something more serious than pleasure. The party, consisting of Messrs. Berrington and Townsend and the Misses Woodrow and Rizer in one sleigh, and the Misses Chaney, Simkins and Thatcher in another, began racing the horses, which were two of Lynchburg's most spirited live animals, soon became unmanageable to the young ladies and the called on one of the livery employes to assist them, and they were soon racing at a speed that would make Paul Reverse feel like thirty cents, but as one of the horses in its mad rush to reach the goal dashed upon the pavement at the corner of Main and High streets, Miss Thatcher became so frightened that she fainted and had to be taken to the hotel where she remained for some time before she recovered sufficiently to be taken home.

Consumption

is destruction of lung by a growing germ, precisely as mouldy cheese is destruction of cheese by a growing germ.

If you kill the germ, you stop the consumption. You can or can't, according to when you begin.

Take Scott's Emulsion of Cod Liver Oil; take a little at first.

It acts as a food; it is the easiest food. Seems not to be food; makes you hungry; eating is comfortable. You grow stronger. Take more; not too much; enough is as much as you like and agrees with you. Satisfy hunger with usual food; whatever you like and agrees with you.

When you are strong again, have recovered your strength--the germs are dead; you have killed them.

If you have not tried it, send for free sample, its agreeable taste will surprise you.
